

Reference:	FOI.19705.26
Subject:	Substance misuse
Date of Request:	23 February 2026

Requested:

Under the Freedom of Information Act 2000, please provide the following information relating to adult structured substance misuse treatment services:

1. The total number of adults engaged in structured substance misuse treatment during each of the following financial years:
 - 2022/23
 - 2023/24
 - 2024/25
 - 2025/26 to date
2. The average active caseload (number of adults in treatment at any one time) for each of the above financial years, if held.
3. The number of adults who:
 - a. Successfully completed treatment in each financial year listed above.
 - b. Exited treatment early or dropped out in each financial year listed above.
4. Of those who exited treatment (successful or otherwise), how many re-presented to structured treatment:
 - a. Within 12 months.
 - b. Within 24 months.
5. If recorded, please provide the number of adults in structured treatment who were also open to Local Authority social care services during the same period.

Response:

1. Hywel Dda University Health Board (UHB) provides within the table below, the number of adults engaged across its Tier 2 and 3 commissioned substance misuse services, during the 2022/23 to 2024/25 financial years and 1 April to 31 December 2025.

Financial year	Number
2022/23	2,282
2023/24	2,187
2024/25	2,164
1 April – 31 December 2025	1,671

2. The UHB provides within the table below, the number of clients in treatment, during the 2022/23 to 2024/25 financial years and 1 April to 31 December 2025.

Financial year	Number
2022/23	1,115
2023/24	1,159
2024/25	1,227
1 April – 31 December 2025	1,222

3. The UHB provides within the table below, the number of patients that completed or did not complete treatment, during the 2022/23 to 2024/25 financial years and 1 April to 31 December 2025.

Financial year	Completed	Not completed
2022/23	1,997	177
2023/24	1,825	152
2024/25	1,796	140
1 April – 31 December 2025	1,448	99

4. & 5. The UHB does not hold this information, as the referrals do not include any information to identify those re-presenting for structured treatment or if they are open to other services.
