

<b>Reference:</b>	FOI.10646.23
<b>Subject:</b>	Prevalence of Pericarditis and Myocarditis
<b>Date of Request:</b>	7 January 2023

**Requested:**

Please provide information on the Prevalence of Pericarditis and myocarditis in the Carmarthen, Ceredigion and the Pembrokeshire area.

**Response:**

Hywel Dda University Health Board (UHB) provides, within the table below, the number of inpatient and day case patients that were admitted to a UHB hospital with a condition of Pericarditis and/or myocarditis, as recorded on the UHB's Welsh Patient Administration System (WPAS), by county, during the 2019 to 2022 calendar years.

<b>County</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>	<b>2022</b>
Carmarthenshire	98	85	86	96
Ceredigion	29	17	21	30
Pembrokeshire	30	25	32	39

Please note:- As a time period for the data required was not provided by yourself, the UHB has provided data for the last four (4) full calendar years. Additionally, the data provided is not necessarily the primary diagnosis for admission, but it indicates that the patients admitted are recorded as suffering with these conditions.
