

Reference:	FOI.17552.25
Subject:	Intra-vitreous treatments for any eye condition
Date of Request:	12 June 2025

Requested:

For the 4 months from January to April 2025, how many unique* patients received the following intra-vitreous treatments for any eye condition:

- Aflibercept
- Bevacizumab
- Brolucizumab
- Dexamethasone
- Faricimab
- Ranibizumab

*Please count a patient only once for any treatment, regardless of how many injections or implants they may have received.

Response:

1. Hywel Dda University Health Board (UHB) provides, within the table overleaf, the number of unique patients that received the intra-vitreous treatments listed, for all eye conditions, during the period 1 January to 30 April 2025.

Treatment	Number issued
Aflibercept	473
Bevacizumab	0
Brolucizumab	*
Dexamethasone	110
Faricimab	929
Ranibizumab	1,003

Where the figure in the table has been replaced with an asterisk (*), the UHB is unable to provide you with the exact number of patients due to the low number of cases (less than 5), as there is a potential risk of identifying individuals if this was disclosed. The UHB is therefore withholding this detail under Section 40(2) of the Freedom of Information Act (FOIA). This information is protected by the Data Protection Act 2018 (DPA)/UK General Data Protection Regulations (UK GDPR) as its disclosure would constitute unfair and unlawful processing and would be contrary to the principles and articles of the UK GDPR. This exemption is absolute and therefore, there is no requirement to apply the public interest test.

In reaching this decision, the DPA and UK GDPR define personal data as data that relates to a living individual who can be identified solely from that data or from that data and other information, which is in the possession of the data controller.
