

Reference:	FOI.2842.20
Subject:	Electronic patient record systems
Date of Request:	2 April 2020

Requested:

Please could you answer the following questions:

1. What is the name of the Trust's current Electronic Patient Record (EPR) solution?
 - a. Are you planning to replace this solution, and if so, when?
 - b. Will this be via a formal procurement, and if so, which framework?
 - c. Is there budget currently allocated for this project?
 - d. Who would be the point of contact for this project?

2. What is the name of the Trust's current Patient Administration System (PAS)?
 - a. Are you planning to replace this solution, and if so, when?
 - b. Will this be via a formal procurement, and if so, which framework?
 - c. Is there budget currently allocated for this project?
 - d. Who would be the point of contact for this project?

3. What is the name of the Trust's current Electronic Prescribing and Medicines Management (ePMA) solution?
 - a. Are you planning to replace this solution, and if so, when?
 - b. Will this be via a formal procurement, and if so, which framework?
 - c. Is there budget currently allocated for this project?
 - d. Who would be the point of contact for this project?

4. What is the name of the Trust's current bed management / patient flow solution?
 - a. Are you planning to replace this solution, and if so, when?
 - b. Will this be via a formal procurement, and if so, which framework?
 - c. Is there budget currently allocated for this project?
 - d. Who would be the point of contact for this project?

Response:

1. Hywel Dda University Health Board (UHB) confirms the name of its current electronic patient record (EPR) solution is the Welsh Clinical Portal. This is a national system, developed by NHS Wales Informatics Service (NWIS).
 - a. The UHB confirms there are no plans to replace this solution.
 - b. Not applicable.
 - c. Not applicable.
 - d. Not applicable.

2. The UHB confirms the name of its current patient administration system (PAS) is the Welsh Patient Administration system. This is a national system, developed by NWIS.
 - a. The UHB confirms there are no plans to replace this solution.
 - b. Not applicable.
 - c. Not applicable.
 - d. Not applicable.

3. The UHB confirms it has no current electronic prescribing medicines management solution. A national service will be implemented when available from NWIS.
 - a. Not applicable.
 - b. Not applicable.
 - c. Not applicable.
 - d. Not applicable.

4. The UHB confirms it has no current bed management/patient flow solution. A national service will be implemented when available from NWIS.
 - a. Not applicable.
 - b. Not applicable.
 - c. Not applicable.
 - d. Not applicable.
