	Assurance and Risk	
2.1	<p>Scrutiny Group Update</p> <p>The Vice Chair of the group Ms Sarah Roberts reported on behalf of the Chair Ms Kay Isaacs. The meeting took place on the 14th of November where it was tabled within the meeting an action from a previous Ombudsman report in relation to availability of Section 12 Doctors. The group agreed for a flowchart to be drafted on the AMHP process and what staff members should do if a Section 12 Doctor isn't available for a Mental Health Act Assessment.</p> <p>Within the reports received to the group Ms Sarah Roberts has asked each of the Local Authority representatives to include evidence and detail on any problems they have encountered in relation to Sec 12 Doctors during the quarter. Having this information shared within the group will be able to discuss and address each issue within the meeting. The Flowchart has now been drafted and finalised and members have received a copy.</p> <p>Regarding Terms of Reference, the Scrutiny Group are still yet to agree on membership and have not yet been updated. Ms Sarah Roberts will ensure that the Terms of Reference will be included on the next Agenda.</p>	

The group received the Mental Health Act report, presented by Ms Ruth Bourke which included information on activity where it was pleasing to note on the increase of Police Consultation prior to 136's and also an increase of usage on Section 4 which is an emergency admission particularly in Pembrokeshire.

Ms Sarah Roberts noted that the Measure Report was also received on Part 1 performance by CAMHS with a missed trajectory for September was highlighted and discussed.

The QAPD report was received for information where it highlighted the CTP Audit Report, this requires further consideration because this was undertaken during supervision. Ms Sarah Roberts raised that the Sec 117 Policy has now been ratified and work has commenced on a central Section 117 register.

Mr Mark Evans attended a meeting regarding Section 12 on behalf of Avril Bracey which was run by Welsh Government officials. A presentation was given during the meeting on an app that's being produced for Section 12 Doctors. The relevant Health Board would agree to sign up to the company called Section 12 Solutions where the Section 12 Doctors would include their availability within the app to conduct assessment.

Mr Winston Weir noted the following in relation to the report:

- The increase in the use of Section 4 and using external doctors in Pembrokeshire and why this is happening only in that County and not within the other two areas?
- Regarding Section 12 Doctors, are the Doctors external to another HB?
- In relation to Section 132 patients rights proformas being completed

Ms Sarah Roberts noted that Section 4 has been particularly in Pembrokeshire due to rurality and availability of Doctors. Section 12 Doctors are the ones that are being called upon externally, these will not be employed by Hywel Dda and would be employed privately or with another Health Board. In relation to 132 Patient Rights, Ms Sarah Roberts has seen the decrease in the Community for those patients who are subject to Community Treatment Orders who are being care co-ordinated within CMHTs. The MHA team have recently undertaken Mental Health Act refresher training which commenced in November and is ongoing.

Ms Sarah Roberts responded to Mr Mark Evans where it was confirmed that the app would not be suitable for use within the Board due to its rurality and was better suited to more urban areas. The company had previously been in touch with the MHA team about using it. Ms Jane Hitchings noted to Committee that Pembrokeshire Local Authority have set up a WhatsApp group for all the Doctors to use.

The Chair raised on the issue of Part 3 of the MH Measure where it was noted on the Referral Pathways of Older Adults. The Chair raised whether there is any advice given to relatives about Power of Attorney. Ms Sarah Roberts will liaise with Mr Neil Mason following the meeting on this.
