

Reference:	FOI.3637.20
Subject:	External well led review
Date of Request:	23 July 2020

Requested:

I would like to put in in place a freedom of information request to this trust regarding your last external well led review, could you tell me when it happened (MM/YY), who was commissioned to undertake it, and finally what was the cost of it?

Clarified:

The review I am enquiring about is self-appointed under the NHS Improvement's Well Led framework, see "continuous improvement" on link below for more details.

<https://improvement.nhs.uk/resources/well-led-framework/>

Response:

The NHS Improvement's Well Led Framework is a feature of the NHS in England. Hywel Dda University Health Board (UHB) is a part of NHS Wales, where alternative arrangements are in place for external assessments alongside a structured assessment process implemented by Welsh Government (WG) for all Health Boards across Wales.
