

Reference:	FOI 10072.22
Subject:	Primary Care rebate
Date of Request:	18 October 2022

Requested:

1. Please can you advise if any of your agreed rebates are conditional on achieving increased volumes/ market shares?
2. I would also like to request the process of how you review and evaluate the rebates presented to you.

Response:

1. Occasionally, rebates are conditional on achieving increased volumes/market shares. However, Hywel Dda University Health Board (UHB) only use them where the rebate supports the formulary decision already reached. If the product is not clinically acceptable, then the rebate does not overrule the evidence.
2. Rebates are negotiated nationally by the All Wales Procurement Team on behalf of NHS Wales Health Boards, to ensure equity of access for patients. The UHB has representatives on the All Wales Procurement Groups.
