

Reference:	FOI.025
Subject:	Fax machines
Date of Request:	19 January 2019

Requested

How many fax machines are still in use by the health board?

Response:

Hywel Dda University Health Board (UHB) regularly publishes its Freedom of Information requests and responses on its disclosure log. The UHB has previously answered a similar request, FOI/503/18 and has therefore applied a Section 21 exemption to your requests, which states that information may be exempted that if the information is reasonably accessible via a source within the public domain. FOI/503/18 is accessible via the following link:
