

Reference:	FOI.10312.22
Subject:	Further information to your previous request FOI.10032
Date of Request:	17 November 2022

Requested:

1. Please specify the Operating software for all the 3 contracts
2. Please provide the number of virtual and physical servers for Softcat and Cristie Data

Response:

1. Hywel Dda University Health Board (UHB) does not have a specific operating system for the three contracts. The contracts detailed in FOI.10032 are used to host 400 servers which have a range of server based operating systems from Microsoft and Linux.
2. The physical servers and virtual servers are not relevant for Softcat / Cristie as these provide the software and storage; the actual servers run on the Cisco platform.
