

Reference:	FOI.16912.25
Subject:	Fowler's Syndrome
Date of Request:	23 March 2025

Requested:

1. How many women were diagnosed with Fowler's Syndrome during the following periods:
 - 2019/20
 - 2020/21
 - 2021/22
 - 2022/23
 - 2023/24
 - 2024/25
2. What is the treatment pathway for patients with Fowler's Syndrome?
3. How many of those who were diagnosed received treatment through NHS Wales?
 - 2019/20
 - 2020/21
 - 2021/22
 - 2022/23
 - 2023/24
 - 2024/25

Response:

1. Hywel Dda University Health Board (UHB) confirms no women were diagnosed with Fowler's Syndrome during the requested periods.
2. The UHB confirms that due to the rarity of Fowler's Syndrome, patients would be referred to a clinical lead within Urology in the first instance to agree the correct treatment.
3. Not applicable.
