

Reference:	FOI.3378.20
Subject:	Dental contracts
Date of Request:	15 June 2020

Requested:

Enclosed are the data regarding the number of contracts held by dentists in each Local Health Board as presented by the Welsh Government for 2019.

I wonder if you could provide me with the same data at the Unitary Authority level for your Board.

Response:

Hywel Dda University Health Board (UHB) is unable to provide the information requested as the UHB did not publish the data provided and are therefore unaware of the information used to calculate each category.

We would therefore recommend that you redirect your request to the Freedom of Information Team in NHS Business Services Authority (BSA), who published the original data and may be able to help you with your enquiry. The web link to the FOI request page has been provided:-
