**Requested**

Has your hospital performed any stool antigen tests for helicobacter pylori testing from January 1, 2018 till December 31, 2018? If the answer is 'yes', could you provide me the number of stool antigen tests performed during this period.

**Response:**

Hywel Dda University Health Board (the UHB) can confirm that stool antigen tests for helicobacter pylori testing were performed by the UHB during the requested time frame. The UHB's microbiology department undertook 1,416 tests during the period 1 January 2018 to 31 December 2018.
