Septic Arthritis in Adults Questionnaire

1.	Which hospital do you work at?							
	Completed on behalf of Hywel Dda University Health Board							
2.	How many adult patients with septic	arthi	ritis c	loes	your hospit	al man	age in a month	?
3.	Does your department have a writt potential septic arthritis in adults?	en g	uidel	ine	for the inve	estigatio	on and manage Yes No Verbal Only	ement o
4.	Where is your guideline taken from? (For example, BSR, local guideline etc.)							
	N/A							
5.	When septic arthritis is a differential	diagı	nosis	, wh	at imaging i	s routir	nely requested?)
	Plain film radiographs of the joint	Х		Pleas	e specify:			
	CT MRI		1					
	Ultrasound	-	1					
	Other (please specify)							
6.	When the diagnosis is unclear, what additional imaging requested?							
	СТ			Pleas	e specify:			
	MRI	X Y lease specify.						
	Ultrasound	Х	1					
	No additional imaging requested							
	Other (please specify)							
7.	In a native joint, excluding the hip, w	here	is joi	int a	spiration co	mmonl	y performed?	
					Please specif	īy:		
	Emergency Department			х				
	Admissions Unit / Inpatient Ward							
	Operating Theatre							
	Radiology Department							
	Other (please specify)							

			Please	specify:	
Emergency Department					
Admissions Unit / Inpatient	War	-d			
Operating Theatre	···	x			
Radiology Department					
Other (please specify)
