

<b>Reference:</b>	FOI.15784.24
<b>Subject:</b>	Female Genital Mutilation (FGM)
<b>Date of Request:</b>	22 October 2024

**Requested:**

1. How many cases of Female Genital Mutilation (FGM) were identified during the following periods?
  - a. 2019/20
  - b. 2020/21
  - c. 2021/22
  - d. 2022/23
  - e. 2023/24-present
2. How many cases of Female Genital Mutilation (FGM) were identified in under 18s during the following periods?
  - a. 2019/20
  - b. 2020/21
  - c. 2021/22
  - d. 2022/23
  - e. 2023/24-present
3. How many children under the age of 18 did health workers identify as vulnerable to Female Genital Mutilation (FGM) and report to social services and/or the police?
  - a. 2019/20
  - b. 2020/21
  - c. 2021/22
  - d. 2022/23
  - e. 2023/24-present
4. For the identified cases, how many of them were from those born outside the UK (and not in established British-African/Asian/Middle Eastern communities)?
  - a. 2019/20
  - b. 2020/21
  - c. 2021/22
  - d. 2022/23
  - e. 2023/24-present

**Response:**

1. to 3. Hywel Dda University Health Board (UHB) confirms that no cases of FGM are recorded on the UHB's Welsh Patient Administration System (WPAS), during the requested time periods. Also, we do not have a record of any child under the age of eighteen (18) years being identified as vulnerable to FGM.
4. Not applicable.
