ADRODDIAD SCAA SBAR REPORT

Sefyllfa / Situation

This report provides the Audit and Risk Assurance Committee (ARAC) with progress in respect of the implementation of recommendations from audits and inspections.

Cefndir / Background

Audits, inspections and reviews play an important independent role in providing the Board with assurance on internal controls and that systems and processes are sufficiently comprehensive and operating effectively. Therefore it is essential that recommendations from audits, inspections and reviews are implemented in a timely way.

All reports from audits, reviews and inspections carried out across the UHB are logged onto the UHB central tracker and prior to COVID-19, progress on implementing recommendations was collated from services on a quarterly basis in preparation for the Executive Performance Reviews (EPRs) (these were suspended in March 2020).

Inspection activity has increased over the past two months, particularly in relation to Healthcare Inspectorate Wales (HIW) who are conducting site 'quality checks' remotely. To date, the Health Board has been subject to four of these: Ward 10 at Withybush General Hospital, Cleddau Ward at South Pembrokeshire Hospital, Bryngolau Ward at Prince Philip Hospital and Tregaron Community Hospital. Both Audit Wales and Internal Audit continue with their work as per agreed Audit Plans, with both also undertaking governance reviews in respect of the Health Board's response to COVID-19. The Health Board has also been subject to a Welsh Government commissioned due diligence review of field hospitals.

No formal communication has been received from the Public Ombudsman for Wales with regards to their approach to reporting during the pandemic; however, the Health Board continues to monitor and implement recommendations as and when received. Activity from the Community Health Council has reduced. Mid and West Wales Fire and Rescue Service has also maintained a level of activity across Health Board sites throughout the pandemic.

Asesiad / Assessment

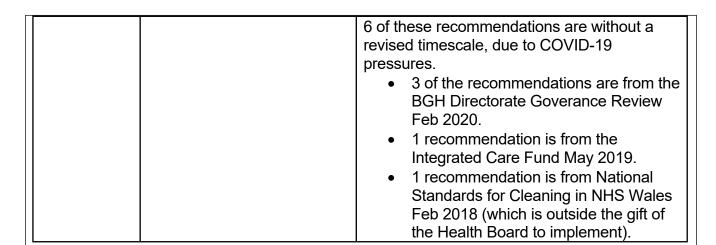

Management of outstanding recommendations during COVID-19

As from July 2020, the assurance and risk team have put in place a rolling programme to obtain progress from individual services on a bi-monthly basis in the absence of the formal quarterly performance management meetings. This means that services are providing more frequent updates on progress, which has enabled subsequent formal approval of closure of reports from Executive Directors. The programme includes an escalation process to the relevant Executive Director where no response is received. The team continues to work with services, advising on the tracker and risks linked to delayed recommendations.

The table below sets out a summary of the current status of the high priority recommendations. Appendix 1 provides an individual breakdown.

External	Open High Priority	Update summary
Body	Recommendations	
Health Inspectorate Wales (HIW) Immediate Assurance	2 immediate improvement recommendations.	1 immediate improvement recommendation has gone beyond its original timescale, relating to the update of the Venous Thromboembolism (VTE) policy. 1 immediate improvement recommendation relates to a fire safety plan at WGH, this has not gone beyond its timescale. 1 immediate improvement recommendation has been implemented since the last meeting (Disclosure and Barring Service (DBS) certificates).
Health and Safety Executive (HSE)	32 recommendations from 8 improvement notices and 11 material breaches.	6 of the 32 recommendations have timescales that exceed the HSE extended compliance dates (previous ARAC meeting reported 26 recommendations exceeding HSE timescales). The HSE responded on 07/09/2020 with revised dates in respect of the previously issued improvement notices and material breaches together with further considerations which the UHB will incorporate within its action plans. Material breaches 10 & 11 have been completed. The Health and Safety Assurance Committee (HSAC) is overseeing implementation.
Mid and West Wales Fire and Rescue	30 recommendations.	Of the 30 areas of improvement, 6 remain behind schedule, as previously reported to ARAC. Since the previous report to ARAC (stating 28 areas of improvement as open), 7 have been implemented, whilst 9 new areas

Service (MWWFRS)		of improvement have been added from the recent Letter of Fire Safety Matters received in respect to GGH which states the compliance date of 17/02/2021.
		The UHB is anticipating a revised compliance date from MWWFRS and have written them on 10/09/2020 requesting clarification on the Letter of Fire Safety dated 10/12/19 (Secure EMI Unit, St Nons/Bro Cerwyn/St Brynach's (Day Hospital)). The letter also requested an updated Enforcement Notice for GGH (KS/890/06) to reflect the dates agreed informally with MWWFRS. As of 01/10/2020 no formal communication had been received from MWWFRS.
		A triumvirate meeting is taking on 02/10/2020 between the UHB, Welsh Government and MWWFRS to discuss current progress of the programme of work.
		The Health and Safety Assurance Committee (HSAC) is overseeing implementation.
Audit Wales (AW) and Internal Audit (IA)	All 'high' priority recommendations AW – 13	10 of the 13 AW 'high' priority recommendations are behind schedule. There is one new report with 3 new recommendations whilst 2 recommendations have been implemented since the last meeting (12 high priority recommendations with red RAG status previously reported at ARAC).
		6 of these recommendations are without a revised timescale, due to COVID-19 pressures. 5 of the recommendations are from the Primary care services at Hywel Dda report Nov 2018, and one recommendation from the Structured Assessment 2019 report. These will be discussed with services as part of the rolling programme.
	IA - 21	12 of 21 IA high priority recommendations are behind schedule. Two new reports have been added since the previous meeting with 1 recommendation each. 12 high priority recommendations have been implemented since the previous meeting (35 'high' priority recommendations, 18 of which were red RAG status previously reported at ARAC).

Appendix 2 provides a list of other recommendations that still need to be implemented (these are RAG rated amber (in progress and on schedule) or red (behind schedule)). It does not include recommendations from HIW and CHC reports relating to inspections of independent contractors (i.e. GP and dental practice not managed by the UHB). The practices remain directly accountable for implementing these recommendations.

There are 39 recommendations that do not have revised timescales (39 reported at previous meeting). This may be due to the service not providing a sufficiently clear response, which is being followed up, staffing pressures from responding to COVID-19 or staff have been redeployed, or due to COVID-19 the service may not be in a position to provide a revised timescale at this point in time. The unpredictability of the pandemic makes it difficult to forecast when some services will resume, and restarting services can bring capacity challenges.

UHB Central Tracker

Since August 2020, a further 10 reports have been closed or superseded, with 8 new reports received by the UHB. These are listed in Appendix 3.

As of 1 October 2020, there are 124 reports currently open, 62 of which have recommendations that have exceeded their original completion date. Whilst the number of recommendations where the original implementation date has passed has decreased from 202 to 149; of these, 123 have gone beyond six months of the original completion date.

It is important to note that, whilst the decrease from 202 to 149 seems a positive improvement, there are fewer new reports being received, and the number of recommendations staying open for longer (over 6 months) is increasing (increased from 80 to 123 since last report) indicating that implementing recommendations has slowed. Another factor is that MWWFRS and HSE have issued revised compliance dates recognising the impact COVID-19 is having on the pace and ability to progress areas of work, and these have been used to update the original completion date on the tracker therefore a number of recommendations have remained amber (on schedule) instead changing to red (beyond schedule).

Of the 149 overdue recommendations, 11 have been highlighted on the tracker as an 'external recommendation' whereby the recommendation is outside the gift of the Health Board to currently implement, i.e. reliant on an external organisation (e.g. NWIS) to implement.

Below is a summary of activity on the audit tracker since it was last reported to ARAC in August 2020.

	No of reports <u>open</u> at ARAC Aug-20	No of reports <u>received</u> since ARAC Aug-20	No of reports <u>closed</u> since ARAC Aug-20	No of reports <u>open</u> at ARAC Oct- 20	No of reports that have passed their original implement- ation date	No of red recommend-ations i.e. Original implementation date has passed or will not be met	No of red recommend- ations beyond 6 months of original completion date

Argymhelliad / Recommendation

The Audit & Risk Assurance Committee is asked to take an assurance on the following:

- Executive Directors and Lead Officers understand that there is still the expectation that outstanding recommendations from auditors, inspectorates and regulators should continue to be implemented during COVID-19, to ensure services are safe and the risk of harm to patients and staff is managed and minimised.
- The rolling programme to collate updates from services on a bi-monthly basis in order to report progress to the Committee.

Amcanion: (rhaid cwblhau) Objectives: (must be completed) Committee ToR Reference Cyfeirnod Cylch Gorchwyl y Pwyllgor 5.3 In carrying out this work the Committee will primarily utilise the work of Internal Audit, Clinical Audit, External Audit and other assurance functions, but will not be limited to these audit functions. It will also seek reports and assurances from directors and managers as appropriate, concentrating on the overarching systems of good governance, risk management and internal control, together with indicators of their effectiveness.

N/A	Jul-20	Audit Wales	Effectiveness of Counter- Fraud Arrangements	Open	N/A	Finance	Ben Rees	Director of Finance	Effectiveness of Counter-Fraud Arrangements_0	Counter-fraud training: Implement mandatory counter-fraud training for some or all staff groups. (Hywel Dda Specific Recommendation)	Actions have already been taken to implement mandatory learning in the form of Counter Fraud eLearning. This should be achieved within 2020/21 and will sit alongside a general programme of counter fraud awareness work and regular risk bespoke training for high risk staff groups.	Mar-21	Mar-21	schedule, Green	•
N/A	Jul-20	Audit Wales	Effectiveness of Counter- Fraud Arrangements	Open	N/A	Finance	Ben Rees	Director of Finance	Effectiveness of High Counter-Fraud Arrangements_0 02	Intelligence sharing activities: Examine and implement the potential for further sharing of intelligence with local authorities. (Hywel Dda Specific Recommendation)	More regular meetings with local partners would be beneficial. This encompasses all enforcement bodies. Whilst the Health Board as a whol maintains relationships with these local partners, counter fraud specific sharing does not exist. Introductory meetings will be held to ascertain exactly how we can assist one another. Maintaining these relationships going forward will be the key consideration.	le Mar-21	Mar-21	Amber	
N/A	Jul-20	Audit Wales	Effectiveness of Counter- Fraud Arrangements	Open	N/A	Finance	Ben Rees	Director of Finance	Effectiveness of Counter-Fraud Arrangements_0 03	Counter-fraud staff capacity: Consider the LCFS capacity required to resource required levels of proactive and investigative work, including staff training, and build in resilience to the team. (Hywel Dda Specific Recommendation)	It is accepted that an increase in capacity could lead to greater impact and return within Counter Fraud work. However, economies of scale have yet to be explored in detail. As per the report the Health Boards resource per 1000 staff is 0.2 WTE compared to the national average for NHS Wales of 0.19 WTE.	TBC	TBC	Amber	To be agreed –this area needs to be further explored.
946A2018-19		Audit Wales	Primary care services at Hywel Dda	Open	N/A	Primary Care, Pharmacy (community), LTC & LVWS	Rhian Bond	Community and Long Term Care	, WAO_PrimaryCa High re_001	R3a. Calculate a baseline position for its current investment and resource use in primary and community care.	The Health Board need to set the baseline for expenditure in primary and community care based on the information used to produce its audited annual accounts. A plan for implementation of the baseline needs to be compiled and implemented to reflect services at 31st March 2015. Changes will then be measured relative to this baseline annually.		N/K	Red	Assurance and Risk Officer requested update from Finance Senior Business Partner on behalf of reporting officer. Finance Senior Business Partner confirmed he will need to discuss with reporting officer when she returns from leave.
946A2018-19	Nov-18	Audit Wales	Primary care services at Hywel Dda	Open	N/A	Primary Care, Pharmacy (community), LTC & LVWS	Rhian Bond	Director of Primary, Community and Long Term Care	, WAO_PrimaryCa High re_002	R3b. Review and report, at least annually, its investment in primary and communit care, to assess progress since the baseline position and to monitor the extent to which it is succeeding in shifting resources towards primary and community care.	The shift of resources into primary and community care can be monitored on an annual basis using the information that forms the basis of the Health Board's audited accounts. The shift of resources needs to be measured in accordance with the national paper dealing with the transfer of services and resources to primary care.	Apr-19	N/K	Red	Assurance and Risk Officer requested update from Finance Senior Business Partner on behalf of reporting officer. Finance Senior Business Partner confirmed he will need to discuss with reporting officer when she returns from leave.
946A2018-19	Nov-18	Audit Wales	Primary care services at Hywel Dda	Open (external rec)	N/A	Primary Care, Pharmacy (community), LTC & LVWS	Rhian Bond	Director of Primary, Community and Long Term Care	, WAO_PrimaryCa High re_003	RSb. Revisit its primary care workforce plans to ensure they take account of the issues arising from the Transforming Clinical Services programme.	Work is ongoing to understand the current staffing within primary care across the contractor professions to ensure that the Primary Care Model for Wales is implemented.	Oct-19	N/K	Red	Response from Director of Primary Care, Community and Long Term Care- it should ultimately align to our strategy and what we want to see from Practices in that context. However whene it becomes challenging is that whether or not we were linking pationally or locally, we still need to access the data and the only way in which we can get the accurate workforce data is through the national reporting tool which will then allow us to align our plans with our local Strategy. 29/09/2020- no progress due to COVID and no timescale of when we are likely to be a in a position to progress these areas of work.
946A2018-19	Nov-18	Audit Wales	Primary care services at Hywel Dda	Open	N/A	Primary Care, Pharmacy (community), LTC & LVWS	Rhian Bond	Director of Primary, Community and Long Term Care	, WAO_PrimaryCa High re_004	R7b. Subject to positive evaluation, begin to fund new models from mainstream funding rather than the Primary Care Development Fund.	To be considered in line with the Primary Care Model for Wales, the IMTP and the shift of funding within the system to support service change and remodelling.	Oct-19	N/K	Red	No update provided. Reporting officer responded due to other pressures she may not be able to respond with update before commending leave. 29/09/2020- no progress due to COVID and no timescale of when we are likely to be a in a position to progress these areas of work.
946A2018-19	Nov-18	Audit Wales	Primary care services at Hywel Dda	Open	N/A	Primary Care, Pharmacy (community), LTC & LVWS	Rhian Bond	Director of Primary, Community and Long Term Care	WAO_PrimaryCa High re_005	R7c. Work with the public to promote successful new ways of working, particularly new alternative first points of contact in primary care that have the potential to reduce demand for GP appointments.	Public engagement plan regarding access to all primary care services to be developed and implemented.	Oct-19	N/K	Red	No update provided. Reporting officer responded due to other pressures she may not be able to respond with update before commencing leave. 29/09/2020- no progress due to COVID and no timescale of when we are likely to be a in a position to progress these areas of work.
xx2019-20	Jun-19	Audit Wales	Review of operational quality and safety arrangements	Open	N/A	Nursing	Sian Passey	Director of Operations/ Director of Nursing, Quality & Patient Experience	WAO_Reviewof High Qual003	R3c. To improve quality and safety assurance flows between the directorates and the Board, the Health Board should align all directorate level governance committees, so they report directly to the Operational QSESC.	R3c. Options for standardising the approach to quality and safety arrangements agreed. This includes templates for terms of reference and standardise reports. Operational Quality, Experience Sub-Committee (QQSEC) will be the overarching sub-committee for operational quality and safety issues, both specialist, primary and acute services, with cross-organisational groups reporting to OQSEC.		Sep-20	Red	R3c - Templates for terms of reference and agendas for meetings are in place, however these are not standardised across operational directorates quality and safety arrangements to ensure all directorate level governance committees report in a standardised way to OQSESC. Standard reporting templates are under development however this has been put on hold due to the current COVID-19 pandemic. Revised timescales of Sept 2020 provided.
xx2019-20	Jun-19	Audit Wales	Review of operational quality and safety arrangements	Open	N/A	Nursing	Sian Passey	Director of Operations/ Director of Nursing, Quality & Patient Experience	WAO_Reviewof High Qual003	R3a.2 To improve quality and safety assurance flows between the directorates and the Board, the Health Board should merge the Mental Health and Learning Disabilities Quality, Safety and Experience Sub-Committee with the Operational OSESC.	Operational Quality, Experience Sub-Committee (OQSEC) will be the overarching sub-committee for operational quality and safety issues, both specialist, primary and acute services, with cross-organisational groups reporting to OQSEC. Transition arrangements for changes to Mental Health and Learning Disabilities quality report arrangements will be developed and worked through with the triumvirate team.	Apr-20	Sep-20	Red	Monthly focused OSEAC meetings have been scheduled during the COVID-19 pandemic to deal with urgent Q&S issues/risks. As a result OQSESC meetings are temporarily on hold to reduce the burden on operational staff dealing with the pandemic. Once they are re-instated the MHLD Directorate will report directly into OQSESC. The Board agreed for Mental Health and LD to join the Operational QSE Sub-Committee.
xx2019-20	Jun-19	Audit Wales	Review of operational quality and safety arrangements	Open	N/A	Nursing	Sian Passey	Director of Operations/ Director of Nursing, Quality & Patient Experience	WAO_Reviewof High Qual004	should incorporate within its activities assurance that learning from risks and action	Action 2) Agreement that risks and learning will be, embedded into the standard reporting templates. The templates will also advise on how learning from risks and action plans are being shared across Directorate and other areas. Deep dives are currently being discussed at each OOSESC meeting and will continue, these will support in-depth conversation required. The Risk Registers are to be used to inform these.		Sep-20	Red	The standard reporting templates are still under development and this has been put on hold due to the current COVID-19 pandemic. Monthly focused OSEAC meetings have been scheduled during the pandemic to deal with urgent Q&S issues/risks. As a result OQSESC meetings are temporarily on hold with risks and issues being reported directly to the Chair. The Director of Operations needs to review and redesign the new reporting governance structures from the operational services to Operational QSE Sub-Committee.
1033A2019-26		Audit Wales	Structured Assessment 2018	Open	N/A	Governance	Board Secretary		WAO_SA_2018_ High	R3a. Recommendation - Operational meetings To free up capacity for both executive and operational teams, and to enable a more joined up focus on the use of resources, the Health Board should streamline the number of holding to account (HTA) or performance review meetings with operational teams by: (a) reviewing the frequency and timing of these meetings;	Wednesdays as a corporate day, with Executive Team meetings scheduled on Wednesday afternoons. However, Clinical Directors have since advised their attendance at the ETPR will be increased if the reviews are scheduled for Thursday mornings to coincide with their protected time for managerial meetings (see R3c below). The Executive to continue to have ongoing discussions relating to performance management arrangements as part of the Board governance review and review of managerial arrangements in the Operations Directorate. A new Performance Management Assurance Framework will be presented to Board for approval on 26th March 2020. A schedule and agenda outline will be developed for the new combined meetings by 31st March 2020. The Principal Project Manager for Turnaround and the Performance Manager will lead on developing the new performance review schedule and agenda. The previous intention was to merge the Holding To Account (HTA) meetings with the Executive Team Performance Reviews (ETPR) in quarter one 2020/21, with the aim to reduce the burden on service leads and make it more feasible for medical leads to attend. However, the COVID-19 pandemic has seen a shift from a parent-to-child relationship to adult-to-adult across the organisation with increased engagement from staff which we want to build on. Performance management is most effective when an organisation has agreed goals that all staff are aware of and can contribute to. During 2020/21 we will: **Through the Transformation Steering Group, scope and agree organisational goals which will be embedded into our Integrated Medium Term Plan (IMTP) and communicated to staff. **Identify key performance indicators to monitor progress and determine success. **Suild corporate performance Abhadowards to provide service leads with all relevant information in one place to identify issues and improve performance. The dashboards will cover a wide variety of areas e.g. sickness, PADR, core skills, finance, risk management, incidents, concern Nits delivery framew	5,	Apr-20 Mar-21	Red	 On 17 February 2020, the CEO led a workshop with Executive Team members/nominated deputies and presented a proposed new operating model for 2020/21. The new model looks crutured around our three year plan actions, organisational risks and performance management hen we model looks of the new operating model was management within their directoral. Service areas would only be seen by the CEO broke a vave (ahead of all Frmeetings) or if a performance triggers and what groups were already in place and new ones needed to oversee the key elements of the new operating model i.e. plan actions, risks and performance management. In early March the scoping work for the new operating model was put on hold to allow staff time to prepare for and manage the COVID pandemic. Alongside this, the EPR meetings were also stood down to give staff more time to focus on COVID related tasks. At present, there are no plans to resume the EPR meetings. A new Transformation Steering Group has been established, with the first meeting held on 8 June 2020. This group will refresh our thinking and determine what our priorities will now be for the new operating model, in light of COVID. On 15 and 17 July the Transformation Steering Group held design sessions to seek opinions on what the organisational goals should be for Hywel Dda. Alongside this the Transformation Programme Office (TPQ) also sought opinions from clinical leads across the organisation through staff interviews. Combined these flagged the need to concentrate on actions to improve: Joly at work. O Sigitally enabled working Osoial model for health O Eccision making, empowerment and leadership Ocar pathway
1033A2019-20	Jan-19	Audit Wales	Structured Assessment 2018	Open	N/A	Governance	Board Secretary	Board Secretary	WAO_SA_2018_ High 003	R3c. Recommendation - Operational meetings To free up capacity for both secutive and operational teams, and to enable a more joined up focus on the use of resources, the Health Board should streamline the number of holding to account (HTA) or performance review meetings with operational teams by: (c) aligning these meetings with management sessions contained within job plans for clinical directors to enable them to participate fully.	The Deputy Medical Director for Acute Hospital Services is now in post and has been working to fill vacancies within the clinical leadership structure, which will help to strengthen medical representation at operational meetings. The Deputy Medical Director for Acute Hospital Services will communicate the need for job plans for those clinicians holding managerial and leadership positions to be robust and for protected time to be allocated to enable clinical director engagement with relevant executive and operational meetings. The job plans of clinical leads not be on some that leadership responsibilities can be managed and prioritized accordingly. Details of meetings requiring attendance need to be regular and consistent with sufficient advance communication to be provided of any changes to meeting arrangements (at least 6 weeks if the change results in a clash with clinical commitments) to enable clinicians/medical leads to attend without the risk of any disruption to service provision.		Sep 20 Dec-20	Red	The review of all job plans in the current and post-CV19 period is being agreed with Clinical Leady/Hospital Directors. The allocation of time to allow Clinical Directors and Senior leaders to attend management meetings (including ETPR's) will be included within this process. Assurance on the process of job planning, and the evolving amendments of job plans within revised operational plans, has been provided to ARAC; and a revised compliance plan, including timescales for completion in-line with GMC expectations for revalidation.
1661A2019-26			Structured Assessment 2019	Open	N/A	Governance	Director of Planning, Performance and Commissioning	Board Secretary	002	R2. We found that the Executive Performance Reviews (EPRs) do not apply to corporate directorates, with the exception of Estates. The Health Board should apply EPRs to corporate directorates not already covered within the process.	Updated Response: The Health Board agrees corporate directorates should also be included in the EPRs. A new Performance Management Assurance Framework will be developed and will focus on agreed organisational goals with supporting key performance indicators. These will cut across both operational and corporate teams for which a new mechanism will be developed to performance manage effectively. See the 2018 R3a response for further details. Previous Response: The Health Board agrees corporate directorates should also be included in the EPRs. The Executive continue to have discussions relating to performance management as part of the Board governance review and review of managerial arrangements in the Operations Directorate. A new Performance Management Assurance Framework will be presented to Board for approval on 28th March 2020, this will include the merger of the existing EPRs and Holding To Account meetings as well as the inclusion of corporate teams in the performance review process. A schedule and agenda outline will be developed for the new meetings by 31st March 2020. The Principal Project Manager for Turnaround and the Performance Manager will lead on developing the new performance review schedule and agenda.		Mar-21	Red	 On 17 February 2020 the CEO led a workshop with Executive Team members / nominated deputies and presented a proposed new operating model for 2020/21. The new model was structured around our three year plan actions, organisational risks and performance management. The model was health board wide ie. Included corporate directorates. Following the workshop, work began on scoping performance triggers plus what groups were already in place and what new groups were needed to oversee the key elements of the new operating model ie. plan actions, risks and performance management. In early March the scoping work for the new operating model was yout on hold to allow staff time to prepare for and manage roft on plans to resume the EPR meetings. A new Transformation Steering Group has been established, with the first meeting scheduled for 8 June 2020. This group will refresh our thinking and determine what our priorities will now be for the new operating model, in light of COVID. On 15 and 17 July the Transformation Programme Office (TPO) also sought opinions from clinical leads across the organisational goals should be for Hywel Dda. Allongisde this the Transformation Programme Office (TPO) also sought opinions from clinical leads across the organisation through staff interviews. Combined these flagged the need to concentrate on actions to improve: oliy at work oliyitality enabled working oSocial model for health oBcard pathway - resistment o Care pathway - resistment o Care pathway - resistment o Care pathway - treatment o Care pathway - treatment o Care pathway - treatment of the corporate Performance Dashboard Steering Group to oversee the development of the corporate dashboards. 1661A2019-20	Dec-19	Audit Wales	Structured Assessment 2019	Open	N/A	Governance	Medical Director/Director of Planning, Performance and Commissioning		WAO_SA_2019_ High 003	R3. Action 1. We found that there is scope to empower the wider workforce to contribute to the transformational change agenda. The Health Board should implement practical solutions to engage the wider workforce in the change programme, for example by identifying change champions within individual services.	Through the appointment of the clinical team within the TPO there is a focused direction of reaching the workforce to become engaged in delivering the Strategy. Leads are attending meetings within service areas to increase awareness, understanding and help staff to become involved.	Apr-20	Oct-20	Red	Prior to the COVID-19 pandemic, leads had been attending meetings and holding workshops within service areas to increase awareness, understanding and help staff to become involved. Since March 2020, the clinical leads have been required to focus on operational service delivery. However, they continue to support colleagues to link the developments during the Health Board response to delivery of the Strategy. The clinical team will support colleagues with the priorities and pathway developments.

In order to be suitable and sufficient the risk assessment should be done using the MAC, ART and RAPP tools or other similar relevant risk assessment systems. The assessment of each task should include but may not be limited to: a. Weight and size of notes, boxes, crates and trolleys b. The number of times employees have to pick up, carry, push or pull c. The route and distance they are carrying or moving it including steps, ladders, floor surfaces etc. d. Where they are picking it up from or putting it down (e.g. emptying the bottom of a trolley, putting it on a shefl above shoulder level) e. Any tweiting, bending, stretching or other awkward postures	Risk assessments have commenced on all moving and handling activities involving health records. A company was engaged to monitor push/pull force for manual trollegs and link to Health & Safety limits for the NHS. It was discovered that it was more to do with how the trollegs were handled rather than the weight so training was identified as more the issue. However if the trolleys were to be powered then the issue would be eliminated	May-20 Jul-20 Nov-20	Jul-20 Sept-20	Amber	The HSE wrote a notice of extension agreeing that the timescale of 01/05/2020 for this improvement notice is extended to 31/07/2020. Rec delayed to September 2020. 07/09/2020-HSE has granted extension to 27/11/2020.

19097	HIW	Wards 7 & 11, WGH 04-05 Feb 20	Open N	(WGH)	d Care Janice Cole- Williams	Director of 19097IA_ Operations	904 Hgft	Enforcement notice issued by the Mid and West Wales Fire and Rescue Service to	The Health Board has a fully structured plan for fire safety at WGH developed in response to the Mid and West Wales Fire and Rescue Service Enforcement Notice (MNWFRS). The plan presented to MWWRS is a staged approach allowing us to undertake advance works very promptly with the substantive element of work progressed via a Business Case process. Within this plan all fire requirements to excape routes identified within the above Enforcement Notice will be undertaken at WGH between May 2020 and August of 2021. This programme is currently being considered by the MWWFRS and we are awaiting further clarity from them on the agreed timelines on this work. The Welsh Government are also fully engaged in this process and are supportive of the approach being taken by the Health Board. This work will include doors at the entrance to Ward 7 and any other Fire Doors necessary within the escape routes in this Hospital. The MWWFRS have recommended that the remaining works within Wards and Departments will be undertaken as a second stage to the above.	f	Aug-21	Amber

НDUHB 1920- Feb 26	5-20 II	Internal Audit - HDUHB	Bronglais General Hospital Directorate Governance Review	Open	Limited	Unscheduled Care (BGH)	Hazel Davies	Operations	26_001	High	R.I. Sronglais General Hospital Management should review the Directorate and Service risk registers to ensure the scoring of risks and the application of risk treatment is accurate and correct, and the identified corporate risks are considered for inclusion on the directorate registers.	We are also undertaking a review to ascertain if any other corporate or Scheduled Care risks exist which relate to BGH theatres which should be admitted and referenced to a generic theatres risk on the BGH Directorate Risk Register (but will remain the property of the Scheduled Care Directorate).	1 Feb-20	N/K	Red	
HDUHB 1920- Feb 26	b-20 II	Internal Audit - HDUHB	Bronglais General Hospital Directorate Governance Review	Open	Limited	Unscheduled Care (BGH)	Hazel Davies	Director of Operations	HDUHB 1920- 26_002	High	R2. Department managers and leads should ensure that the management of all periods of sickness compiles with the NHS Wales Managing Attendance at Work Policy.	The Deputy Head of Mursing will have monthly meeting with the Ward Managers who are required to provide an update their ward improvement plans including sickness management.	Mar-20	N/K	Red	
HDUHB 1920- Feb 26		Internal Audit - HDUHB	Bronglais General Hospital Directorate Governance Review	Open	Limited	Unscheduled Care (BGH)	Hazel Davies	Director of Operations	HDUHB 1920- 26_003	High	R3. Bronglais General Hospital Management should ensure II all objectives recorded in employee PAIDs are consistent with the SMART principle set out in the Performance Appraisal and Personal Development Plan Policy, and II all employees on the Ystwyth Stroke Ward receive an annual personal development appraisal review that should be documented and retained on file.	The Deputy Head of Nursing will have monthly meeting with the Ward Managers who are required to provide an update their ward improvement plans including PADRs. BGH also has three inexperienced development Band 7 Ward Managers who are receiving support and are also cohorted on to the STAR leadership programme to aid in the development of their management skills.	Mar-20	N/K	Red	The new medical examiners service which is being introduced in August 2020 (and statutory from 1st April 2021) will replace the current stage 1 review process relating to this requirement.
HDUHB-1920- Mar 14		Internal Audit - HDUHB	Contracting	Open	Limited	Finance	Shaun Ayres	Director of Finance	HDUHB-1920- 14_001	High		The Contracting Team will work closely with Finance Business Partners to support this work. As this recommendation is accepted, the contracting team have identified a resource to undertake this work with Business Partners moving forward.	Jan-21	Jan-21	Amber	
HDUHB-1920- Mar 14		Internal Audit - HDUHB	Contracting	Open	Limited	Finance	Shaun Ayres	Director of Finance	HDUHB-1920- 14_002	High	R2. SIA Contract monitoring and budget reviews of services both provided and accessed, need to be undertaken by management to ensure the standards of service meet the requirements of the Health Board.	The Contracting Team have identified a full time resource to support this work.	Nov-20	Nov-20	Amber	
HDUHB 1920- Feb		Internal Audit - HDUHB	Cyber Security (Stratia Report)	Open		Planning, Performance & Commissioning (Informatics)	Paul Solloway/ Anthony Tracey	Director of Planning, Performance & Commissioning	HDUHB 1920- 20_002	High	R2. The Health Board ICT department should formally define the cyber security tasks that cannot be undertaken within the current resource envelope and the associated risks. This should be reported through the organisational governance structure so that a decision on risks and priorities can be made.	Management response to be agreed at ARAC June 2020: Agreed in conjunction with Recommendation 1, a more detailed assessment of the gaps / tasks from the Stratia report action plan will be undertaken by the Band 6 Cyber Security once they are in post. It is envisaged that the Stratia report action plan will be fully implemented by March 2021, providing the post holder will be in place by September 2020. In the meantime the UHB are still undertaking all the necessary patching on the Desktops / Laptops and Server Infrastructure as previously agreed, as well as prioritising the removal of legacy equipment and systems to further reduce our exposure to cyber-attacks. The majority of the remaining actions from the Stratia report relate to the need to implement the nationally available products which will be undertaken by the Band 6 Cyber Security once in post. These products will allow at a national and local view to investigate any specific issues that arise from a other-attack.	f	Mar-21	Amber	ARAC raised concerns at the June 2020 meeting that the date had changed from June 2020 to March 2021 for rec 2, and queried whether this significant deferment in a high priority recommendation was acceptable from a risk perspective. Director of Finance advised that he has discussed this with the Assistant Director of Informatics and the statement reflects the reality being dealt with by the IMAT fram currently. It has been parged that she been agreed that been parged that been been agreed that which be strengthened; however, recruitment is likely to be a challenge and will take time. The revised deadline is probably a realistic timescale. An update would be provided to the next ARAC meeting in August 2020. 03/09/2020- Job has been readvertised and currently reviewing applicants. This recommendation cannot be progressed until this resource is in place. Assurance & Risk Officer will receive further update next month once interviews have taken place.
												A cyber security risk is already included Corporate Risk Register (Risk Ref. 451). This risk is reviewed on a monthly basis and any additional mitigations or actions are updated accordingly. As required any new risks identified through the gap analysis will be added to the ICT Risk				
HDUHB-1920- 25			Estates Directorate Governance Review	Open	Limited	Estates	Rob Elliott	Director of Operations	HDUHB-1920- 25_004	High		A full review is underway of all Directorate, Corporate and Service Risks within the FM team. It is planned to do this review in line with the agreed work plan by the end of Jan 2020. We intend to work closely with the Governance Team and Internal Audit within this review to ensure clarity on the recommendation.	Jan-20	Oct-20	Red	27/05/2020- Follow up report HDUHB-1920-39 shows this recommendation as only partially addressed; 'We noted the positive steps taken by the directorate to address the original finding, whilst acknowledging that continued actions are needed to be undertaken to ensure the risk register allows for the effective and robust management of risks'. Recommendation changed back to red on the audit tracker, to be confirmed when final report is agreed by ARAC. Recommendation being tracked by this original report. Revised timescale of Oct 2020 provided by service
HDUHB-1920- Oct 25		Internal Audit - HDUHB	Estates Directorate Governance Review	Open	Limited	Estates	Rob Elliott	Director of Operations	HDUHB-1920- 25_005	High	R7: Estate Directorate Management should ensure all objectives recorded in employee PADRs are consistent with the SMART principle set out in the Performance Appraisal and Personal Development Plan Policy.	Agreed. The FM team have made substantial efforts in delivering a formal PADR process to significant staff numbers (circa 86% of staff). This has been well received by the staff involved and acknowledged internally by members of the Executive team. A review will be needed to resure the PADR process is consistently applied across all staff. We will work to identify exemplar examples within our workforce and ensure that there is learning delivered throughout our supervisory team to improve standards. This review will be undertaken on each PADR as it becomes due for each member of staff.	1	Oct-20	Amber	27/05/2020. Due to COVID-19 constraints this recommendation was not included in the HDUHB - 1920-39 follow up report, therefore this recommendation remains open on the tracker. Still on track for October 2020 as of May 2020.
HDUHB-1920- Jun 04		Internal Audit - HDUHB	Health & Safety	Open		Nursing (Health & Safety)	Rob Elliott / Tim Harrison	Director of Nursing, Quality & Patient Experience		High	Planning Sub-Committee (and future Health & Safety Committee) regularly attend	Further consideration of membership will be undertaken post COVID-19 arrangements in line with other committee meetings. It is expected that issues identified at service/directorate level will be escalated where necessary to the Committee via the local quality governance arrangements. These arrangements will be further developed and confirmed at the September 2020 Health and Safety Assurance Committee.	Sep-20	Sep-20	Amber	
HDUHB_1920 Ma		Internal Audit - HDUHB	IM&T Assurance – Follow Up	Open		Planning, Performance & Commissioning (Informatics)	Anthony Tracey / Sara Brain	Director of Planning, Performance & Commissioning	HDUHB_1920_4 0_001	High	facilitate this the Assistant Director of Informatics should identify individuals with jurisdiction to implement the recommendation fully, drawing on their expertise and services, coordinating a programme of work to improve the security arrangements surrounding the Health Boards IT assets. The programme should	In terms of the wider awareness program and physical environmental security, initial conversations took place with stakeholder (security, sectates, etc.) the intention was to set up a virtual group to carry this forward. This progress was reported to the Health Board governance team as being on schedule for completion, however these initial conversations did not progress any further. Now the intention is to incorporate these tasks into the new Welsh IG toolids two stream, the rationale for this is that section 6 of the toolids submission relates to the physical and environmental security of information and IT assets, with requirements to capture and evidence and report the Health Board's arrangements. Categories will include policies, staff awareness, technical arrangements for security etc. If this is completed properly in will adequately address the recommendation made by us.	Feb-20	May-21	Red	This was put on hold due to COVID-19, but will be picked up again and progressed with estates colleagues. Estimated completion of May 2021. 03/09/2020-Recommendation to be picked during wider security work by Estates/H&5 tern. H&S advisors to pick up security awareness as they go around each area and record this as part of their review process.
HDUHB_1920 Ma _40	er-20 li	Internal Audit - HDUHB	IM&T Assurance – Follow Up	Open		Planning, Performance & Commissioning (Informatics)	Anthony Tracey / Sara Brain	Director of Planning, Performance & Commissioning	HDUHB_1920_4 0_002	High	Accurate records of stores should be maintained and regularly verified with physical checks.	Verbal updates from IMAT indicate that these registers are now in place for the sites which hold stocks of assets, however the evidence provided was not sufficient to support these statements, instead of local stores asset registers one Kace network report was provided which showed all health Board assets connected to the network. This report did not account for assets that were yet to be commissioned and did not evidence regular verification with physical checks.	May-19	Oct-20	Red	This follow up report did not include revised timescale for this recommendation. Reporting officer has provided revised date of October 2020. This recommendation was on track but due to COVID-19 this has been delayed as no checks have been able to take place. 30/30/2020-Following delay due to COVID-19 now do have records of what is in stores across the sites and checks are back in place, however regular programme still to be implemented.
HDUHB 1819- Mar 11	F	HDUHB	Integrated Care Fund – Follow Up	Open		Community & Primary Care (Carmarthenshire)	Peter Skitt / Martyn Palfreman	Operations	HDUHN 181- 11_001	High	Government no later than the designated submission dates set out in the Written Agreement.	Late submissions of quarterly reports have been due largely to delays in receiving activity and financial data from partners. Welsh Government has been fully informed of anticipated delays and the reasons for them on all occasions. The Written Agreement will be updated by the end of June 2019 and will provide an opportunity for re-emphasising quarterly reporting deadlines in advance. Increased capacity within the Regional Collaboration Unit will be deployed to support partners in the retrieval and collation of data for inclusion in the reports.	Jul-19	N/K	Red	WG reduced the requirements in response to C-19, so only financial reporting was essential however, there was still impact across the board in terms of timely financial reporting. 3/3/88/2008 Request for update issued, to the Regional Programme and Change Manager Co-ordination officer, out of office received, copied in County Directors of Service. 18/08/2020 response received from the Carmarthen County Director - Partnership Governance and Reporting Structure is to be discussed at the next planned Integrated Executive Group in Sept 2020 and a follow up Internal audit is also planned.
HDUHB 1920- Jan		internal Audit - HDUHB	Medical Devices	Open		Clinical Engineering	Chris Hopkins	Director of Operations	HDUHB 1920- 16_002	11 <u>0</u> 1	nk: Management should review the current approach to medical neverse trained for clinical and nuising staff to ensure: Ball training is coordinated through a central point; B training provided by external parties can be quality assessed; and B training records can be accurately maintained.	Undertake mapping exercise to prioritise the training in accordance to high medium and low risk devices. (complete) To map the high risk devices across acute and community areas to identify which devices are used in each area and the number of staff in each area that will require training. (August 2020). To complete training needs analysis. The training needs analysis when completed will identify the initial training resource to deliver training on the high risk devices. (October 2020) Business case to be prepared for training resources. (November 2020). To transfer historical medical devices training records on to ESR (Temporary administrative support has been provided to start the transfer process. The admin support is on loan from the audit department and may have to return to her substantive duties at an unknown time. If the loan period continues at 2 days per week the data transfer should be complete by the 30th September 2020. However should the loan period end prior to this, the date will need to be pushed back indefinitely until further admin support can be found). (September 2020) To identify what admin duties are Learning Development functions as opposed to duties to specifically support the medical device work stream (with support from Health Board Learning and Development manager). (June 2020). A mapping of medical device specific duties will identify admin resources required. (July 2020)	Nov-20	Nov-20	Amber	Revised management response reported to ARAC June 2020.
HDUHB-1920- Jun 17		Internal Audit - HDUHB	Mortality Rates	Open	Reasonable	Medical	John Evans / Subhamay Ghosh / Ian Bebb	Medical Director & Director of Clinical Strategy		High	R1: Management should introduce a mechanism of central oversight and implement processes that collate, monitor and report the accuracy and quality of completed Stage 2 reviews, ensuring lessons learned and outcomes are reported to the Mortality Scrutiny Group.	A Health Board Wide Stage 2 process has already been agreed by MSG, ECPSC & QSEAC. The new system is designed to increase local ownership. In addition to this, the new Quality Improvement Leads for each site in conjunction with the Hospital Directors will provide	Nov-20	Nov-20	Amber	30/09/2020 Response received on track will be completed by Nov 2020.
HDUHB-1718- Feb			National Standards for Cleaning in NHS Wales	Open (external rec)	Reasonable	Estates	Rob Elliott	Director of Operations	HDUHB-1718- 34_001	High	secondment. If a member of staff is absent during the 48 hours following an audit, an alternative Domestic Supervisor should be deployed to check that the action plan arising from the cleaning audit has been completed in the functional area. PMS should be asked to remap the rooms on the software and make amendments to the systems or it accurately reflects the functional areas being	discussed in a number of forums including, but not limited too; WHAM, M&M, Grand Round and Anaesthetic Forums. inspecting C4C Audits across the Health Board in order to ensure that consistency is appropriately applied. Due to the imminent release of the new MICAD System and C4C upgrade along with the revised National Cleaning Standards for Wales 2009, glanned for April 2018, all domestic supervisors will be reterained which will present an opportunity to address any non-consistency in audits and reduce any subjectivity. It is also planned to implement rotation audits across sites and comparison made to further assure consistency by the Soft FM Compliance Manager. Careful planning will ensure Nursing and Estates staff are advised in advance of the audit times and dates to ensure they are able to attend. Supervisory cover will be allocated in the period following the audit, to ensure all relevant action plans are developed and implemented. PMS have proposed as part of the implementation programme of the new version of MICAD Software, for them to verify and amend the layouts and room functions, this is planned for April 2018. All layouts are to be updated and this action is facilitated by NWSSP.		N/K	- Red	As required the audit check list is amended to the current use on the Estate. Any additional elements are added so that the area is scored as if it was already on the system. The information on the existing system has been amended to reflect the functional use of areas to make more user friendly/lest time consuming. Some areas have now moved priority ratings from Very High to High Risk and vice versa as the use of areas has now changed. The full remap of areas would be part of the updated system which is still pending.

Bit offices, within the. 8.3. Improve Fire Detection System The detection within the means of escape from the flats and bedrooms should be changed from heat detection to nosince detection to allow the maximum amount of time between detection alert and escape. It was noted that there was heat detection in the bedrooms and entrance halls into the flats and within the lounge areas where smoke detection would be the preferred safer option, it was explained to me that this was due to the residents being able to smoke within the premises before the smoking ban to reduce the false alarm calls. It was noted that there was a detector being covered at time of inspection within the kitchen of the Pembroke county block (First floor flat F block). You must ensure that this practice is not repeated, information must be given to the occupants explaining the severity of this action. Out to the Server within the Means of escape an additional detector within the area of the device is required (due to the lintel between the detector and the server) noted within the Pembroke county and St Thomas block (but this should include all blocks if server is on escape route in the same way). The changes should be carried out and commissioned by a competent person.		Jul-20 Dec-21	Dec-21	Amber	All works to be completed by December 2021 (delayed from August 2021 due to COVID-19).
