<b>Subject:</b>	Impact of COVID-19 on prostate cancer diagnosis in Urology
<b>Date of Request:</b>	22 September 2020

**Requested and response:**

We ask that you please indicate your answer by marking with an “X” next to any answers that apply or by deleting all answers that do not apply. Please avoid answering by italics, underlining or bold

Hywel Dda University Health Board provides the information below, as requested.

1. Did you suspend your MRI before biopsy service for patients with suspected prostate cancer as a result of the COVID-19 pandemic?
  - a. Yes
  - b. No    X
  - c. We did not offer MRI before biopsy before the pandemic
  
2. If yes, have you now resumed MRI before biopsy for patients with suspected prostate cancer?
  - a. Yes
  - b. No
  - c. No, but we refer patients elsewhere (Please state the referral area:)
  - d. N/A    X
  
3. Do you currently use a pre-MRI clinical triage for patients with suspected prostate cancer? By pre-MRI clinical triage, we mean a process, often Clinical Nurse Specialist led, that determines patient suitability for MRI before biopsy.
  - a. Yes    X
  - b. No
  
4. Has your radiology department introduced any new MRI exclusion criteria for patients with suspected prostate cancer as a result of COVID-19?
  - a. Yes (please specify:)
  - b. No    X
  - c. N/A
  
5. If yes, do you plan to maintain any of these exclusion criteria once restrictions to limit patients' COVID-19 risk are lifted?
  - a. Yes (please specify:)
  - b. No
  - c. N/A    X
  
6. Did you stop conducting biopsies for patients with suspected prostate cancer as a result of COVID-19 infection risks?

- a. Yes
- b. No    X

7. If yes, have you resumed biopsy services for patients with suspected prostate cancer?

- a. Yes
- b. Yes, but only for a subset of patients (please specify:)
- c. No
- d. No, but we refer patients elsewhere for prostate biopsy (Please state the referral area:)

8. Do you offer trans perineal biopsy under local anaesthetic?

- a. Yes
- b. No
- c. No, but we plan to in future (please specify when if possible:)            X

9. Following an MRI scan for suspected prostate cancer, what criteria do you use to select patients for biopsy? Please include all that apply:

- a. Patients with a PI-RADSs or Likert score of 1 or greater
- b. Patients with a PI-RADS or Likert score of 2 or greater
- c. Patients with a PI-RADS or Likert score of 3 or greater
- d. Patients with a PI-RADS or Likert score of 3 or greater, but only if PI-RADS or Likert score 3 patients have other clinical indications (such as age, ethnicity, PSA density) that make them higher risk            X
- e. Patients with a PI-RADS or Likert score of 4 or greater
- f. We do not offer MRI before biopsy
- g. We do not currently biopsy patients

10. Did you delay radiotherapy treatment for prostate cancer patients as a result of COVID-19?

- a. Yes
- b. No
- c. Partially (please specify:)    X  
The UHB confirms that some patients were put on a longer neo-adjuvant hormone therapy.
- d. N/A (please specify:)

11. If yes, have you cleared your backlog for prostate cancer radiotherapy treatment?

- a. Yes    X
- b. No
- c. N/A – We did not delay prostate cancer radiotherapy treatment

12. Did you delay radical prostatectomy for prostate cancer patients as a result of COVID-19?

- a. Yes    X
- b. No
- c. Partially (please specify:)
- d. N/A (please specify:)

13. If yes, have you cleared your radical prostatectomy backlog?

- a. Yes
- b. No
- c. N/A – We did not delay radical prostatectomy for prostate cancer patients

14. To address your backlog did or are you using a protocol to risk stratify patients and prioritise patients with high-risk and locally advanced prostate cancer for treatment within 3 months?

- a. Yes
- b. No
- c. No, we did not have a sufficient backlog to require patient prioritisation

15. Does your protocol apply to new patients with high-risk and locally advanced prostate cancer with the intention to radically treat them within 3 months of diagnosis?

- a. Yes
- b. No
- c. N/A - We do not have a protocol for patient prioritisation

16. Do you have prostate cancer Personalised Stratified Follow Up (PSFU) protocols in place?

- a. Yes
- b. No
- c. We are in the process of developing PSFU protocols

17. If Yes, do you have a digital remote monitoring system in place for follow up?

- a. Yes (Please specify the name of the system used: e.g My Medical Record, Patient Knows Best)
- b. No

18. If no, do you plan to implement a digital remote monitoring system for follow up?

- a. Yes - (Please specify the name of the system you plan to implement: e.g My Medical Record, Patient Knows Best)   
The UHB confirms that options are currently discussed within the Urology Planned Care Board with no final decision at this time.
- b. No

19. Which of the following criteria are part of your follow up protocols? (please mark all that apply:)

- a. Patients have access to a Support Worker who acts as their key worker for the duration of their follow up care.
- b. Patients have access to an online patient service that allows them to check test results, complete assessments, view patient information and message their clinical team.
- c. Patients attend a 4-hour supported self-management workshop with a group of 8 to 10 men to develop knowledge, skills and confidence to self-manage their condition
- d. Patients do not need to attend routine appointments unless an issue arises.
