

Reference:	FOI.11188.23
Subject:	GP practice lists
Date of Request:	4 March 2023

Requested:

1. A list of all GP practices who have closed their practice lists.
2. A list of GP practices who have capped lists.

Response:

1. Hywel Dda University Health Board (UHB) has no formal closed lists within its GP Practices.
2. General Medical Service (GMS) contractors are unable to 'cap' their lists, as this is not a provision of the regulations. Although the UHB currently has three practices with 'open but full' lists, this is not an official status or contractual right, and the UHB reserves the right to allocate patients.
