

Audit of Accounts Report – Hywel Dda University Health Board

Audit year: 2020-21

Date issued: June 2021

Document reference: 2443A2021-22

This document has been prepared as part of work performed in accordance with statutory functions.

In the event of receiving a request for information to which this document may be relevant, attention is drawn to the Code of Practice issued under section 45 of the Freedom of Information Act 2000. The section 45 code sets out the practice in the handling of requests that is expected of public authorities, including consultation with relevant third parties. In relation to this document, the Auditor General for Wales and the Wales Audit Office are relevant third parties. Any enquiries regarding disclosure or re-use of this document should be sent to the Wales Audit Office at infoofficer@audit.wales.

We welcome correspondence and telephone calls in Welsh and English. Corresponding in Welsh will not lead to delay. Rydym yn croesawu gohebiaeth a galwadau ffôn yn Gymraeg a Saesneg. Ni fydd gohebu yn Gymraeg yn arwain at oedi.

Contents

We intend to issue a qualified¹ audit report on your Accounts with an Emphasis of Matter paragraph drawing attention to a disclosure note in your accounts and a substantive report providing further detail on the matter. There are some issues to report to you prior to the approval of your Accounts.

Appendix 4 – recommendations	22

¹ The true and fair opinion is unqualified but the regularity opinion is qualified.

Audit of Accounts Report

Introduction

- 1 We summarise the main findings from our audit of your 2020-21 financial statements in this report.
- 2 We have already discussed these issues with Executive Director of Finance and his team.
- 3 Auditors can never give complete assurance that accounts are correctly stated. Instead, we work to a level of 'materiality'. This level of materiality is set to try to identify and correct misstatements that might otherwise cause a user of the accounts into being misled.
- 4 We set this level at £11.2 million for this year's audit.
- 5 There are some areas of the accounts that may be of more importance to the reader, and we have set a lower materiality level for these, as follows:
 - remuneration report / senior pay disclosure and exit packages £5,000
 - related parties £10,000
- 6 We have now substantially completed this year's audit.
- 7 In our professional view, we have complied with the ethical standards that apply to our work; remain independent of yourselves; and our objectivity has not been compromised in any way. There are no relationships between ourselves and yourselves that we believe could undermine our objectivity and independence.

Impact of COVID-19 on this year's audit

- 8 The COVID-19 pandemic has had a significant impact on all aspects of our society and continues to do so. You are required by law to prepare accounts and it is of considerable testament to the commitment of your accounts team that you have succeeded in doing so this year in the face of the challenges posed by this pandemic. We are extremely grateful to the professionalism of the team in supporting us to complete our audit in such difficult circumstances.
- 9 The pandemic has unsurprisingly affected our audit and we summarise in **Exhibit 1** the main impacts. Other than where we specifically make recommendations, the detail in **Exhibit 1** is provided for information purposes only to help you understand the impact of the COVID-19 pandemic on this year's audit process.

Exhibit 1 – impact of COVID-19 on this year’s audit

<p>Timetable</p>	<ul style="list-style-type: none"> • The deadline for completing your accounts was changed by Welsh Government from 29 April to 30 April 2021. • We received the draft accounts on 30 April 2021. • Our deadline for completing our audit was changed from 29 May 2021 to 11 June 2021. • We expect your audit report to be certified on 15 June 2021.
<p>Electronic signatures</p>	<p>If still necessary at the time of approval and signing, we will accept electronic signatures and electronic transfer of files.</p>
<p>Audit evidence</p>	<p>As in previous years we received the majority of audit evidence in electronic format. We have used various techniques to ensure its validity. Where we have been unable to obtain access to paper documents, eg personnel files because of COVID-19 restrictions we have devised alternative audit methodologies to obtain sufficient audit evidence. For testing of existence and ownership of assets we have used a combination of visual identification, (where this was practical), independent online news articles and access to our land registry tool.</p>

10 We will be reviewing what we have learned for our audit process from the COVID-19 pandemic and whether there are innovative practices that we might adopt in the future to enhance that process.

Proposed audit opinion

- 11 We issue a ‘qualified’ audit opinion where we have material concerns about some aspects of your accounts; otherwise we issue an unqualified opinion.
- 12 We intend to issue an unqualified true and fair audit opinion and a qualified regularity audit opinion on this year’s accounts once you have provided us with a Letter of Representation based on that set out in **Appendix 1**.
- 13 Our proposed audit report is set out in **Appendix 2**. This includes, as in previous years, a qualified opinion on regularity because the Health Board has breached its resource limit. The substantive report explains the reasons for that qualification in more detail.
- 14 The report also includes an emphasis of matter, drawing the reader’s attention to Note 21 of the accounts. This note describes the impact of a Ministerial Direction issued on 18 December 2019 to the Permanent Secretary of the Welsh Government, instructing her to fund NHS Clinicians’ pension tax liabilities incurred by NHS Wales bodies in respect of the 2020-21 financial year. The Health Board has disclosed the existence of a contingent liability at 31 March 2021, and my

opinion is not modified in respect of this matter. The substantive report explains the matter in more detail.

- 15 The Letter of Representation contains certain confirmations we are required to obtain from you under auditing standards along with confirmation of other specific information you have provided to us during our audit.

Significant issues arising from the audit

Uncorrected misstatements

- 16 There are no misstatements identified in the accounts, which remain uncorrected.

Corrected misstatements

- 17 There were initially misstatements in the accounts that have now been corrected by management. However, we believe that these should be drawn to your attention and they are set out with explanations in **Appendix 3**.

Other significant issues arising from the audit

- 18 During the audit, we consider a number of matters relating to the accounts and report any significant issues arising to you. Issues we wish to bring to your attention this year are shown in **Exhibit 2**:

Exhibit 2 – significant issues arising from the audit

Qualification of the regularity opinion	<p>The Auditor General’s substantive report in Appendix 2 outlines the Health Board’s two statutory financial duties and the fact that the Health Board did not meet either of these duties in 2020-21:</p> <ul style="list-style-type: none">• the Health Board overspent against its revenue resource allocation over the three-year period ending 2020-21 and for this reason the Auditor General has qualified his regularity opinion; and• the Health Board did not meet its duty to have an approved three-year integrated medium-term plan for the period 2019-20 to 2020-22.
Emphasis of matter – Clinicians’ Pension Tax Liabilities	<p>Within the Audit Report we draw attention to Note 21.1 of the financial statements, which describes the impact of a Ministerial Direction issued on 18 December 2019 to the Permanent Secretary of the Welsh Government. The opinion is not modified in respect of this matter.</p>

<p>Substantive report – Clinicians’ Pension Tax Liabilities</p>	<p>All NHS bodies will be held harmless for the impact of the Ministerial Direction, however the Auditor General’s opinion is that any transactions included in the Authority’s financial statements to recognise this liability would be irregular and material by their nature. This is because the payments are contrary to paragraph 5.6.1 of Managing Public Money and constitute a form of tax planning which will leave the Exchequer as a whole worse off. The Minister’s direction alone does not regularise the scheme. Furthermore, the arrangements are novel and contentious and potentially precedent setting.</p> <p>Although this is not a new issue the Auditor General has this year decided to place a substantive report on your accounts (and those of other NHS bodies) setting out the detail.</p>
<p>Annual leave accrual – lack of robust system to accrue annual leave balance at year end</p>	<p>The Health Boards system to collect year end annual leave balances is not robust.</p> <p>Our work confirmed that there are a number of annual leave systems in use across the Health Board. These include the Electronic Staff Record (ESR), the roster system, the national Intrepid system, and manual records. The range of different systems at play made the leave position at year end unclear and in some instances inaccurate.</p> <p>This year we did additional audit work to satisfy ourselves that the annual leave balances used in the calculation of the annual leave accrual in the 2020-21 accounts was not materially misstated. However, for future the Health Board should ensure that a more robust system is installed to readily, and accurately, monitor leave balances across the organisation at any one time.</p> <p>See Recommendation 1, Appendix 4.</p>

Recommendations

- 19 The recommendations arising from our audit are set out in **Appendix 4**. Management has responded to them and we will follow up progress against them during next year’s audit. Where any actions are outstanding, we will continue to monitor progress and report it to you in next year’s report.

Appendix 1

Final letter of representation

Hywel Dda ULHB letterhead

Auditor General for Wales
Wales Audit Office
24 Cathedral Road
Cardiff
CF11 9LJ

10 June 2021

Representations regarding the 2020-21 financial statements

This letter is provided in connection with your audit of the financial statements (including that part of the Remuneration Report that is subject to audit) of Hywel Dda University Health Board for the year ended 31 March 2021 for the purpose of expressing an opinion on their truth and fairness, their proper preparation and the regularity of income and expenditure.

We confirm that to the best of our knowledge and belief, having made enquiries as we consider sufficient, we can make the following representations to you.

Management representations

Responsibilities

As Chief Executive and Accountable Officer I have fulfilled my responsibility for:

- preparing the financial statements in accordance with legislative requirements and the Treasury's Financial Reporting Manual. In preparing the financial statements, I am required to:
 - observe the accounts directions issued by Welsh Ministers, including the relevant accounting and disclosure requirements and apply appropriate accounting policies on a consistent basis;
 - make judgements and estimates on a reasonable basis;
 - state whether applicable accounting standards have been followed and disclosed and explain any material departures from them; and
 - prepare them on a going concern basis on the presumption that the services of Hywel Dda University Health Board will continue in operation.
- ensuring the regularity of any expenditure and other transactions incurred.
- the design, implementation and maintenance of internal control to prevent and detect error.

Information provided

We have provided you with:

- full access to:
 - all information of which we are aware that is relevant to the preparation of the financial statements such as books of account and supporting documentation, minutes of meetings and other matters;
 - additional information that you have requested from us for the purpose of the audit; and
 - unrestricted access to staff from whom you determined it necessary to obtain audit evidence.
- the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- our knowledge of fraud or suspected fraud that we are aware of and that affects Hywel Dda University Health Board and involves:
 - management;
 - employees who have significant roles in internal control; or
 - others where the fraud could have a material effect on the financial statements.
- our knowledge of any allegations of fraud, or suspected fraud, affecting the financial statements communicated by employees, former employees, regulators or others.
- our knowledge of all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing the financial statements.
- the identity of all related parties and all the related party relationships and transactions of which we are aware.
- our knowledge of all possible and actual instances of irregular transactions.

Financial statement representations

All transactions, assets and liabilities have been recorded in the accounting records and are reflected in the financial statements.

The methods, the data and the significant assumptions used in making accounting estimates, and their related disclosures are appropriate to achieve recognition, measurement or disclosure that is reasonable in the context of the applicable financial reporting framework.

Related party relationships and transactions have been appropriately accounted for and disclosed.

All events occurring subsequent to the reporting date which require adjustment or disclosure have been adjusted for or disclosed.

All known actual or possible litigation and claims whose effects should be considered when preparing the financial statements have been disclosed to the auditor and accounted for and disclosed in accordance with the applicable financial reporting framework.

The financial statements are free of material misstatements, including omissions. The effects of uncorrected misstatements identified during the audit are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Representations by Hywel Dda University Health Board

We acknowledge that the representations made by management, above, have been discussed with us.

We acknowledge our responsibility for the preparation of true and fair financial statements in accordance with the applicable financial reporting framework. The financial statements were approved by Hywel Dda University Health Board on 10 June 2021.

We confirm that we have taken all the steps that we ought to have taken in order to make ourselves aware of any relevant audit information and to establish that it has been communicated to you. We confirm that, as far as we are aware, there is no relevant audit information of which you are unaware.

Appendix 2

Proposed Audit Report

The Certificate and independent auditor's report of the Auditor General for Wales to the Senedd

Opinion on financial statements

I certify that I have audited the financial statements of Hywel Dda University Health Board for the year ended 31st March 2021 under Section 61 of the Public Audit (Wales) Act 2004. These comprise the Statement of Comprehensive Net Expenditure, the Statement of Financial Position, the Cash Flow Statement and Statement of Changes in Taxpayers' Equity and related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and international accounting standards as interpreted and adapted by HM Treasury's Financial Reporting Manual.

In my opinion the financial statements:

- give a true and fair view of the state of affairs of Hywel Dda University Local Health Board as at 31 March 2021 and of its net operating costs for the year then ended;
- have been properly prepared in accordance with international accounting standards as interpreted and adapted by HM Treasury's Financial Reporting Manual; and
- have been properly prepared in accordance with the National Health Service (Wales) Act 2006 and directions made there under by Welsh Ministers.

Basis for qualified opinion on regularity

The Health Board has breached its resource limit by spending £95.291 million over the £2,755.063 million that it was authorised to spend in the three-year period 2018-19 to 2020-21. This spend constitutes irregular expenditure. Further detail is set out in the attached Report.

Qualified opinion on regularity

In my opinion, except for the irregular expenditure of £95.291million explained above, in all material respects, the expenditure and income have been applied to the purposes intended by the Senedd and the financial transactions conform to the authorities which govern them.

Basis of opinions

I conducted my audit in accordance with applicable law and International Standards on Auditing in the UK (ISAs (UK)) and Practice Note 10 'Audit of Financial Statements of Public Sector Entities in the United Kingdom'. My responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report. I am independent of the Board in accordance with the

ethical requirements that are relevant to my audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinions.

Emphasis of matter

I draw attention to Note 21 of the financial statements, which describes the impact of a Ministerial Direction issued on 18 December 2019 to the Permanent Secretary of the Welsh Government. My opinion is not modified in respect of this matter.

Conclusions relating to going concern

In auditing the financial statements, I have concluded that the use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work I have performed, I have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the body's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from when the financial statements are authorised for issue.

My responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and my auditor's report thereon. The Chief Executive is responsible for the other information contained within the annual report. My opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in my report, I do not express any form of assurance conclusion thereon. My responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If I identify such material inconsistencies or apparent material misstatements, I am required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

I have nothing to report in this regard.

Report on other requirements

Opinion on other matters

In my opinion, the part of the remuneration report to be audited has been properly prepared in accordance with the National Health Service (Wales) Act 2006 and directions made there under by Welsh Ministers.

In my opinion, based on the work undertaken in the course of my audit:

- the information given in the Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and the Governance Statement has been prepared in accordance with Welsh Ministers' guidance; and
- the information given in the Performance and Accountability Report for the financial year for which the financial statements are prepared is consistent with the financial statements and the Performance and Accountability Report has been prepared in accordance with Welsh Ministers' guidance.

Matters on which I report by exception

In the light of the knowledge and understanding of the board and its environment obtained in the course of the audit, I have not identified material misstatements in the Performance and Accountability Report or the Annual Governance Statement.

I have nothing to report in respect of the following matters, which I report to you, if, in my opinion:

- adequate accounting records have not been kept, or returns adequate for my audit have not been received from branches not visited by my team;
- the financial statements and the audited part of the Remuneration Report are not in agreement with the accounting records and returns;
- information specified by HM Treasury or Welsh Ministers regarding remuneration and other transactions is not disclosed; or
- I have not received all the information and explanations I require for my audit.

Responsibilities

Responsibilities of Directors and the Chief Executive for the financial statements

As explained more fully in the Statements of Directors' and Chief Executive's Responsibilities set out on pages 7 and 8, the Directors and the Chief Executive are responsible for the preparation of financial statements which give a true and fair view and for such internal control as the Directors and Chief Executive determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors and Chief Executive are responsible for assessing the board's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless deemed inappropriate.

Auditor's responsibilities for the audit of the financial statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. I design procedures in line with my responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

My procedures included the following:

- enquiring of management, the head of internal audit and those charged with governance, including obtaining and reviewing supporting documentation relating to Hywel Dda University Local Health Board policies and procedures concerned with:
 - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
 - detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud; and
 - the internal controls established to mitigate risks related to fraud or non-compliance with laws and regulations.
- considering as an audit team how and where fraud might occur in the financial statements and any potential indicators of fraud. As part of this discussion, I identified potential for fraud in the following areas: revenue recognition, and posting of unusual journals and;
- obtaining an understanding of Hywel Dda University Local Health Board's framework of authority as well as other legal and regulatory frameworks that the LHB operates in, focusing on those laws and regulations that had a direct effect on the financial statements or that had a fundamental effect on the operations of Hywel Dda University Local Health Board.

In addition to the above, my procedures to respond to identified risks included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with relevant laws and regulations discussed above;
- enquiring of management, the Audit & Risk Assurance Committee and legal advisors about actual and potential litigation and claims;
- reading minutes of meetings of those charged with governance and the Board; and
- in addressing the risk of fraud through management override of controls, testing the appropriateness of journal entries and other adjustments; assessing whether the judgements made in making accounting estimates are indicative of a potential

bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business; and

I also communicated relevant identified laws and regulations and potential fraud risks to all audit team and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

The extent to which my procedures are capable of detecting irregularities, including fraud, is affected by the inherent difficulty in detecting irregularities, the effectiveness of Hywel Dda University Local Health Board controls, and the nature, timing and extent of the audit procedures performed.

A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website www.frc.org.uk/auditorsresponsibilities. This description forms part of my auditor's report.

Responsibilities for regularity

The Chief Executive is responsible for ensuring the regularity of financial transactions.

I am required to obtain sufficient evidence to give reasonable assurance that the expenditure and income have been applied to the purposes intended by the Senedd and the financial transactions conform to the authorities which govern them.

Please see my Report on pages 18 to 20.

Report of the Auditor General to the Senedd

Introduction

Under the Public Audit Wales Act 2004, I am responsible for auditing, certifying and reporting on Hywel Dda University Local Health Board's (the LHB's) financial statements. I am reporting on these financial statements for the year ended 31 March 2021 to draw attention to three key matters for my audit. These are the failure against the first financial duty and consequential qualification of my 'regularity' opinion, the failure of the second financial duty, and the implications of the ministerial direction on senior clinicians' pensions. I have not qualified my 'true and fair' opinion in respect of any of these matters.

Financial duties

Local Health Boards (LHBs) are required to meet two statutory financial duties – known as the first and second financial duties.

For 2020-21 Hywel Dda University Local Health Board failed to meet both the first and the second financial duty.

Failure of the first financial duty

The **first financial duty** gives additional flexibility to LHBs by allowing them to balance their income with their expenditure over a three-year rolling period. The three-year period being measured under this duty this year is 2018-19 to 2020-21.

As shown in Note 2.1 to the Financial Statements, the LHB did not manage its revenue expenditure within its resource allocation over this three-year period, exceeding its cumulative revenue resource limit of £2,755.063 million by £ 95.291 million.

Where an LHB does not balance its books over a rolling three-year period, any expenditure over the resource allocation (ie spending limit) for those three years exceeds the LHB's authority to spend and is therefore 'irregular'. In such circumstances, I am required to qualify my 'regularity opinion' irrespective of the value of the excess spend.

Failure of the second financial duty

The **second financial duty** requires LHBs to prepare and have approved by the Welsh Ministers a rolling three-year integrated medium-term plan. This duty is an essential foundation to the delivery of sustainable quality health services. An LHB will be deemed to have met this duty for 2020-21 if it submitted a 2019-20 to 2021-22 plan approved by its Board to the Welsh Ministers who then approved it by the 30 June 2019. This duty is unchanged from last year because due to the pandemic, the duty to prepare a new three-year plan for the period 2020-21 to 2022-23 was paused, leaving the previous year's duty in place.

As shown in Note 2.3 to the Financial Statements, the LHB did not meet its second financial duty to have an approved three-year integrated medium-term plan in place for the period 2019-20 to 2021-22.

Ministerial direction on senior clinicians' pensions

NHS Pension scheme and pension tax legislation is not devolved to Wales. HM Treasury's changes to the tax arrangements on pension contributions in recent years included the reduction in the Annual Allowance limit from over £200,000 in 2011-12 to £40,000 in 2018-19. As a result, in cases where an individual's pension contributions exceed certain annual and / or lifetime pension contribution allowance limits, then they are taxed at a higher rate on all their contributions, creating a sharp increase in tax liability.

In a Written Statement on 13 November 2019, the Minister for Health and Social Services had noted that NHS Wales bodies were: 'regularly reporting that senior clinical staff are unwilling to take on additional work and sessions due to the potentially punitive tax liability'. In certain circumstances this could lead to additional tax charges in excess of any additional income earned.

On 18 December 2019, the First Minister (mirroring earlier action by the Secretary of State for Health and Social Care for England) issued a Ministerial Direction to the Permanent Secretary to proceed with plans to commit to making payments to clinical staff to restore the value of their pension benefits packages. If NHS clinicians opted to use the 'Scheme Pays' facility to settle annual allowance tax charges arising from their 2019-20 NHS pension savings (i.e. settling the charge by way of reduced annual pension, rather than by making an immediate one-off payment), then their NHS employers would meet the impact of those tax charges on their pension when they retire.

The Ministerial Direction was required because this solution could be viewed by HMRC to constitute tax planning and potentially tax avoidance, hence making the expenditure irregular. Managing Welsh Public Money (which mirrors its English equivalent) specifically states that 'public sector organisations should not engage in...tax evasion, tax avoidance or tax planning'.

A Ministerial Direction does not make regular what would otherwise be irregular, but it does move the accountability for such decisions from the Accounting Officer to the Minister issuing the direction.

The solution applies only to annual allowance tax charges arising from an increase in the benefits accrued in the NHS Pension Scheme during the tax year ended 5 April 2020. For the tax year ended 5 April 2021, the Chancellor increased the thresholds for the tapered annual allowance and, as a result, it is anticipated that the risk to the supply of clinical staff has been mitigated.

The LHB currently has insufficient information to calculate and recognise an estimate of the potential costs of compensating senior clinical staff for pension benefits that they would otherwise have lost, by using the 'Scheme Pays' arrangement. As a result no expenditure is recognised in the financial statements but as required the LHB has disclosed a contingent liability in note 21 of its financial statements.

All NHS bodies will be held harmless for the impact of the Ministerial Direction, however in my opinion any transactions included in the LHB's financial statements to recognise this liability would be irregular and material by their nature. This is because the payments are contrary to paragraph 5.6.1 of Managing Public Money and constitute a form of tax planning which will leave the Exchequer as a whole worse off. The Minister's direction alone does not regularise the scheme. Furthermore, the arrangements are novel and contentious and potentially precedent setting.

I have not modified my regularity opinion in this respect this year because as set out above, no expenditure has been recognised in the year ended 31 March 2021. I have however placed an Emphasis of Matter paragraph in my audit report to highlight this

issue and, have prepared this report to bring the arrangement to the attention of the Senedd.

Adrian Crompton
Auditor General for Wales

Appendix 3

Summary of corrections made

During our audit we identified the following misstatements that have been corrected by management, but which we consider should be drawn to your attention due to their relevance to your responsibilities over the financial reporting process.

Exhibit 3: summary of corrections made

Value of correction	Nature of correction	Reason for correction
£6,942,000 (Disclosure note – nil overall effect)	Note 8 Operating Leases Disclosure note amended to include the full cost of field hospital occupation contracts as opposed to market rental value only previously shown.	To ensure full occupation lease costs are included to aid clarity of disclosures for the reader of the accounts.
£7,000 & £33,000 (Disclosure in the Remuneration Report only- fully accounted for in the accounts)	Remuneration Report Two corrections made: <ul style="list-style-type: none"> an Executive Directors' salary banding omitted £7,000 received as part of a salary sacrifice scheme from the 'Single Total Figure of Remuneration'. This was identified and brought to us by the Health Board. an Executive Director's 'Other Remuneration' was understated incomplete by £33,000. 	To ensure senior manager's remuneration is correctly disclosed.
£1,122,938 Reclassification (Disclosure note – nil overall effect)	Note 18 Trade and Other Payables Classification amended as a result of a misclassification of payables balances in the draft accounts, due to a roll forward of balance from prior years. £1,223,497 was moved from current payables to non-current payables.	To ensure agreement to the supporting evidence and the MFA.

Value of correction	Nature of correction	Reason for correction
Various	<p>Note 30 Related Party Transactions</p> <p>Three corrections made:</p> <ul style="list-style-type: none"> • £585,000 of 'Amounts Due from related Party with WHSSC' omitted from the transactions with Welsh Government bodies table was included. • Three total transactions did not add up correctly. • Expenditure with Bluestone LTD was overstated and corrected from £8,017,000 to £7,987,000. 	To ensure agreement to the supporting evidence and the MFA.
£431,000 (Disclosure note – nil overall effect)	<p>Note 34.1 6.3% Staff Employer Pension Contributions</p> <p>In line with Welsh Government guidance received during the audit, the notional element relating to the annual leave accrual was removed. This has had a subsequent effect on the Statement of Changes in Taxpayers' Equity, Statement of Cash Flows, Note 18, Note 27 and Note 28.</p>	To ensure agreement to the supporting evidence and WG guidance.
Nil overall effect	<p>The cashflow statement</p> <p>Amended to disclose the value of donated assets from WG of £3.189m.</p>	To ensure agreement to the supporting evidence and WG guidance.
Narrative only	<p>Note 21 Contingencies</p> <p>Narrative added to describe the potential impact of a decision to fund NHS Clinicians' pension tax liabilities.</p>	To describe a contingent liability which could be material by nature.
Narrative only	<p>Note 29 Events after the Reporting Period</p>	To describe a decision made

Value of correction	Nature of correction	Reason for correction
	<p>Narrative added to disclose that following a request from Welsh Government the Health Board has agreed to donate surplus oxygen delivery equipment to India due its high level of coronavirus cases. This was identified and brought to us by the Health Board.</p>	<p>after the end of the reporting period</p>
<p>Various</p>	<p>There were a number of other narrative, presentational and other trivial amendments made across the draft accounts and other reports.</p>	<p>To ensure clarity of disclosures for the reader of the accounts, agreement to the supporting evidence and the MFA.</p>

Appendix 4

Recommendations

We set out all the recommendations arising from our audit with management's response to them. We will follow up these next year and include any outstanding issues in next year's audit report:

Exhibit 4: matter arising 1

Matter arising 1 – Annual Leave System	
Findings	<p>The Health Boards system to collect year end annual leave balances is not robust.</p> <p>Our work confirmed that there are a number of annual leave systems in use across the Health Board. These include the Electronic Staff Record (ESR), the roster system, the national Intrepid system, and manual records. The range of different systems at play made the leave position at year end unclear and in some instances inaccurate.</p>
Priority	High
Recommendation	<p>The Health Board should ensure that a more robust system is installed to readily, and accurately, monitor leave balances across the organisation at any one time.</p> <p>It is recommended that this is remedied before next year's audit.</p>
Benefits of implementing the recommendation	<p>Implementation would enable the Health Board to accurately and regularly monitor staff leave balances. This in turn will inform a more reliable estimate of the financial impact of accrued annual leave at year end.</p>
Accepted in full by management	Yes
Management response	<p>The recommendation is accepted, we will review how we interface intrepid and ESR and use this to determine our</p>

Matter arising 1 – Annual Leave System

	annual leave booked and yet to be taken at any point in time.
Implementation date	31 st October 2021 Director of Workforce and OD
