

Reference:	FOI.030
Subject:	Patient registrations at Pembrokeshire GP surgeries
Date of Request:	21 January 2019

Requested

Are you able to provide the following information on an annual basis please for Pembrokeshire GPs?

Time Period

2018, 2017, 2016, 2015, 2010, 2005

- New Patient Registrations per Pembrokeshire GP Practice
- Total Patients (or average) per Pembrokeshire GP Practice

I am happy to receive any data electronically, or in the form of spreadsheets etc

Response:

Hywel Dda is unable to provide you with new patient registration per Pembrokeshire GP practice for the requested time frame as this is not held by the UHB. In order to obtain this information the UHB would ask you to refer your request onto NHS Wales Shared Services (NWSSP) who hold the Primary Care Patient Register. Further information on how to contact NWSSP are available via the link below:

<http://www.nwssp.wales.nhs.uk/freedom-of-information-act-2000>

The UHB only holds total number of patients registered to GP practices within Pembrokeshire from 1 October 2011 onwards. This information has been provided as Attachment 1. In order to obtain information prior to this date the UHB would again ask that you redirect this part of your request to NWSSP.
