

Reference:	FOI.6144.21
Subject:	Specialist Epilepsy consultations
Date of Request:	3 June 2021

Requested:

We therefore formally request under FOI, why there is a problem with funding continuity of this specialist fundamental healthcare clinic (epilepsy).

Response:

Hywel Dda University Health Board (UHB) confirms that the Specialist Epileptic Clinics delivered by Professor Kerr are not ending, due to a lack of funding. Ongoing discussions are taking place between the UHB's relevant services, to identify an appropriate route to ensure the continuation of the service and that patients' care needs are met.
