

Reference:	FOI.9790.22
Subject:	Number of patients recorded as obese
Date of Request:	5 September 2022

Requested:

- 1) The number of people who were diagnosed as obese in each of the following years, categorised into age, gender and ethnicity
- 2018 - 2019
 - 2019 - 2020
 - 2020 - 2021
 - 2021 - to date 2022

Response:

The tables overleaf provide the number of people who were recorded as being coded with an ICD-10 code for obesity within Hywel Dda University Health Board's Welsh Patient Administration System (WPAS) during the requested timeframe, broken down into gender, ethnicity and age.

Gender	2018/19	2019/20	2020/21	2021/22
Male	541	497	463	483
Female	960	961	778	844

Ethnicity	2018/19	2019/20	2020/21	2021/22
Asian-Bangladesh	1	0	2	1
Asian-Indian	0	0	0	1
Not stated	717	692	565	606
Other mixed background	1	1	1	1
White	782	764	672	718
Other ethnic group	0	1	0	0
White and Black Caribbean	0	0	1	0

Age	2018/19	2019/20	2020/21	2021/22
0-9	4	7	4	6
10-19	31	11	17	12
20-29	222	201	169	184
30-39	160	189	144	134
40-49	120	118	128	112
50-59	277	254	135	202
60-69	319	344	270	288
70-79	281	256	292	292
80-89	83	70	79	93
90-99	3	8	3	4
100-109	1	0	0	0
