# ADRODDIAD SCAA SBAR REPORT

#### Sefyllfa / Situation

The full performance assurance report is made available in the format of a Power BI dashboard which can be accessed via the following link: <a href="Integrated Performance Assurance Report (IPAR)">Integrated Performance Assurance Report (IPAR)</a> dashboard as <a href="at 31st January 2022">at 31st January 2022</a>. The IPAR dashboard includes data for all measures and narrative for measures showing concern.

An update on IPAR developments:

- A strategic objective filter has been added to the IPAR dashboard.
- Planning Objectives have been assigned to all measures, with the planning objective reference provided in brackets for each measure name within the IPAR dashboard.
- New Improving Together measures have been added to the IPAR dashboard, including economic measures, which are accessible via the 'Finance' topic filter.
- Statistical Process Control (SPC) calculations are now being completed using Structured Query Language (SQL) programming, rather than Excel.

The Sustainable Resources Committee (SRC) Committee is requested to advise on any issues that require escalation to the March 2022 Board meeting.

Please refer to the help pages on the performance report dashboard for a key to the icons used in the SPC charts. There are also two short videos available to explain more about SPC charts:

- Why we are using SPC charts for performance reporting
- How to interpret SPC charts

If assistance is required in navigating the IPAR dashboard, please contact: Performance Team - GenericAccount.PerformanceManagement@wales.nhs.uk

#### Cefndir / Background

The <u>final NHS Wales Delivery Framework 21/22</u> was published in October 2021 and is modelled on 'A Healthier Wales' quadruple aims, as part of the 'Single Integrated Outcomes Framework for Health and Social Care'. This document can also be accessed via the supporting documents section of the *Monitoring our performance* internet page - <a href="https://hduhb.nhs.wales/about-us/performance-targets/our-performance-areas/monitoring-our-performance/">https://hduhb.nhs.wales/about-us/performance-targets/our-performance-areas/monitoring-our-performance/</a>.

#### Asesiad / Assessment

### Finance - Agency spend

High agency spend continues for premium agency Medical and Nursing staff due to high vacancies, absence cover and continued pressures in emergency departments across the four acute sites. Workforce issues will be further discussed at the Systems Engagement meetings. A potential improvement as a consequence of the implementation of the Allocate roster system is anticipated. Reduction in variable pay is a key strategic aim for the Workforce department.

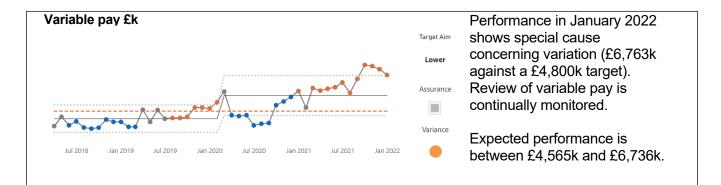

Performance in January 2022 shows special cause concerning variation (7% against a 4.79% target). Review of agency spend is continually monitored.

Expected performance is between 3.6% and 7.7%.

## Finance – Variable pay

High variable pay costs are being incurred across a wide range of staff professions due to a combination of high vacancy rates, absence cover for leave and continued pressures across all four acute sites emergency departments. Nurse Agency expenditure continues its upward trajectory this month as pressures continue in Unscheduled Care. This has been further impacted this month by the recognition of enhanced rates of payment made to Specialist categories and the Executive agreement to offer enhanced rates of overtime to substantive and bank staff.

Workforce issues are discussed in Systems Engagement meetings and there is potential improvement as a consequence of the implementation of the Allocate roster system. Reduction in variable pay is a key strategic aim for the Workforce department.

# **Argymhelliad / Recommendation**

The Committee is requested to consider the SRC measures from the Integrated Performance Assurance Report and advise of any issues arising, including issues that need to be escalated to the March 2022 Public Board meeting.
