

All Wales Patient Self-Testing Blood Glucose Meters Guidance

Background

All Health Boards in NHS Wales, in conjunction with NWSSP Procurement Services have completed a procurement process to rationalise the choice of blood glucose meters for patients with diabetes.

Suppliers on the national drug tariff for these items were invited to participate and were subsequently evaluated on their technical and commercial capabilities.

This guidance is in place until at least 31st July 2026, at which point it will be reviewed.

Insulin Pumps

Insulin pumps are not included in this Guidance, please seek advice from specialist teams regarding these.

Continuous and Flash Glucose Monitoring

Continuous and Flash Glucose Monitoring are not included in this Guidance, please seek advice from specialist teams regarding these.

Specialist Categories

Please seek advice from specialist teams for Categories 3 and 4 if further options are required.
