Subject:	Commercial clinical trials
Date of Request:	7 March 2022

Requested:

I am trying to understand the level of clinical trials activity that is taking place in the UK. Specifically, can you tell me how many commercial clinical trials have been taking place in this Health Board during 2021?

This could be completed trials, or trials that are ongoing. When I say “commercial trials”, I mean trials that are funded or sponsored by a commercial company such as a pharmaceutical company.

Response:

Hywel Dda University Health Board (UHB) confirms that there were four (4) open commercial clinical trials (not observational studies) during the 2021 financial year.
