**Requested:**

Many thanks for your response – FOI.11365.23. Regarding the data about ERPC/miscarriage you have stated that those items use the same code and therefore it would be too time consuming to separate them out.

I'd be happy with the aggregate numbers of ERPC/RPOC/miscarriage for each of the five years as long as the coding system hasn't changed over that time.

If you were able to supply this additional information, it would be much appreciated.

**Response:**

Hywel Dda University Health Board (UHB) provides, within the table overleaf, the number of Evacuation of Retained Products of Conception (ERPC), Retained Products of Conception (RPOC) and miscarriages, as recorded on the UHB's Welsh Patient Administration System (WPAS), during the 2018 to 2022 calendar years.

<b>Procedure</b>	<b>2018</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>	<b>2022</b>
ERPC	106	76	57	64	84
RPOC	92	63	29	32	26
Miscarriage	141	133	119	108	111
