

<b>Reference:</b>	FOI.2098.19
<b>Subject:</b>	'Extreme' levels of pressure status
<b>Date of Request:</b>	4 December 2019

**Requested:**

How many days Wales' major hospitals reached status level 4, which is defined as 'extreme' levels of pressure.

The level only needs to be reached at some point during the day.

If possible, I would like the data to be given to me in two sets:

- I. Between December 3, 2017 and December 2, 2018
- II. Between December 3, 2018 and December 2, 2019

The hospitals I would like the data on include:

- Prince Phillip
- Bronglais
- Glangwili
- Withybush

**Response:**

The table below provides the number of recorded days Hywel Dda University Health Board's (UHB) hospitals reached status level 4 during the identified timeframe.

<b>Hospital Name</b>	<b>2017/18</b>	<b>2018/19</b>
<b>Prince Philip Hospital</b>	22	19
<b>Bronglais General Hospital</b>	57	46
<b>Glangwili General Hospital</b>	53	43
<b>Withybush General Hospital</b>	88	80
