

FOI.17721 - Attachment 1

1. Diagnostic Imaging Services

a. A list of all diagnostic imaging modalities delivered at each site (e.g., X-ray, CT, MRI, ultrasound, DEXA, fluoroscopy, interventional radiology, nuclear medicine)

The UHB provides within the table below, a list of all diagnostic imaging modalities delivered at each site.

Bronglais General Hospital (BGH)	Withybush General Hospital (WGH)	Glangwili General Hospital (GGH)	Prince Philip Hospital (PPH)	Cardigan Integrated Care Centre	Llandovery Hospital	South Pembrokeshire Hospital	Tenby Cottage Hospital
X-Ray	X-Ray	X-Ray	X-Ray	X-Ray	X-Ray	X-Ray	X-Ray
Computerised Tomography (CT)	CT	CT	CT				
Magnetic Resonance Imaging (MRI)	MRI	MRI	MRI				
Ultrasound Scan (USS)	USS	USS	USS				
Dexa	Nuclear Medicine	Fluoroscopy	Mammography				
Mammography	Mammography		Fluoroscopy				
Fluoroscopy	Fluoroscopy						

Please indicate whether these services are:

b. Provided fully in-house

The UHB confirms diagnostic imaging services are provided fully in-house.

c. Partially or fully outsourced (if so, to which provider)

The UHB confirms it does on occasion partially outsource services where additional activity is required. At present, the UHB has two (2) mobile MRI scanners that are provided by Compleo.

2. Broad-Ranging Ultrasound Services

a. Confirmation of ultrasound provision at each hospital

The UHB provides within the table below, details of ultrasound provision, split by hospital site.

Hospital Site	Yes/No
BGH	Yes
GGH	Yes
PPH	Yes
WGH	Yes

b. Types of ultrasound services offered (e.g., abdominal, MSK, vascular, obstetric, gynaecological, DVT, small parts, etc.)

The UHB provides within the table below, details of which types of ultrasound services it offers.

Abdominal
Musculoskeletal (MSK)
Vascular
Obstetric
Gynaecological
Deep Vein Thrombosis (DVT)
Small parts
Paediatrics

c. Number of Whole time equivalent (WTE) Sonographers currently engaged at the site(or across the board) through:

- Agency agreements
- Insourced agreements
- Bank/locum agreements

The UHB provides within the table below, the number of WTE sonographers currently engaged within the UHB through the requested agreements.

Agreement Type	WTE
Agency/Locum	2.0
Insourced	0
Bank	0.4

d. Please name any external providers of these agreements

The UHB confirms the names of the external providers for the agreements detailed within 2c are:

Agreement Type	Provider
Insourcing	Globe Insourcing
Locum/Agency	Medacs

e. Number of qualified sonographers currently employed per site (or across the board)

The UHB provides within the table below, the total headcount of qualified sonographers currently employed by the UHB, broken down by site.

Hospital Site	Number
BGH	6
GGH	13
PPH	6
WGH	7
Total	32

f. Use of:

- Internal NHS workforce
- Agency staff
- Locum sonographers
- Insourced ultrasound service providers (please name any external providers, including Diagnostic World if applicable)

The UHB provides the requested information within the table below:

Use of:	Yes/No
Internal NHS workforce	Yes
Agency staff	Yes
Locum sonographers	Yes
Insourced ultrasound service providers	Yes
Provide the name of any external providers	Globe Insourcing and Medacs

3. Radiography Workforce

a. Number of Radiographers employed by band (Band 5/6/7) at each imaging site

The UHB provides within the table below, the total headcount of radiographers employed by the UHB, split by band and hospital site, as at 30 July 2025.

Hospital Site	No. Band 5	No. Band 6	No. Band 7
BGH	5	10	10
GGH	7	18	11
PPH	5	15	9
WGH	5	18	7
Total	22	61	37

Please note: band 7 includes sonographers, reporting radiologists and clinical leads.

b. Use of agency or insourcing staff to support diagnostic imaging services (please specify providers where applicable)

The UHB provides below, the names of the providers it uses to support diagnostic imaging services:

Globe Insourcing
Medacs

4. Service Development and Future Planning

a. Any planned expansion or development of your diagnostic imaging and/or ultrasound services within the next 12–24 months

The UHB confirms it does have planned expansion/development of its diagnostic imaging and/or ultrasound services within the next 12 - 24 months.

b. Whether there is an intention to engage with independent providers to support service resilience, RTT backlog reduction, or workforce shortfall

The UHB confirms it does have the intention to engage with independent providers to support service resilience, referral to treatment backlog reduction and workforce shortfall.
