

<b>Reference:</b>	FOI.15976.24
<b>Subject:</b>	Translation Services
<b>Date of Request:</b>	15 November 2024

**Requested:**

I would like to know the ten most frequently translated languages in your hospitals by inhouse translation services, ranked from 1 to 10.

**Response:**

Hywel Dda University Health Board (UHB) confirms that the only language translated 'in-house' is Welsh. The UHB uses the Wales Interpretation and Translation Service (WITS) for all other languages requiring translation.
