	<ul style="list-style-type: none"> • A summer edition of 'The Fraud Reporter' has been published, highlighting a number of recent cases across the UK, along with providing information and guidance reference current scams. A copy is appended to this report for Committee Members' perusal (Appendix 1). • Since the last report, a total of 4 Global awareness messages were issued surrounding the following topics: <ul style="list-style-type: none"> - HB and local scam advice - The launch of the internal online reporting form - General Fraud awareness and the publication of the most recent edition of The Fraud Reporter
Prevent and Deter	<ul style="list-style-type: none"> • Mandate Fraud alerts have been issued to staff within the Finance Team and relevant procurement department, this work has also been replicated by CFS Wales, raising awareness amongst NWSSP. • As mentioned at the June ARAC meeting, the Recovery of Overpayments and Management of Underpayments Policy is now live and awareness work regarding the changes has been commenced with the Finance Team; with future training sessions for Payroll Staff to commence in September 2021. • In response to the above, a dedicated Payroll referral form has been created and disseminated to all staff. This will allow NWSSP Payroll staff to directly report incidents to the LCFS, ensuring that all relevant information is captured. As soon as a referral is submitted, the LCFS will be notified by way of an automated response. • As well as the above, a new online reporting form has been created for HB employees, allowing all staff to report concerns online via the Counter Fraud intranet site 24 hours a day, 7 days a week. This new process will result in key information being captured and a 'New referral' notification being sent direct to the LCFS. • Fraud Risk Assessments have been generated by the CF department with regards to Accounts Payable and a review of associated risks is underway in conjunction with NWSSP. It is hoped that these assessments will be finalised during Q2. • Work on the National Fraud Initiative (NFI) has commenced and a large amount of work completed, resulting in the need for a proactive piece of work around declarations of interest. Future planned work with the Governance team will be undertaken, with a view to conducting a simple exercise to ascertain who has / has not declared outside interests that have been highlighted by NFI.

- A review of Fraud Risks associated with external charities has been undertaken and will be discussed during the in-committee session.
- In 2018/2019 a Procurement exercise, titled ‘Preventing Procurement Fraud in the NHS’ was commenced and a report produced and presented during the June ARAC meeting. A new, similar exercise has recently been launched by the Counter Fraud Authority. The purpose of the exercise will be to ensure the NHS’s pandemic response met the health needs of all those affected by the coronavirus, and that the government provided the financial support for the provision of the necessary medical equipment, medicines and resources.

Now as the NHS and other public sector organisations have adapted to providing services during a pandemic and resuming some normal services, the government has begun undertaking post-event assurance (PEA) exercises on centralised spending for the pandemic response.

The NHS Counter Fraud Authority (NHSCFA) has been tasked by the Health Sector Counter Fraud Board, to lead on a similar PEA exercise that focuses on NHS healthcare spend during the pandemic response at a local level. The aim of the PEA exercise is to understand the effect that an “emergency incident management” (i.e. COVID-19 pandemic) response has had on the NHS provider procurement function in terms of fraud risk.

This will assist NHSCFA to determine the value of fraud risk during this period, how these risks were and are mitigated, and if any dishonest or fraudulent activity was uncovered.

The exercise will focus on two areas: COVID-19 PEA and Purchase Order (PO) vs non-PO spend. The first part will test three Procurement Policy Notices (PPNs) issued by the Cabinet Office during the pandemic and for the second, NHSCFA will resume part of the previous National Proactive Exercise (NPE) which focused on PO versus non-PO spend data.

The collection of this information will also help the NHSCFA to understand the true nature and potential value of the fraud risks associated with COVID-19 and procurement practices and behaviours at a local level during an emergency management scenario.

NHSCFA will provide advice and guidance to the sector on lessons learnt, together with an outline of the fraud vulnerabilities that may have been revealed during the pandemic period. The information provided will enable the NHSCFA to measure the monetary value of local proactive counter fraud work.

	The exercise has been commenced locally, data being supplied by our local Procurement team and centrally from NWSSP central recruitment teams. Extra resources have been offered to the local procurement team to undertake this work, with a view to Hywel Dda University Health Board submitting its data by 25 th August 2021.
Hold to Account	<ul style="list-style-type: none"> Several new referrals have been received in the past two months. These and case updates have been documented in a separate report, for discussion during the closed in-committee session. Clue 3, the new crime reporting system implemented by Counter Fraud Services Wales/NHS Counter Fraud Authority, is now live and all new referrals are being managed through this system.
Strategic Governance	<ul style="list-style-type: none"> Quarterly statistics have been submitted to Counter Fraud Service Wales and in compliance with WG directions. A Quarter 1 report is expected in the coming weeks and will be presented at the next ARAC meeting.
Other matters	<ul style="list-style-type: none"> LCFS Slater has now completed his LCFS training, successfully completing the course with excellent pass marks. The course provider will now submit relevant documentation to the accreditation body for final approval. It anticipated that this process will be finalised in September 2021, following which an accreditation certificate will be issued.

SUMMER 2021

THE FRAUD REPORTER

Welcome to the Summer Edition of The Fraud Reporter

Welcome to the Summer edition of the Fraud Reporter, the Hywel Dda UHB newsletter to keep you up to date with fraud issues affecting the Health Board and wider NHS.

Summer has finally arrived, and we will no doubt see an influx of tourists into our Health Board area. Who can blame them with some of the world's best beaches at our doorstep?

Unfortunately, some individuals will see the summer season as a means to generate income via fraud. In recent weeks we have shared a number of scams aimed at the tourism sector and our local community, these stories are covered in more detail below, so please take five minutes to read the articles within this newsletter.

It is an understatement to say that Covid-19 has had a significant impact on the NHS. We have all had to adjust ways of working and respond to service demands. Fraud and scams exploded in the wake of the emerging pandemic with unscrupulous fraudsters recognising the crisis as an opportunity to target people and organisations to line their own pockets.

We mentioned in the last edition that we had recently commenced the National Fraud Initiative (NFI). The Cabinet Office conducts data matching exercises to assist in the prevention and detection of fraud as part of its responsibility for public sector efficiency and reform. Part 6 of the Local Audit

and Accountability Act 2014 enables the Cabinet Office to process data as part of the NFI.

As a mandatory participant Hywel Dda University Health Board has made good progress and the exercise is expected to be completed by the end of Autumn.

One area under the spotlight is the necessity to declare any outside interests that may conflict with your employment with Hywel Dda UHB.

NFI will identify those currently employed by other public sector bodies or those who have links with registered companies (via Companies House) and cross match those names with those who are employed by Hywel Dda.

Subsequent data matches will then be reviewed by the team to identify any potential offences linked to potential conflicts of interests.

If you have an outside interest and you are not sure whether it should be declared then please seek advice from your supervisor or contact Alison Gittins, who is the Head of Corporate Governance and can suitably advise you on the issue at hand.

Should you require further information on NFI then please visit our intranet pages.

Remote Training Available

One of the key aims of an LCFS is to develop an anti-fraud culture within the Health Board and ensure that staff can spot fraud when it occurs so something can be done about it.

Training can be tailored to the fraud risks for your specific work area and can be delivered at a time and place that suits you and your team.

To arrange your training Contact the LCFS on 01267248627 / 01267283025 or email

Gift Card Scam currently circulating in our area.

Information has been received from Dyfed Powys Police (DPP) that Scammers are currently operating a gift Card Scam in our area. A Gift Card Scam is where an individual receives a phone call from organisations reporting to be from an agency such as HMRC - Bank - Utility company - Debt Collection Agency. The individual is informed that they owe money to that organisation and payment should be made by purchasing gift/payment cards from the local shop. They are told that if they do not comply with instructions, there is a warrant for their arrest and Police are on standby to arrest them for non-payment.

£2.2m Lost to Holiday Fraudsters

Action Fraud, the national reporting centre for fraud and cyber-crime, received 1,907 reports of holiday and travel related fraud in 2020/21 financial year – a decrease of over 70 per cent when compared to the previous financial year.

However, although a decline in reporting was predicted due to the fact travel was banned for large periods of the year, losses by victims still totalled £2,205,251 during this time – an average loss of £1,242 per victim.

Action Fraud has launched a national awareness campaign (Monday 17 May 2021) to remind the public to think twice before handing over their money and personal information when booking holidays, following the government's recent announcement on international travel resuming.

Pauline Smith, Head of Action Fraud, said:

"We are all more eager than ever to go on a holiday and relax with family and friends, following the coronavirus pandemic. However, criminals will stop at nothing when it comes to defrauding innocent people out of a well-deserved

break and their hard-earned cash. "Criminals are increasingly using more sophisticated ways to trick their victims, which is why it's important that we all do our research when booking a holiday and making travel arrangements. Regardless of whether you're planning on travelling abroad, or going on a domestic holiday this year, remember, if a deal sounds too good to be true, it probably is."

Last year, criminals targeted unsuspecting holidaymakers booking airline tickets (56 per cent) and holiday accommodation (29 per cent). Almost three quarters of victims were aged between 19 to 50 years old (73 per cent).

Almost a third (32 per cent) of reports stated the victim had contact with the suspect after they responded to an approach, or advertisement, on a social media platform.

Out of these reports, Facebook was the most common platform (62 per cent) where victims were defrauded.

Sadly, some victims have only become aware that they have been the victim of fraud when they arrive at the airport and are unable to check-in.

Top tips to avoid falling victim to holiday fraud;

Stay safe online: check the web address is legitimate and has not been altered by slight changes to a domain name – such as going from .co.uk to .org.

Do your research: don't just rely on one review – do a thorough online search to ensure the company is credible. If a company is defrauding people, there is a good chance that consumers will post details of their experience, and warnings about the company.

Look for the logo: check whether the company is an ABTA Member. Look for the ABTA logo on the company's website. If you have any doubts, you can verify membership of ABTA online on their website. If you're booking a flight and want more information about ATOL protection or would like to check whether a company is an ATOL holder, visit the CAA website.

Pay safe: wherever possible, pay by credit card. You should avoid paying directly into a private individual's bank account.

Check the paperwork: you should study receipts, invoices and terms and conditions, and be very wary of any companies that don't provide any at all.

Use your instincts: if a deal sounds too good to be true, it probably is.

Scammer who sent fake NHS vaccine texts is jailed for four years.

A scammer who sent fake NHS texts to people waiting for their vaccine offer so he could steal their personal details has been jailed for more than four years. Teige Gallagher, 21, from north London, sent fraudulent messages claiming to be from a wide range of organisations including banks and mobile phone providers.

His 'phishing' scam used links directing potential victims to imitation websites designed to trick them into entering their account details and personal information that could later be used to commit fraud. The texts claiming to be from the NHS told recipients the details were needed to determine whether they qualified for the Covid jab.

After seizing Gallagher's devices, detectives discovered thousands of phone numbers and other personal details belonging to members of the public. He was able to send out the texts for a period of at least five months between October and March.

A specialist fraud unit identified Gallagher as the sender with the help of intelligence work by a mobile phone provider.

Detective Chief Inspector Gary Robinson, head of the Dedicated Card and Payment Crime Unit (DCPCU) said: 'Gallagher wrongfully thought he could get away with impersonating organisations and sending out scam text messages, including ones related to the Covid-19 vaccine to commit fraud. Criminals are experts at impersonating trusted organisations like the NHS, banks or the government and will try to play on people's concerns about their finances at this difficult time.'

The public are asked to watch out for criminals exploiting the vaccine rollout through texts, emails and cold calls. The vaccine is free of charge and only available on the NHS, which will never ask anyone for banking details such as their card number or PIN.

NHS IT fraudster Barry Stannard sentenced to five years in prison.

Fraudster Barry Stannard, a former IT manager from Essex, has been sentenced to five years and four months in prison after cheating the NHS and Her Majesty's Revenue and Customs (HMRC) out of £806,229.80. He had pled guilty to two charges of fraud by false representation and two charges of cheating the public revenue at a court hearing in June 2021.

Stannard, 53, of Chelmsford and previously of Hadleigh near Southend, committed the offences over a seven-year period while he was working as head of unified communications at Mid Essex Hospital Services NHS Trust (MEHT), which has since been merged into Mid and South Essex NHS Foundation Trust.

His conviction comes following a lengthy investigation by the NHS Counter Fraud Authority (NHSCFA) as it ramps up its focus on procurement fraud in the NHS. NHSCFA CEO Sue Frith said: "Barry Stannard abused his position in an outrageous way to line his pockets with money intended for NHS services. We are aware of the significant risk that procurement fraud poses for the NHS, which is why the NHS Counter Fraud Authority has been continually working to develop fraud prevention solutions over the past few years," she said. "Today's sentence shows that the NHSCFA's investigative and preventative work tackling NHS fraud is vital."

Concerns about Stannard's conduct first arose after MEHT ran a data-matching exercise on its payroll and accounts payable records alongside Companies House records. A comprehensive initial investigation was first conducted by counter-fraud specialists RSM before the case was escalated to the NHSCFA as it became apparent that specialist financial investigation powers would be needed.

The subsequent investigation found Stannard submitted a falsified 'nil return' declaration of interests form to MEHT, while he was in fact the director of two companies that had both received large sums of money from the trust between 2012 and 2019 because he was submitting and then settling the invoices.

The number of invoices submitted ran into the hundreds, all of them for relatively modest amounts, which Stannard did purposefully to ensure he would be authorised to sign them off without further checks. As a band 8b senior manager, he was in a position of trust. While Stannard was siphoning the NHS' money into his own pocket, no products or services invoiced for by his companies were ever provided to the NHS. The NHSCFA noted that the stolen money came from MEHT's IT budget, which inevitably meant the trust had less money to spend on technology and digital services.

Collwyd £2.2m i dwyllwyr gwyliau.

Derbyniodd 'Action Fraud', y ganolfan adrodd genedlaethol ar gyfer twyll a seiberdrosedd, 1,907 o adroddiadau o dwyll yn ymwneud a gwyliau a theithio ym mlwyddyn ariannol 2020/21 - gostyngiad o dros 70 y cant o'i gymharu â'r flwyddyn ariannol flaenorol.

Fodd bynnag, er y rhagwelwyd dirywiad mewn adrodd oherwydd yffaith bod teithio wedi'i wahardd am gyfnodau mawr o'r flwyddyn, roedd colledion dioddefwyr yn dal i fod yn gyfanswm o £2,205,251 yn ystod yr amser hwn - colled o £1,242 y dioddefwr ar gyfartaledd.

Mae 'Action Fraud' wedi lansio ymgrych ymwybyddiaeth genedlaethol (Dydd Llun 17 Mai 2021) I atgoffa'r cyhoedd i feddwl dwywaith cyn trosglwyddo'r eu harian a'u gwybodaeth bersonol wrth archebu gwyliau, yn dilyn cyhoeddiad diweddar y llywodraeth ar ailddechrau teithio rhyngwladol.

Dyweddodd Pauline Smith, Pen-naeth 'Action Fraud':

"Rydyn ni i gyd yn fwy awyddus nag erioed i fynd ar wyliau ac ymlacio gyda theulu a ffrindiau, yn dilyn y pandemig coronafirws. Fodd bynnag, ni fydd troseddwr yn stopio o gwbl pan ddaw'n fater o dwyll pobl ddiniwed allan o seibiant haeddianol a'u harian caled.

"Mae troseddwr yn defnyddio ffyrrd mwy soffistigedig yn fwy i dwyllo eu dioddefwyr, a dyna pam ei bod yn bwysig ein bod i gyd yn gwneud ein hymchwil wrth archebu gwyliau a gwneud trefniadau teithio. Ni waeth a ydych chi'n bwriadu teithio dramor, neu'n mynd ar wyliau domestig eleni, cofiwch, os yw bargin yn swnio'n rhy dda i fod yn wir, mae'n debyg y mae e."

Y llynedd, targedodd troseddwr bobl ar wyliau diarwybod yn archebu tocynnau hedfan (56 y cant) a llety gwyliau (28 y cant). Roedd bron i dri chwarter y dioddefwyr rhwng 19 a 50 oed (73 y cant).

Nododd bron draean (32 y cant) o'r adroddiadau fod gan ddioddefwr gysylltiad â'r sawl a ddrwgdybir ar ôl iddynt ymateb i ddull, neu hysbyseb, ar platfform cyfryngau cymdeithasol.

O'r adroddiadau hyn, Facebook oedd y platfform mwyaf cyffredin (62 y cant) lle cafodd dioddefwyr eu twyllo.

Yn anffodus, dim ond pan gyrraeddant y maes awyr ac na allant fewngofnodi y mae rhai dioddefwyr wedi dod yn ymwybodol eu bod wedi dioddef twyll.

Yr awgrymiadau gorau i osgoi dioddef o dwyll;

Cadwch yn ddiogel ar-lein: gwiriwch fod y cyfeiriad gwe yn gyfreithlon ac nad yw wedi ei newid gan newidiadau bach i enw parth – fel mynd o '.co.uk' i '.org.'

Gwnewch eich ymchwil: peidiwch â dibynnu ar un adolygiad yn unig – gwnewch chwiliad trylwyr ar-lein i sicrhau bod y cwmni'n gredadwy. Os yw cwmni'n twyllo pobl, mae siawns da y bydd defnyddwyr yn postio manylion eu profiad, a rhybuddion am y cwmni.

Edrychwr am y logo: gwiriwch a yw'r cwmni'n aelod o ABTA. Chwiliwch am logo ABTA at wefan y cwmni. Os oes genych unrhyw amheuon, gallwch wirio aelodaeth o ABTA ar-lein ar eu gwefan. Os ydych chi'n archebu hediad ac eisiau mwy o wybodaeth am amddiffyniad ATOL neu os hoffech chi wirio a yw'n cwmni'n ddeiliad ATOL, ewch i wefan y CAA.

Talu'n ddiogel: lle bynnag y bo modd, talu gyda cherdyn credyd. Dylech osgoi talu'n uniongyrchol i gyfrif banc unigolyn preifat.

Gwiriwch y gwaith papur: dylech astudio derbynebau, anfonebau a thelerau ac amodau, a bod yn wyliadwrus iawn o unrhyw gwmniâu sy ddim yn darparu unrhyw rai o gwbl.

Defnyddiwch eich greddf: os yw bargin yn swnio'n rhy dda i fod yn wir, mae'n debyg y mae e."

Mae sgamiwr a anfonodd tecsts brechlyn GIG ffug yn cael ei garcharu am bedair blynedd.

Mae sgamiwr a anfonodd tecsts ffug y GIG at bobl sy'n aros am eu cynnig brechlyn er mwyn iddo dwyn eu manylion personol wedi cael ei garcharu am fwy na phedair blynedd. Anfonodd Teige Gallagher, 21, o ogledd Llundain negeseuon twyllodrus yn honni ei bod yn dod o ystod eang o sefydliadau gan gynnwys banciau a darparwyr ffonau symudol.

Defnyddiodd ei sgam gwe-rwydo gysylltiadau yn cyfeirio darpar dioddefwyr at wefannau dynwared a ddyluniwyd i'w twyllo i nodi manylion eu cyfrif a'u gwybodaeth bersonol y gellid eu defnyddio'n ddiweddarach i gyflawni twyll. Dywedodd y tecsts sy'n honni eu bod o'r GIG wrth y derbynwyr fod angen y manylion i benderfynu a oeddent yn gymwys ar gyfer y pigiad Covid.

Ar ôl cipio dyfeisiau Gallagher, darganfu ditectifs filoedd o rifau ffôn a manylion personol eraill yn perthyn i aelodau'r cyhoedd. Lwyddodd I anfon y tecsts am gyfnod o bum mis o leiaf rhwng mis Hydref a mis Mawrth.

Nododd uned twyll arbenigol Gallagher fel yr anfonwr gyda chymorth gwaith cudd-wybodaeth gan ddarparwr ffon symudol.

Dyweddodd y Ditectif Brif Arolygydd Gary Robinson, pennnaeth yr Uned Troseddau Cerdyn a Thaliadau Ymroddeleg (DCPCU): "Roedd Gallagher o'r farn ar gam y gallai dianc gyda dynwared sefydliadau ac anfon negeseuon testun sgam, gan gynnwys rhai sy'n gysylltiedig â'r brechlyn Covid-19 i gyflawni twyll. Mae troseddwr yn arbenigwyr ar ddynwared sefydliadau dibynadwy fel y GIG, banciau, neu'r llywodraeth a fyddant yn ceisio chwarae ar bryderon pobl am eu cyllid yn ystod yr adeg anodd hon.

Gofynnir i'r cyhoedd gadw llygad am droseddwr sy'n manteisio ar gyflwyno'r brechlyn trwy tecsts, e-byst a galwadau diwahoddiad. Mae'r brechlyn yn rhad ac am ddim ac ar gael i'r GIG yn unig, na fydd byth gofyn i unrhyw un am fanylion bancio fel rhif eu cerdyn neu PIN.

Dedfrydwyd twyllwr TG y GIG, Barry Stannard, i bum mlynedd yn y carchar.

Tudalen 3

Mae'r twyllwr Barry Stannard, cyn rheolwr TG o Essex, wedi'i ddedfrydu i bum mlynedd a phedwar mis yn y carchar ar ôl twyllo'r GIG a Chyllid a Thollau Ei Mawrhydi (CThEM) allan o £806,229.80. Roedd e wedi pleidio'n euog i ddau gy-huddiad o dwyll trwy gynrychiolaeth ffug a dau gyhuddiad o dwyllo'r refeniu cy-hoed dus mewn gwrandawiad llys ym mis Mehefin 2021.

Cyflawnodd Stannard, 53, o Chelmsford a gynt o Hadleigh ger Southend, y troedd-dau dros gyfnod o saith mlynedd tra oedd yn gweithio fel pennath cyfathrebu unedig yn Ymddiriedolaeth GIG Gwasanaethau Ysbyty Mid Essex (MEHT), sydd wedi cael ei uno ers hynny yn Ymddiriedolaeth Sefydledig GIG Canolbarth a De Essex.

Mae ei gollfarn yn dilyn ymchwiliad hir gan Awdurdod Atal Twyll y GIG (NHSCFA) wrth iddo gynyddu ei ffocws ar dwyll cafael yn y GIG. Dywedodd Prif Swyddog Gweithredol NHSCFA, Sue Frith: "Fe wnaeth Barry Stannard gam-drin ei safle mewn ffordd warthus i linellu ei bocedi ag arian a fwriadwyd ar gyfer gwasanaethau'r GIG. Rydym yn ymwybodol o'r risg sylweddol y mae twyll cafael yn ei beri i'r GIG, a dyna pam mae Awdurdod Atal Twyll y GIG wedi bod yn gweithio'n barh-aus i ddatblygu atebion atal twyll dros y blynyddoedd diwethaf," meddai. "Mae dedfryd heddiwyn dangos bod gwaith ymchwilio ac atoliol NHSCFA sy'n mynd i'r afael a thwyll y GIG yn hanfodol."

Cododd pryderon am ymddygiad Stannard ar ôl I MEHT gynnal ymarfer paru ar ei gofrestr gyflogres a chyfrifon taladwy ochr yn ochr â chofnodion Tŷ'r Cwmnïau. Cynhalwyd ymchwiliad cychwynnol cynhwysfawr gyntaf gan arbenigwyr atal twyll RSM cyn i'r achos cael ei drosglwyddo i'r NHSCFA wrth iddi ddod yn amlwg y byddai angen pwerau ymchwilio arianol arbennig.

Canfu'r ymchwiliad dilynol fod Stannard wedi cyflwyno ffurflen datganiad buddiant 'nil return' wedi'i ffugio I MEHT, tra ei fod mewn gwirionedd yn gyfarwyddwr dau gwmni a oedd wedi derbyn symiau mawr o arian gan yr ymddiriedolaeth rhwng 2012 a 2019 oherwydd ei fod yn cyflwyno ac yna setlo'r anfonebau.

Rhedodd nifer yr anfonebau a gyflwynwyd i'r cannoedd, pob un ohonynt am symiau cymharol gymedrol, a wnaeth Stannard sicrhau yn bwrrpasol y byddai'n cael ei awdurdodi i'w llofnodi heb wiriadau pellach. Fel uwch reolwr band 8b, roedd mewn sefyllfa o ymddiriedolaeth.

Tra oedd Stannard yn seiffonio arian y GIG I'w boced ei hun, ni ddarparwyd unrhyw gynhyrchion na gwasanaethau a anfon-ebwyd gan ei gwmnïau erioed i'r GIG. Nododd yr NHSCFA fod yr arian a gafodd ei dwyn yn dod o gyllideb TG MEHT, a oedd yn anochel yn golygu bod gan yr ymddiriedolaeth llai o arian i'w wario ar dechnoleg a gwasanaethau digidol.
