

Reference:	FOI.11944.23
Subject:	NHS Dental Contracts
Date of Request:	13 June 2023

Requested:

Could you please provide the details of how many of the new NHS Dental contracts were handed back at the end of this financial year?

Clarified

If I could have the number of those who opted into the Contract Reform Model, alongside how many handed contracts back?

Response:

Hywel Dda University Health Board (UHB) confirms that as at 1 April 2022, forty seven (47) dental practices held contracts with the UHB for the provision of NHS General Dental Services; thirty eight (38) dental practices opted into the Welsh Government Contract Reform Model and nine (9) dental practices opted to continue with their extant contract.

Additionally, during the 2022/23 financial year, six (6) NHS contracts were handed back; four (4) of which were contract holders that had opted into the Welsh Government Contract Reform Model and two (2) from contract holders that had remained on the extant contract.
