

<b>Reference:</b>	FOI.11972.23
<b>Subject:</b>	Health Board's Oncology ChemoCare system
<b>Date of Request:</b>	15 June 2023

**Requested:**

Further to FOI.11729 response, you said that your Trust is planning to replace your Oncology ChemoCare system. Could I clarify please do you have new systems already procured or are you going out on Tender?

**Response:**

Hywel Dda University Health Board (UHB) confirms that a national procurement tender for one oncology system to be implemented across NHS Wales, to replace the local systems currently in place, will begin later this year. The current contract expiry for the UHB's oncology system, ChemoCare, is October 2024.
