The campaign raises funds to give children, young people and their families across the Hywel Dda region the opportunity to make magical moments which can be remembered forever. Scarlets Rugby allows the charity to promote The Wish Fund at its community hub (The Barn) before home games during the rugby season. This opportunity enables the charity team to provide literature regarding the campaign, meet supporters, offer face painting and also provides an opportunity for supporters to donate via a bucket collection. Occasionally, volunteers support the charity's attendance at The Barn. Sometimes these volunteers are HDdUHB staff and their families.
