ADRODDIAD SCAA SBAR REPORT

Sefyllfa / Situation

The purpose of this report is to provide an update to the Board in respect of recent Joint Committee and Collaborative meetings to include the following:

- Welsh Health Specialised Services Committee (WHSSC)
- Emergency Ambulance Services Committee (EASC)
- NHS Wales Shared Services Partnership (NWSSP) Committee
- Mid Wales Joint Committee for Health and Care (MWJC)
- NHS Wales Collaborative Leadership Forum (CLF)

Cefndir / Background

The Hywel Dda University Health Board (HDdUHB) has approved Standing Orders in line with Welsh Government guidance, in relation to the establishment of the Welsh Health Specialised Services Committee (WHSSC), Emergency Ambulance Services Committee (EASC) and NHS Wales Shared Services Partnership (NWSSP) Committee. In line with its Standing Orders, these have been established as Joint Committees of HDdUHB, the activities of which require reporting to the Board.

The confirmed and unconfirmed minutes, agendas and additional reports from WHSSC, EASC and NWSSP Committee meetings are available from each Committee's websites via the following links:

[Welsh Health Specialised Services Committee Website](#)

[Emergency Ambulance Services Committee Website](#)

[NHS Wales Shared Services Partnership Website](#)

The Mid Wales Healthcare Collaborative was established in March 2015 following a study of healthcare in Mid Wales commissioned by Welsh Government and undertaken by the Welsh Institute for Health and Social Care (WIHSC) (*ref: Mid Wales Healthcare Study, Report for Welsh Government, WIHSC – University of South Wales, September 2014*). In March 2018, the Mid Wales Healthcare Collaborative transitioned to the [Mid Wales Joint Committee for](#)

[Health and Care](#) whose role will have a strengthened approach to planning and delivery of health and care services across Mid Wales and will support organisations in embedding collaborative working within their planning and implementation arrangements.

The NHS Wales Collaborative Leadership Forum was constituted in December 2016. As the responsible governance group for the NHS Wales Health Collaborative it has been established to agree areas of service delivery where cross-boundary planning and joint solutions are likely to generate system improvement. The forum also considers the best way to take forward any work directly commissioned by Welsh Government from Health Boards and Trusts as a collective; and provides a vehicle for oversight and assurance back to Welsh Government as required. Assurance is given to individual Boards by providing full scrutiny of proposals.

Asesiad / Assessment

The following Joint Committee and Collaborative updates are attached for the Board's consideration:

Welsh Health Specialised Services Committee (WHSSC)

- Briefing notes from the WHSSC meeting held on 9th November 2021, setting out the key areas of discussion.

NHS Wales Shared Services Partnership (NWSSP) Committee

- Summary of key matters considered by NWSSP and any related decisions made at its meeting held on 23rd September 2021.

Mid Wales Joint Committee for Health and Care (MWJC)

- Update Report from the MWJC meeting held on 18th October 2021, setting out the key areas of discussion.

There are no further Joint Committee or Collaborative updates to include for the following reasons:

Emergency Ambulance Services Committee (EASC)

- No update received.

NHS Wales Collaborative Leadership Forum (CLF)

- The CLF has not met since the previous Board meeting.

Argymhelliad / Recommendation

The Board is asked to receive the minutes and updates in respect of recent WHSSC, EASC, NWSSP, MWJC and CLF meetings.

NHS WALES SHARED SERVICES PARTNERSHIP COMMITTEE

Reporting Committee	Shared Service Partnership Committee
Chaired by	Mrs Margaret Foster, Chair
Lead Executive	Mr Neil Frow, Managing Director, NWSSP
Author and contact details.	Peter Stephenson, Head of Finance and Business Development
Date of meeting	23 September 2021
Summary of key matters including achievements and progress considered by the Committee and any related decisions made.	
<p><u>Primary Care Programme</u></p> <p>Andrew Evans, Director of Primary Care Services, presented a deep dive on the development of the NWSSP response to the National Primary Care Programme. In particular he explained how NWSSP holds a substantial amount of data drawn from the large range of products and services that NWSSP deliver to the Primary Care Sector. These services vary between transactional (e.g. GP Payments), professional (e.g. Legal advice), and technical strategic (e.g. Estates Strategy advice). He explained that the team were currently working with Health Boards and DHCW to ensure that the team could move from data warehousing to data management helping to provide better links between data and outcomes. To take this agenda forward, and to better co-ordinate the services provided, NWSSP would look to establish a Steering Group.</p> <p><u>Managing Director Update</u></p> <p>The Managing Director presented his report, which included the following updates on key issues:</p> <ul style="list-style-type: none"> Members of the NWSSP SLG met with Welsh Government at the end of July as part of the formal JET process. In particular NWSSP were able to highlight the influence and contribution they have had on <i>A Healthier Wales</i> and how NWSSP will play their part in supporting the Health Boards and Trusts as they plan to recover and continue to respond to the pandemic. The Welsh Government team reflected on NWSSP performance during the last 12 months and were pleased that NWSSP were able to reach out beyond traditional boundaries in a supportive manner with a clear focus on problem solving. In particular they highlighted not only 'what' had been achieved but the consistent 'can do' attitude, positive behaviours, and high levels of competency of our staff across a wide range of services. The Committee Members noted that NWSSP recently reached the milestone 	

of 1bn items of PPE supplied to NHS Wales, and the Social Care and wider Primary Care sectors. A revised PPE strategy has been developed with a requirement to reduce stockholdings of the main items of PPE to a minimum of 16 weeks as requested by Welsh Government. Further work is being undertaken on storage requirement options over the next few months.

- The Temporary Medicines Unit was recently subject to a MHRA inspection which resulted in a very positive outcome with only minor issues identified. A further inspection will be undertaken towards the end of the year to support the granting of a Special Licence. The team continue to work on the development of alternative products which should improve quality, produce time savings within Health Boards, with increased value-for-money. However, for the time being, the priority and key focus remains on supporting the Vaccination Programme.
- The process for appointment of a new NWSSP Chair is well underway with several very strong candidates who took part in Stakeholder Panels recently. It is expected that the recruitment process will be completed by the early part of October.

Items Requiring SSPC Approval/Endorsement

IMTP

The Committee Members received an update from the Director of Planning with regard to the development of the IMTP for 2022-2025. In particular the following cross-cutting themes have been identified to underpin the delivery of the Ministerial Priorities, and also the wider Programme for Government:

1. Customer focus and end user experience;
2. Primary care delivery and advisory role;
3. Progress towards WBFG Act five ways of working;
4. Improve NWSSP engagement with and contribution to the Foundational economy in Wales;
5. Patient journey – promoting the impact of what NWSSP does;
6. Make maximum progress towards decarbonisation and addressing the climate emergency; and
7. A motivated and sustainable workforce; supporting their wellbeing.

The overarching NWSSP Strategy Map has also been updated to:

- Incorporate foundational economy and decarbonisation more clearly across the objectives and overarching goals;
- Reflect equality and inclusion within the underpinning text of NWSSP core values;
- Include reference to wider social value within the VFM objective; and
- Demonstrate our commitment to Welsh Language more visibly.

The Committee Members noted the further opportunity to develop the Strategy Map during 2022 once the new SSPC Chair is in post and in readiness for the 2023-2026 IMTP process. This would also allow more time for greater clarity on

recovery plans and content of the IMTPs of our customers and wider partners to emerge.

The Director of Planning agreed to arrange 1:1 discussions with all SSPC Committee Members during October and November as part of the IMTP development process. It was noted that this worked well last year. The Committee agreed to receive an indicative IMTP presentation with key messages at the November SSPC meeting.

The Committee **APPROVED** the planned approach.

Laundry Services - Glangwili Laundry Transfer

The Committee received a paper outlining the guiding principles and critical success factors against which the agreed transfer of the Glangwili Laundry will be completed. It is proposed that all applicable assets and liabilities will transfer from Hywel Dda to NWSSP with effect from October 1, 2021. It is not envisaged that land and buildings will transfer, and the laundry staff will remain employed by the Health Board.

The Committee **ENDORSED** the transfer which will also be considered at the September Hywel Dda Board meeting.

PPE Long-Term Plan

The Committee reviewed the long-term plan for the procurement and supply of PPE. Until the end of June 2021, NWSSP were holding 24 weeks' stock of PPE but this has since been reduced to a minimum of 16 weeks at the request of Welsh Government. Members noted that Welsh Government have requested NWSSP to continue to supply PPE to both Health and Social Care staff until the pandemic is deemed to be over. It was noted that the plan requires significant expenditure to be incurred on PPE over the next three years. The forecast expenditure is based on a number of assumptions that will need to be kept under review. An overarching Procurement Framework contract has now been deployed that seeks to substantially increase local purchasing, sustainability and reduce the reliance on international suppliers.

The Committee **ENDORSED** the submission of the Plan to the Health & Social Care PPE Procurement and Supply Group (comprising representatives from Welsh Government, Social Services and NWSSP) for approval.

Finance, Workforce, Programme and Governance Updates

Project Management Office Update – The Committee reviewed and noted the programme and projects monthly summary report, which highlighted the team's current progress and position on the schemes being managed.

Finance Report – The Committee reviewed the finance report and noted that there was a year-to-date underspend of £2.235m. The underspend was attributable to delays in appointing to vacancies as well as an increase in Legal &

Risk Services income. NWSSP senior leadership team have agreed £1.7m of non-recurrent re-investments within the divisions to accelerate the delivery of benefits and efficiencies. NWSSP are proposing to declare an additional £1.25m distribution to NHS Wales and Welsh Government in 2021/22. The forecast outturn remains at break even and NWSSP is on track to meet all other financial targets. In terms of the Welsh Risk Pool, the DEL expenditure is forecast to be in line with budget and the costs to be funded under the Risk Share Agreement remain at £16.5m.

Oracle Upgrade - Committee members were provided with an update on the Oracle Upgrade project following the Strategy and Development Board (STRAD) meeting on the 10th September 2021 at which it was agreed that NWSSP would continue to plan on the basis of undertaking the upgrade on 19th October 2021. The revised agreed downtime window is 4.30pm 14th October - 7am 19th October with a number of checkpoint updates planned over the weekend where the STRAD Board will be updated on progress via the MS Team channel.

People & OD Update – In-month sickness levels remain very low at just over 2% compared to a target of 3.3% with the cumulative figure just below target at 2.94%. As at the end of August, headcount was 4299, which is a 5% increase on the figure for July. The change is primarily driven by the addition of new services, particularly the Single Lead Employer, but also in the Medical Examiner Service. A continued focus is needed to improve the levels of PADR compliance which has fallen slightly.

Corporate Risk Register – there remain one red risk on the register, relating to the replacement of the NHAIS system. A new risk has been added relating to the need to upgrade the CLERIC system which is used by HCS to schedule and plan all deliveries.

MID WALES JOINT COMMITTEE FOR HEALTH AND CARE

UPDATE REPORT – OCTOBER 2021

1. Introduction

The Mid Wales Joint Committee met virtually via Zoom on 18th October 2021 with members of the public offered the opportunity to join the 'live' meeting to observe and ask any questions / raise any concerns during the Listening to You session. The main focus of the Joint Committee's business was to discuss the on-going work undertaken on the priorities and delivery plan for 2021/22 and the organisational Annual / COVID-19 Recovery plans.

2. Mid Wales Priorities and Delivery Plan 2021/22

The work of the Mid Wales Joint Committee is co-ordinated by the Mid Wales Planning & Delivery Executive Group which is led by the Chief Executive of Hywel Dda University Health Board in his role as Lead Chief Executive of the Mid Wales Joint Committee. The group has have met twice during this reporting period, 3rd August and 28th September 2021, with its next meeting planned for 6th December 2021. The main focus of the group's work is to oversee the development and implementation of the Mid Wales Priorities and Delivery Plan 2021/22 which is considered alongside individual organisational plans together with the consideration of any other emerging matters which require a collaborative discussion and regional approach.

The Mid Wales Joint Committee (MWJC) has an agreed Strategic Intent which supports a joined up approach to the planning and delivery of health and care services across Mid Wales. The Strategic Intent focuses on the delivery of five overarching aims to support partner organisations to work together to address the current health and care needs of the Mid Wales population as well as future challenges. Supporting these aims are a set of annually agreed Mid Wales specific priority areas which have been identified as areas which will provide added value in working on a Mid Wales footprint and which align to the Integrated Medium Term Plans (IMTP) / Annual / Regional Plans of the MWJC's partner organisations.

Enclosed at Appendix A is the latest update on the Mid Wales priorities and delivery plan for 2021/22.

3. Mid Wales Clinical Advisory Group

The Mid Wales Clinical Advisory Group, whose role is to provide clinical advice and make clinically based recommendations, meets bi-monthly and for this reporting period has focused on the following areas of work:

- Bronglais General Hospital Strategy Implementation Plan;
- Mid Wales Upper GI pathway;
- North Powys Wellbeing programme;
- Value Based Healthcare and how to work collaboratively;
- Workforce including training and development and new roles /ways of working.

At the request of the Planning and Delivery Executive Group the Clinical Advisory Group have held initial discussions on the agreed top two / three priority clinical pathways. It was noted that there needed to be a focus on the primary and community element of the pathway as well as the secondary care element. Those

suggested priority pathways which members have been asked to consider for discussion and final agreement at its next meeting on 2nd November 2021 include:

- Urology
- Ophthalmology
- Neurology / Neurology specialities
- Dermatology
- Frailty
- Vascular
- Elective Care
- Rapid diagnostic centres
- Prehabilitation
- Prevention and screening
- Respiratory
- Mental Health
- Social care

4. Recovery plans for Mid Wales

Health Boards submitted their final Covid-19 recovery plans to the Welsh Government at the end of June 2021 and are now working on the development of their long term response as part of the Integrated and Medium Term Plan (IMTP) planning process. Initial discussions have been held regarding the next steps for commissioning intentions and strategies for Mid Wales with the first meeting of lead planners and commissioners for the three Health Boards and the Mid Wales Joint Committee team due to take place on 15th November 2021. The Mid Wales Planning and Executive Delivery Group will consider the outputs from this meeting and the development of future plans to support the needs of the Mid Wales population at its meeting on 6th December 2021

5. Value Based Healthcare in Mid Wales

Since December 2020, the three Mid Wales Health Boards together with Rural Health and Care Wales have been working jointly to explore their respective approaches to Value Based Healthcare as well as define what it means for rurality. They have also been exploring the opportunities and increased benefits of working together, from which a number of commitments had arisen as follows:

- Establishment of a Value Based Healthcare joint post for which an appointment had been made with the postholder due to commence in post in September 2021. One of the first pieces of work they will be taking forward is the running of a case based education programme for the three Health Boards around delivering and understanding Value Based Healthcare.
- Utilising academic collaborations including a professorship in Health Economics post at Aberystwyth University to deliver a body of research on what the unique challenges were for delivering Value Based Healthcare in a rural economy and how look beyond these challenges.
- Agreement to fund two PhD students at Bangor University to develop a framework for assessing the economic value of Value Based Healthcare.

6. Support services in place for recovery from long COVID

A significant amount of work is being undertaken at both a national and level to support people with post-COVID syndrome which includes supporting health professionals to recognise the symptoms, signpost people to support and providing a clear pathway for people as they go through the healthcare system. One key support service developed nationally is the NHS Wales COVID-19 Recovery app, which is available in both English and Welsh. This is an online recovery programme to provide support to patients after COVID-19. The app, which has been developed by the NHS Wales Respiratory Group on behalf of the Welsh Government, is available to support individuals across Wales.

Locally all three Mid Wales Health Board have on their websites dedicated pages for supporting patients with their recovery from Long COVID which contain a suite of information sources for those support services available. Also, the three Health Boards either have services in place or nearing establishment for supporting people with recovery from Long-COVID.

7. Welsh Ambulance Services NHS Trust plan for rural ambulance services

During 2019 the Welsh Ambulance Services NHS Trust undertook a demand and capacity review of the Emergency Medical Services 999 response, on behalf of the Emergency Ambulance Services Committee. The review, focused on improving patient safety, with a particular focus on Amber, where the bulk of serious adverse incidents occur. The review identified that the Trust had a gap between the number of full time equivalent staff budgeted to fill its response rosters and the full time equivalent staff required to fill the rosters. It also identified a range of efficiencies for the Trust, in particular, re-rostering ambulance resource around the daily demand pattern.

The Welsh Ambulance Services NHS Trust has recently “paused” the next stage of the roster review to take the opportunity to review more recent data on the unscheduled care system to inform next steps. They have also taken the opportunity to consider feedback from operational colleagues and Trade Union partners.

8. Rural Health and Care Wales

The two-day Rural Health and Care Wales Conference ‘When Challenges lead to Change – improvements and innovation in Rural Health and Care’ which is due to be held on 9th and 10th November 2021 and centred around the following themes:

- The impact and implications of Covid-19 on Rural Health and Care;
- Novel ways of delivering Health and Care services in Rural areas;
- Rural Population Health, Well-being and Care ;
- The role of Rural Communities in Health and Care;
- Telehealth / Telemedicine and the remote delivery of Health and Care services in Rural areas;
- Social / Green Prescribing;
- Recruitment, Retention and New Roles in Rural Areas;
- Education, Training and Development in Rural Areas.

The Conference will be staged as a hybrid event, with a smaller in-person audience and live streaming for online access. m end of September.

Following the success of RHCW's first Webinar held on 20th July 2021, a second Webinar is now being planned for late January 2022. Work is in progress on the development of the programme for this session.

A review of Community Hospitals across Mid Wales is nearing completion, with some time having been taken to outline the background to Community Hospital development and provision, and the final report is due to be published shortly

9. Mid Wales Joint Scrutiny Working Group

The Mid Wales Joint Scrutiny Group, whose membership comprises members of the Scrutiny Committee for Ceredigion and Gwynedd Councils) met on the afternoon of 18th October 2021 following the Mid Wales Joint Committee meeting in the morning. Items to be discussed at the meeting are as follows:

- i) Recovery Plan in response to the Covid-19 pandemic:
 - Detailed look at the recovery plan and its priorities;
 - Deliverability of the proposals contained within.
- ii) Information on the steps being taken to support the workforce following the pressures of the pandemic.
- iii) Update on the joint working between Betsi, Hywel Dda a Powys in the region.
- iv) Mid Wales Joint Committee post Covid review.

10. Public and Patient Engagement and Involvement

During the COVID-19 pandemic the Joint Committee's social media sites have been used to continue to share key information with the public with feedback relayed back to relevant personnel and actioned, where necessary.

As the Mid Wales Public Service Boards are undertaking or due to undertake engagement exercises on their well-being needs it was agreed that the focus on the pilot project with Penglais School council members be changed to the local engagement being undertaken by Ceredigion Public Services Board on the Ceredigion Assessment of Local Well-being which closed on 8th October 2021.

The timescales for the public engagement exercises regarding the Assessment of Local Well-being for those areas within Mid Wales are as follows:

- Ceredigion Public Services Board: Engagement exercise closed on 08/10/21.
- Anglesey and Gwynedd Joint Gwynedd Public Services Board: Due to go out to engagement October/November 2021 with timescale to be confirmed.
- Powys Public Services Board: Due to go out to engagement 1st November to 16th December 2021.

11. Review of the Mid Wales Joint Committee

A review of the Mid Wales Joint Committee and how it currently operates is currently in progress. This includes a programme of meetings with members of the Mid Wales Joint Committee to seek their feedback to inform the outputs of the review. Following a request by the Voluntary Sector, meetings will now also be held with those Mid Wales Associations of Voluntary Organisations on their engagement and representation in the work of the Joint Committee. A draft report on the outputs of this review will be presented to meetings of the Mid Wales Planning and Delivery Executive Group on 6th December 2021 and to the Mid Wales Joint Committee on 24th January 2022.

Mid Wales Joint Committee Priorities and Delivery Plan 2021/22 – Summary Progress report as at October 2021

Priority	Objective(s) 2021/22	Update October 2021
Social and Green Solutions for Health	<ul style="list-style-type: none"> Review the impacts and outputs of Social and Green Solutions across Mid Wales. Review the focus and objectives of the Social and Green Solutions priority. 	<p>Work has continued on exploring the current provision of social and green solutions for health across Mid Wales, with ongoing work directed by the Welsh Government on the development of a national framework nearing completion.</p> <p>Whilst exploratory work is continuing, with more discussions required with Local Authorities across Mid Wales, it is prudent to await the outcome from the national research will be required before concluding the report as the recommendations will need to tie in with the national strategy.</p>
Ophthalmology	<ul style="list-style-type: none"> Review existing Ophthalmology service provision and waiting lists for Mid Wales in order to identify opportunities for a regional approach to recovery plans, ensuring consistent Primary Care support in the Ophthalmology pathway. Recruit to the Mid Wales Ophthalmology leadership role in order to secure leadership for an MDT approach across Mid Wales. Develop innovative solutions to address the continued gaps in Optometry service provision across the South Meirionnydd area. 	<p>Due to differences in Health Board datasets and available resources now not being available it has not been possible to develop a consistent Mid Wales Ophthalmology dataset for demand and activity data. As such the Joint Clinical Lead for Eye Care services / Consultant Ophthalmologist for Mid Wales will be re-advertised as soon as possible as a joint post between Powys Teaching Health Board (PTHB) and Hywel Dda University Health Board (HDdUHB). Betsi Cadwaladr University Health Board (BCUHB) have advised that they are not able to commit to the joint post until a consistent dataset is developed and demand and capacity planning undertaken. The job description and advertisement are currently being reviewed to reflect the two-partner arrangement and a meeting has been arranged for 13th October 2021 to agree the required actions to progress with the recruitment of this post.</p> <p>A meeting of managerial and clinical leads for HDdUHB, PTHB and Shrewsbury and Telford NHS Trust to discuss the opportunities for Ophthalmology Service links between Bronglais General Hospital, Powys and Shrewsbury and Telford NHS Trust has been arranged for 10th November 2021.</p>
