

<b>Reference:</b>	FOI.16274.25
<b>Subject:</b>	Vaccinations
<b>Date of Request:</b>	1 January 2025

**Requested:**

Please can you provide the percentage uptake during the past five years for both the Covid 19 and influenza injections during the past five years among frontline NHS staff?

**Response:**

Hywel Dda University Health Board (UHB) does not hold all of the information requested for Covid-19 vaccinations, as the Welsh Immunisation System (WIS) only captured limited vaccination data for NHS staff.

However, as some of the information requested is already within the public domain, the UHB has applied an exemption under Section 21 of the Freedom of Information Act 2000 (FoIA), as information relevant to a part of your request is accessible by another means. From January 2021, the UHB published weekly bulletins on Covid-19 vaccine uptakes on its website, including those in Priority group 2.2 – Health care workers.

For ease of reference, please click on the link below, which will take you directly to the Covid-19 information, Latest vaccine updates:

Additionally, the UHB provides within the table below, the Influenza uptake percentages for its patient facing staff, during the 2019/20 to 2023/24 financial years.

<b>Financial year</b>	<b>Percentage uptake</b>
2023/24	38.05%
2022/23	47.3%
2021/22	53.9%
2020/21	55.2%
2019/20	49.4%
