Subject:	Pregnant women presenting with trauma in Accident and Emergency (A&E) Departments
Date of Request:	13 March 2023

Requested:

- Does your hospital/trust have a trauma protocol/guidelines for pregnant patients presenting in the Emergency Department with trauma?
- If yes, could you please attach it with your response to this email?
- Which specialties are called for a trauma call in pregnant patients in ED?
- Do you routinely call Obstetrics and Gynaecology and Paediatrics/Neonatology as part of this initial trauma call?

Response:

Hywel Dda University Health Board regrets to inform you that it does not hold the information requested.

However, the UHB confirms that all patients presenting at its A&E Departments are treated on an individual needs basis. Depending on the severity of the trauma, the relevant service(s) are informed, and patients are treated in accordance with their clinical needs.
