--	--	--	---	--	--	--	--	--

Assurance Key:

3 Lines of Defence (Assurance)		
1st Line	Business Management	Tends to be detailed assurance but lack independence
2nd Line	Corporate Oversight	Less detailed but slightly more independent
3rd Line	Independent Assurance	Often less detail but truly independent

Key - Assurance Required		<i>NB Assurance Map will tell you if you have sufficient sources of assurance not what those sources are telling you</i>
	Detailed review of relevant information	
	Medium level review	
	Cursory or narrow scope of review	

Key - Control RAG rating	
LOW	Significant concerns over the adequacy/effectiveness of the controls in place in proportion to the risks
MEDIUM	Some areas of concern over the adequacy/effectiveness of the controls in place in proportion to the risks
HIGH	Controls in place assessed as adequate/effective and in proportion to the risk
INSUFFICIENT	Insufficient information at present to judge the adequacy/effectiveness of the controls

Date Risk Identified:	Apr-21
Strategic Objective:	1. Putting people at the heart of everything we do and 2. Working together to be the best we can be and 3. Striving to deliver and develop excellent services

Executive Director Owner:	Gostling, Lisa	Date of Review:	Dec-21
Lead Committee:	People, Organisational Development and Culture Committee	Date of Next Review:	Jan-22

Risk ID:	1186	Principal Risk Description:	There is a risk that the HB will not be able to attract, retain and develop staff with the right skills to enable it to deliver what we need to do now and our strategic vision to improve the overall experience of patients and staff within Hywel Dda. This is caused by the lack of clinical (medical, nursing and therapies) staff with the right skills and values in the market and not being able to offer staff the space, time and support to develop the right skills. This could lead to an impact/affect on our ability to improve the well-being of our staff, improve service delivery, access to timely care, change, develop innovative and responsive models of care, initiate and deliver service change and improve patient outcomes
Does this risk link to any Directorate (operational) risks?			

Risk Rating:(Likelihood x Impact)	
Domain:	Workforce/OD
Inherent Risk Score (L x I):	5x5=25
Current Risk Score (L x I):	5x4=20
Target Risk Score (L x I):	3x2=6
Tolerable Risk:	8
Trend:	

Rationale for CURRENT Risk Score:
Using the workforce domain at present there is a daily occurrence where staff aren't able to be released for training, vacancies exist and despite agency usage deficits remain on a daily basis.

Rationale for TARGET Risk Score:
Through implementation of the planning objectives it would be expected that likelihood reduces to 3 possible with shortfalls monthly (would hope to reduce further) and impact would be reduced if staffing levels improve.

Key CONTROLS Currently in Place: (The existing controls and processes in place to manage the risk)
Recruitment processes in place
Induction process in process
HR policies (including those for employee relations) in place with programme of review
Training programmes in place (manager's passport, etc)
County workforce teams/business partners in place to provide workforce support to services (covering sickness absence, etc)

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
Having a flexible and responsive recruitment process that encourage local employment for local people	Further action necessary to address the controls gaps			
Current induction process does not focus on key things a new candidate needs to know and does not provide continuous/on-going support/information	Develop and implement a plan to roll out OD Relationship Managers to every directorate in the Health Board from September 2021. Their role will be to support the directorates in developing their people plan, as well as helping them to widen diversity and inclusion, develop their workforce, foster positive relationships and deliver successful and supportive home working arrangements for their teams (PO 1G).	Davies, Christine	31/12/2022	On track - New team of OD Relationship Managers appointed and now in post. ODRMs assigned to key organisational teams and professional staff groups. A development plan for the ODRMs is in progress now. People Culture Plans Framework being developed in conjunction with staff side colleagues.
Current HR policies (including employee relations) do not fully				

Staff Well-being Service and Psychological Service in place	Employee relations do not fully support work-life balance and put the person at the centre	Conduct a second 'Discovery' phase of the pandemic learning to understand more about staff experience so that approaches to rest, recovery and recuperation can be shaped over the next 2 years including a 'thank you offering' to staff. Report to be produced by Q1, staff experience optimisation by Q3 (PO 1H)	Davies, Christine	30/06/2022	On track - Discovery Report completed. Staff Psychological Wellbeing Programme in place. Programme in place for staff benefits optimisation, staff awards and recognition. Programme of intelligence gathering to improve staff experience and engagement over the next 12 months is in place.
Regular contact with Trade Union representatives/Staff Partnership forums	Lack of equity of access to training regardless of personal and professional circumstances	Develop a plan to optimise the resources from internal/external charitable funds to impact positively on staff health and wellbeing (PO 1I)	Davies, Christine	30/04/2022	On track - Project plans in place for each Workstream. Arts and Humanities Project Managers in post and project funds allocated. Bereavement Support Training Officer appointed in Oct21. Health and Wellbeing Champion Network developed. Lifelong Learning Fund Framework developed, about to be launched. Funding with regard to green gyms is subject to consideration with other green health initiatives. A paper combining this fund with wider charitable funds to support staff rest and recovery areas is being considered by the CFC in Nov21. Eco Therapy referral pathway developed.
Annual NHS staff surveys providing feedback from staff	Lack of agile approach to workforce training (eg 24/7 access, digital platforms)				
Separate clinical education programmes in place	Lack of support for services to people plan effectively	Develop a clinical education plan with the central aim to develop from within and attract from elsewhere, the very best clinicians. This plan will set out the educational offer for nurses, therapists, health scientists, pharmacists, dentists, doctors, optometrists, public health specialists and physicians associates. It will also set out how we will support this with access to the best clinical educators, facilities (training, accommodation and technology) and a clear plan to grow both the number of clinicians benefiting from education and the capacity to support this (PO 2D)	Glanville, Amanda	30/04/2022	Behind - Although currently behind target, it is envisaged that this will not impact the overall achievement date.
Apprenticeship programme and work experience programmes in place	Ability to understand and respond to staff feedback on well-being				
Leadership development programmes in place	Lack of a multidisciplinary approach to clinical education				
External ad-hoc talent programmes	Lack of a comprehensive package that enables local people to know what and how they can access workforce development initiatives in the Health Board				
	Lack of a comprehensive talent, succession planning and leadership development programme				
	Lack of appropriate training facilities (space and digital)				
	Lack of appropriate training budget				

Construct a comprehensive workforce programme to encourage our local population into NHS and care related careers aimed at improving the sustainability of the Health Board's workforce, support delivery of the Health Board's service objectives (both now and in the future) and offer good quality careers for our local population. This should include an ambitious expansion of our apprenticeship scheme (PO 2G)	Glanville, Amanda	31/08/2022	Behind - although increased momentum suggests this will not impact the overall achievement date. Behind target due to staffing issues, inability to recommence future workforce activities due to COVID-19 and gaining access to schools.
Construct a comprehensive development programme (incorporating existing programmes) for the whole organisation which nurtures talent, supports succession planning and offers teams and individuals the opportunity to access leadership development (PO 2H)	Davies, Christine	31/03/2023	On track - Programme delivery continues with STAR Cohorts 2 and 3. Medical Leadership Programmes continue with the Medical Leadership Forum, commencement of the New Consultant Programme in Nov21 and Peer Mentoring Workshop delivered in Oct21. Board Reverse Mentoring Programme continues and Board Development programme commenced in Nov21. Coaching Cohort 1 completed, Coaching Cohorts 2 and 3 in progress. Research into best practice is in progress to inform the Leadership Framework 2022 and beyond.
A robust workforce plan will be developed and regularly reviewed to reflect on staffing issues and will also look to introduce new ways of working and new roles to mitigate against national skills shortage professions.	Walmsley, Tracy	31/03/2022	Work underway linked with IMTP submissions, strategic recruitment & retention strategy also under development to support plan.

--

	Develop a programme for implementation by July 2021 to co-design with our staff every stage and element of our HR offer that embody our values. This will address: 1. the way the Health Board recruits new staff and provides induction; 2. all existing HR policies; 3. the way in which employee relation matters are managed and 4. equitable access to training and the Health Board's staff wellbeing services. The resulting changes to policies, processes and approaches will be recommended to the Board in September 2021 for adoption (PO 1F).	Gostling, Lisa	30/04/2022	On track - On track for 'recruit new staff', on track for 'induction programme', but behind for 'equitable access to training. This will not impact the overall achievement date
	Plan a Strategic Resourcing Programme (including Overseas RN Recruitment)	Thomas, Annmarie	31/03/2022	In progress
	Plan a Strategic Retention Programme	Davies, Christine	31/03/2022	In progress.
	Research "internal labour market" concept for health & social care (eg SWITCH example Sunderland Council)	Walmsley, Tracy	31/03/2022	In progress.

NWSSP Internal Audit on Workforce Planning in progress	Walmsley, Tracy	28/02/2022	All documents related to workforce planning and development shared linked to audit request. Meeting held to review 16/12/21. Follow up planning for Jan22.

Date Risk Identified:	Jun-21
Strategic Objective:	6. Sustainable use of resources

Executive Director Owner:	Thomas, Huw	Date of Review:	Sep-21
Lead Committee:	Sustainable Resources Committee	Date of Next Review:	Oct-21

Risk ID:	1199	Principal Risk Description:	There is a risk that the Health Board does not develop or deliver a credible plan to achieve financial sustainability. This is caused by insufficient data or intelligence driving theoretical opportunities which cannot be practically delivered by Operational Teams; change programmes are not sufficiently resourced or well-managed; or changes made to services which do not result in financial benefits as they address unmet demand or have unintended consequences. This could lead to an impact/affect on our inability to deliver financial sustainability which could lead to a resumption of financial turnaround with consequences for retention of the workforce, staff morale, poor patient experience and poorer value healthcare with a reduction of confidence from our stakeholders.
Does this risk link to any Directorate (operational) risks?			

Risk Rating:(Likelihood x Impact)		
Domain:	Finance inc. claims	
Inherent Risk Score (L x I):	4x4=16	
Current Risk Score (L x I):	4x4=16	
Target Risk Score (L x I):	2x4=8	
Tolerable Risk:	6	
Trend:	New risk	

Rationale for CURRENT Risk Score:

Issues have been raised over the ability of the Health Board to plan at a strategic and operational level for a number of years. The Health Board's performance over the last year has demonstrated a significant improvement in the ability to operationally plan and a developing maturity within the organisation. However, the Health Board's financial deficit has significantly deteriorated; significant workforce constraints remain; and the planning function remains small with significant opportunities to develop. These issues are exacerbated given the Health Board's financial deficit, with the need to not only shift resources to more appropriate settings, but provide care at considerably lower cost.

The Health Board's underlying deficit requires further refinement to fully explore and understand the opportunities for improvement which can be realised over the medium term. The forecast financial impact of COVID-19 on the underlying position is currently informed by modelling intelligence due to the fluid nature of the pandemic and the multitude of unknown variables inherent in such a situation. Furthermore, the funding from Welsh Government in response to the brought forward underlying position from FY21 (due to unidentified savings) has been confirmed on a non-recurrent basis. The WG funding for the direct response to the pandemic and for Elective Recovery plans is currently non-recurrent for FY22. For both, the recurrent funding position remains uncertain.

Rationale for TARGET Risk Score:

Achieving financial balance on a three-year rolling basis is a statutory requirement for the Board, and a clear requirement from the Board and Welsh Government. Strategic and operational planning in an integrated Health Board is inherently complex leading to potential disconnections between demand, operational capacity planning; workforce planning and financial planning. Given the challenge in delivering the savings required in FY21, a further (currently unidentified) requirement of £16.1m in FY22, and the implications of this in the medium term, it is unlikely that the Health Board will achieve a risk which is in line with the tolerable risk for the year. Consequently, the target risk score exceeds the tolerable risk at this point. This is not an acceptable position, and further work is ongoing to manage this risk.

Key CONTROLS Currently in Place: (The existing controls and processes in place to manage the risk)	Gaps in CONTROLS				
	Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed Further action necessary to address the controls gaps	By Who	By When	Progress
<p>Understanding the underlying deficit and Opportunities Framework. A pre-COVID-19 assessment has been completed, which will need to be refined as part of the Roadmap to Financial Sustainability.</p> <p>Very high level base-case long term financial model.</p> <p>A Planning Steering Group is in place to co-ordinate activities across key corporate functions.</p> <p>The Planning Team are embedded within the operational management structures across the organisation.</p> <p>A Strategic Enabling Group is in place to co-ordinate improvements to the Health Board's key systems to improve systems and processes across the organisation, including:</p> <p>Improving together - a programme to embed a quality management system to ensure consistency of approach in addressing quality and service improvement throughout the organisation.</p> <p>Agile Digital Business Group - a Group which reports into the Finance Committee which scrutinises business cases on digital investment to allow a rapid allocation, allocate resources promptly, learn from previous business case implementations and disinvest if appropriate.</p> <p>Value Based Health and Care Group: which ensures that the Health Board's rollout and deployment of VBHC is in line with plans and will facilitate the shift of resources over time.</p>	<p>Actions in response to external review of underlying deficit calculation largely superseded by necessary shift in focus in response to COVID-19.</p> <p>Assessment of impact of COVID-19 on underlying deficit requires refinement.</p> <p>Assessment not subject to planning scrutiny.</p> <p>Conversion of the Opportunities Framework, Savings Framework and Value for Money Framework into deliverable recurrent savings schemes.</p> <p>Early development of three-year Financial Plan.</p>	<p>Develop a detailed 3 year financial plan based on the finance team's assessment of allocative and technical value improvements, income opportunities and 3rd party expenditure value-for-money that can be captured within that timeframe. This plan should support the Health Board's other objectives and command the support of Welsh Government and the Board. This will require a process to allocate these opportunities to relevant budgets and support budget holders to identify, plan and deliver the changes necessary to realise those opportunities. A clear monitoring and escalation process will be required to ensure budget holders deliver their plans and Board maintains clear oversight (PO 6A)</p> <p>Establish an on-going process to review and refresh the assessment of technical and allocative value improvements and income opportunities open to the Health Board and use this both to maintain in-year financial delivery and future budget setting (PO 6B)</p> <p>Construct a 5 year financial plan that achieves financial balance based on securing the opportunities arising from the implementation of the strategy "A Healthier Mid and West Wales" and progress made in the interim period on the allocative and technical value improvements, income opportunities and 3rd party expenditure value-for-money improvements. This plan will command the support of Welsh Government and the Board (PO 6C)</p>	<p>Thomas, Huw</p> <p>Thomas, Huw</p> <p>Thomas, Huw</p>	<p>31/03/2022</p> <p>30/09/2021</p> <p>31/03/2022</p>	<p>On track - 5 year financial roadmap to breakeven in place with detailed work currently in progress with the IMTP updates across directorates. Finance Business Partner teams are on track to present financial sustainability options with the service, identifying the c.2.5% of recurrent savings that need to be delivered through the financial plan. Investments are undergoing internal scrutiny using the Four A's model. A prioritisation exercise will be concluded through the IMTP process in line with the PO deadline.</p> <p>On track - Whilst this will continuously need to update for new sources and opportunities, a baseline position and tools established and shared, with introductory training, via finance business partnering</p> <p>Behind - A 5 year financial plan has been developed and shared across the organisation. This is being used as the holistic direction for the more detailed Integrated Medium Term Plan (IMTP). The Finance Function have identified a roadmap to breakeven, evidenced via various allocative and technical studies.</p>

Develop the capability for the routine capture of PROMS and implement in all clinical services within 3 years. Establish the required digital technology and clinical leadership and engagement to facilitate pathway redesign based on these insights and put in place impact measurement processes to evaluate changes at a pathway level (PO 6D)	Kloer, Dr Philip	31/03/2024	On track - In line with the overall VBHC Programme Plan, individual project areas are planned out with clinical and service leads identifying approach, milestones and objectives. Finance Value work plan developed and reviewed in conjunction with the overall VBHC Programme Plan. Development of dedicated VBHC Clinical Leadership Group has been delayed due to unavailability of key personnel. Clinical engagement currently being undertaken on a service by service basis with the formation of the formal Clinical Leadership Group now planned for Q4.
Design and implement a VBHC education programme to be implemented by April 2021 with academic institutions for managers and clinicians that could also be offered to partners (PO 6E)	Kloer, Dr Philip	Completed	Completed - Second cohort of the 'Bringing Value to Life' Education Programme has been successfully completed as a face to face course, with work underway to deliver a third cohort in conjunction with BCUHB and PTHB.
Implement a VBHC pathway costing programme for all clinical services that is capable of being completed within 3 years, and prioritised based on the likelihood of generating change (PO 6F)	Kloer, Dr Philip	31/03/2024	On track - Regular formal and informal conversations in regional, national and indeed European groups. A standard but adaptive process has been put in place to support pathway costing. As an element of the overall VBHC programme, the finance team participate in early discussions with clinical and operational leads and co-produce the milestones and objectives where a financial perspective would be worthwhile.

<p>To be completed by the end of 2021/22 undertake a full analysis of our supply chain in light of the COVID-19 pandemic to assess the following:</p> <ul style="list-style-type: none"> - Length and degree of fragility - Opportunities for local sourcing in support of the foundational economy - Carbon footprint - Opportunities to eliminate single use plastics and waste <p>The resulting insights will be used to take immediate, in-year action where appropriate and develop proposed Planning Objectives for 2022/23 implementation (PO 6H)</p>	Thomas, Huw	31/03/2022	On track - The Centre for Local Economic Strategies have produced some initial strategy documents in relation to the development of a Community Wealth Building baseline assessment. This has been approved. Our carbon accounting report was submitted to Welsh Government ahead of the October deadline. As part of ISO14001 annual targets are set around measures to improve recycling.
<p>By September 2021 propose new Planning Objectives to establish locality resource allocations covering the whole health budget (and social care where agreed with partners) and test innovative approaches to driving the shift of activity from secondary care settings to primary and community care. Additional aims will be to ensure secondary care thrives in doing only what it can do, shifts are based on the needs and assets of the local population, and localities progressively close the gap between budget and target resource allocation (PO 6I)</p>	Thomas, Huw	30/09/2021	Behind - Whilst ambitious objective not delivered in way described. An innovative Locality Resource Tool baseline has been produced and shared via locality Directors and their teams.
<p>Rapid deployment of digital solutions to support with better intelligence allowing better local decision-making based on evidence.</p>	Thomas, Huw	30/09/2021	Refer to the Digital Strategy for actions and delivery timelines.
<p>By September 2021 develop a plan to achieve, as a minimum, the design assumptions set out in "A Healthier Mid and West Wales" related to the new hospital build on the current health board acute hospital sites. The aim will be to achieve these measures fully by March 2023 and the plan should set out expected trajectories towards this over 2021/22 and 2022/23 (PO 6K)</p>	Carruthers, Andrew	30/09/2021	Update to be provide in next report.

--

--

To develop, by 30 September, a plan to deliver £16m of recurrent savings based on opportunities for technical and allocative efficiencies across the Health Board's budgets. The savings will need to be deliverable on a pro rata basis by the end of the financial year to ensure that the underlying deficit does not further deteriorate. This will be based on the Health Board's developing opportunities framework, and developed in conjunction with budget managers across the organisation (PO 6J)

Thomas, Huw

30/09/2021

Behind - Progress is being made, but robust updates will be known in late December when the second iteration of the IMTP has been reviewed. Currently, the £11.5m has been included within our underlying deficit position, that has been shared with Welsh Government.

Gaps in ASSURANCES				
Identified Gaps in Assurance:	How are the Gaps in ASSURANCE will be addressed Further action necessary to address the gaps	By Who	By When	Progress
None identified.				

Plan in place to develop a long term financial plan.

High level financial assessment of A Healthier Mid and West Wales in place.

Planning Objectives overseen by Sustainable Resources Committee

2nd

Date Risk Identified:	Jun-21
Strategic Objective:	6. Sustainable use of resources

Executive Director Owner:	Paterson, Jill	Date of Review:	Dec-21
Lead Committee:	Sustainable Resources Committee	Date of Next Review:	Jan-22

Risk ID:	1198	Principal Risk Description:	There is a risk that the Health Board will be unable to successfully support the shifting of care in the community. This is caused by entrenched, complex arrangements and systems that will need be worked through to support a new approach to the delivery of care in line with our strategy, as well as a need to support the population in changing their behaviour and the way they have historically accessed services. This could lead to an impact/affect on on inefficient services, undeliverable plan and poorer outcomes for the population.
Does this risk link to any Directorate (operational) risks?			

Rationale for CURRENT Risk Score:
 There is a recognition that this is complex and there are a number of historical process and system issues to be addressed, and there continues to be traditional patient behaviours and expectations within the population on how services are accessed and provided. Current internal processes do not facilitate and support the transition to new way of working and shifting of services and their resources.

Rationale for TARGET Risk Score:
 The target score will be reached through working with business partners and through the work of operational delivery group, as well as wide engagement across organisation to establish understanding and support for new way approaches to delivering care.

Key CONTROLS Currently in Place:
 (The existing controls and processes in place to manage the risk)

Transformation Steering Group (TSG) & Strategic Enabling Group (SEG) to support strategic innovation and development in the UHB

Operations Innovation 'Board' (new Silver) to aid planning to optimal level, with workstreams and system overarching group.

CHC and UHB Protocol for managing low level service change

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
Workforce capacity to shift from secondary to community/ opportunities to use staff skills appropriately	Planned care recovery plan - To develop plans capable of being implemented during 2021/22 to achieve WG targets in relation to RTT, Diagnostics, Therapies, Cancer and Mental Health using measures of likely harm as a way to prioritise initial action in 2021/22 (GI)	Carruthers, Andrew	31/03/2022	There are currently significant pressures on services, which has led to disruption in the re-starting of Planned Care services
Optimal use of digital to support delivery of patient care				

<p>All Business Cases need to be taken through Transformation Steering Group.</p> <p>IMTP in place for every cluster which is submitted to WG</p> <p>WHC (18) 025 - Improving Value through Allocative & Technical Efficiency: A Financial Framework to Support Secondary Acute Services Shift to Community/Primary Service Delivery</p>	<p>Financial resources to invest in new technologies to improve demand and capacity across the system</p>	<p>Propose new planning objectives for the following year to pilot and test innovate approaches to offering people with complex and/or rising health and care needs (accounting for 15% - 30% of our population) greater control over the choice of care and support they need. The aim of these approaches must be to improve the value (outcome vs cost) from the services we provide (PO 1D)</p>	<p>Paterson, Jill</p>	<p>30/09/2021</p>	<p>On track - Early discussions have taken place.</p>	
	<p>Resistance in secondary care to moving resources in primary and community care</p>	<p>Maximising efficiencies in secondary care</p> <p>Limited by vision of what is available to and resourcable by the UHB.</p>	<p>To develop an initial set of integrated locality plans by September 2021 incorporating the plans developed by our clusters, based on population health and wellbeing and which are focused on the principles of sustainable and resilient services, timely advice and support to the local community on health and wellbeing, maintaining social connection, and independence and activity. This will require co-production with Local Authority Partners and the Third Sector. The scope of this will include all Community, Primary Care, Third sector, Local Authority and other Public Sector partners. (PO 5H)</p>	<p>Paterson, Jill</p>	<p>30/09/2021</p>	<p>On track - An initial set of Integrated Locality Plans were submitted by 25Oct21. Further work is now underway to align to the Cluster Plans and the wider system plans submitted through the IMTP. Discussions at a system level to ensure as much alignment as possible with Local Authority and Third Sector partners. National discussions around the development of Accelerated Cluster Development continue to be undertaken as some concerns around the model and timescale have been fed back to the Strategic Programme. 2022/23 will potentially be a foundation year to progress the development of ACD.</p>
	<p>Develop and implement a comprehensive and sustainable 24/7 community and primary care unscheduled care service model (PO 5J)</p>		<p>Paterson, Jill</p>	<p>31/03/2024</p>	<p>On track - Update to be provide in next report.</p>	
	<p>Develop and implement plans to deliver, on a sustainable basis, NHS Delivery Framework targets related to Quality & Safety, Primary care, Secondary care and MH services within the next 3 years (see specific requirements 5.a.i), consistent with the Health Board's Strategy - "A Healthier Mid and West Wales" (PO 5A)</p>	<p>Moore, Steve</p>	<p>31/03/2024 TBA</p>	<p>Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board in Jan22 as part of the IMTP process.</p>		

Develop and implement plans to deliver, on a sustainable basis , locally prioritised performance targets related to Quality & Safety, Primary care, Secondary care and MH services within the next 3 years (see specific requirements 5.b.i), consistent with the Health Board's Strategy - "A Healthier Mid and West Wales" (PO 5B)	Moore, Steve	31/03/2024	Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board in Jan22 as part of the IMTP process.
Produce a final business case for the implementation of a new hospital in the south of the Hywel Dda area for the provision of urgent and planned care (with architectural separation between them) (PO 5C)	Davies, Lee	31/03/2024	Behind - Work is underway to detail the critical path activities for achievement of the PO target date. There are significant challenges, some of which will become clearer as the PBC process is completed and more is understood regarding the business case requirements for the programme and the key tasks required in relation to the new hospital site selection and planning approval. This will be reported to the CEO through the Programme Group.
Implement the remaining elements of the Transforming MH & develop and implement a Transforming LD strategy in line with "Improving Lives, Improving Care" over the next 3 years and also develop and implement a plan for Transforming specialist child and adolescent health services (CAMHS) and autistic spectrum disorder and ADHD. (See specific requirement 5.G.i) (PO 5G)	Carruthers, Andrew	31/03/2024	On track - TMH is subject to a mid-point review which is due to be completed by Feb22. Transforming Learning Disability continuing to modernise. CAMHS services have received significant investment in year and with previous year's growth the service structure needs to be strengthened managerially in light of the increased range of services that are to be provided. Plans being developed to outsource ASD assessments. Adult ADHD has taken on a 2.6 fixed term WTE to address the assessment waiting list.

By December 2020 undertake a comprehensive assessment of all Health Board Children & Young People Services to identify areas for improvement. From this, develop an implementation plan to address the findings by March 2024 at the latest. The assessment process and implementation plan should include the voices of children and young people and have clear links to the wider work being progressed by the RPB (PO 5I)	Carruthers, Andrew	31/03/2024	Update to be provide in next report.
Develop and implement a plan to address Health Board specific fragile services, which maintains and develops safe services until the new hospital system is established (PO 5O)	Carruthers, Andrew	31/03/2024 TBA	Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board in Jan22 as part of the IMTP process.
To develop and implement a plan to roll out an interface asthma services across the Health Board from April 2021, working across primary and secondary care. The aim of this is to enhance pathway value by reduce asthma related morbidity and mortality whilst improving access to expert opinion and reducing secondary care demand (PO 5Q)	Paterson, Jill	30/11/2021	On track - Update to be provide in next report.
Develop a detailed 3 year financial plan based on the finance team's assessment of allocative and technical value improvements, income opportunities and 3rd party expenditure value-for-money that can be captured within that timeframe (PO 6A)	Thomas, Huw	31/03/2022	On track - 5 year financial roadmap to breakeven in place with detailed work currently in progress with the IMTP updates across directorates. Finance Business Partner teams are on track to present financial sustainability options with the service, identifying the c.2.5% of recurrent savings that need to be delivered through the financial plan. Investments are undergoing internal scrutiny using the Four A's model. A prioritisation exercise will be concluded through the IMTP process in line with the PO deadline.

--

--

Construct a 5 year financial plan that achieves financial balance based on securing the opportunities arising from the implementation of the strategy "A Healthier Mid and West Wales" and progress made in the interim period on the allocative and technical value improvements, income opportunities and 3rd party expenditure value-for-money improvements. This plan will command the support of Welsh Government and the Board (PO 6C)	Thomas, Huw	31/03/2022	Behind - A 5 year financial plan has been developed and shared across the organisation. This is being used as the holistic direction for the more detailed Integrated Medium Term Plan (IMTP). The Finance Function have identified a roadmap to breakeven, evidenced via various allocative and technical studies.
By September 2021 propose new Planning Objectives to establish locality resource allocations covering the whole health budget (and social care where agreed with partners) and test innovative approaches to driving the shift of activity from secondary care settings to primary and community care. Additional aims will be to ensure secondary care thrives in doing only what it can do, shifts are based on the needs and assets of the local population, and localities progressively close the gap between budget and target resource allocation (PO 6I)	Thomas, Huw	30/09/2021	Behind - Whilst ambitious objective not delivered in way described. An innovative Locality Resource Tool baseline has been produced and shared via locality Directors and their teams.

Regional Partnership Fund Group	2nd			Board (Nov21)
Board Seminar discussions	2nd			
Delivery of Planning Objectives overseen by Executive Team and Board Committees	2nd			

Date Risk Identified:	May-21
Strategic Objective:	3. Striving to deliver and develop excellent services

Executive Director Owner:	Thomas, Huw	Date of Review:	Dec-21
Lead Committee:	Strategic Development and Operational Delivery Committee	Date of Next Review:	Jan-22

Risk ID:	1190	Principal Risk Description:	There is a risk that the workforce do not have the capacity to engage and contribute in the ambition to strive for the delivery of excellence. This is caused by the shared commitment to implementation not being jointly owned across the Health Board. This includes ensuring that the approach is widely adopted (mindset); that skills are developed across the organisation to implement the approach (skillset) and that the systems required to support the rollout are implemented (toolset). This could lead to an impact/affect on the pace of our recovery and re-set process.
Does this risk link to any Directorate (operational) risks?			

Rationale for CURRENT Risk Score:
 Current operational pressures present a challenge with respect to engagement with teams. We need to co-design the implementation of the concept with operational teams, prior to it being rolled out further. Once the implementation has been achieved in one area, and when we have had an opportunity to speak to and visit systems elsewhere who have adopted similar approaches, this will enable teams to have a better understanding of how the concept can be brought to life. We are working with an operational team currently, so this process has commenced. Due to current operational and covid pressures as at December 2021, the Performance team are unable to meet with operational staff.

Rationale for TARGET Risk Score:
 We have identified one team to work with, so initial discussions have commenced. The concept has been designed by a number of different directorates and as such there is support from a number of different corporate teams. Improvement Cymru are also supporting us with the journey. The approach has been successfully implemented in a number of trusts nationally, and they have documented improvements in performance in key areas as a result.

Key CONTROLS Currently in Place:
 (The existing controls and processes in place to manage the risk)

Key Board outcome indicators with aligned qualitative and quantitative measures.

Improving Together Plan.

Improving Together Steering Group reports into SEG. This meet monthly to review progress in relation to developing the concept and roll out.

Improving Together Work streams to develop initial concept prior to

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
Cohesive engagement and capacity of operational teams to engage in co-designing the implementation and developing sufficient organisational learning to move forward.	Further action necessary to address the controls gaps			
Availability of data that is accessible for teams to identify improvements	Develop and implement plans to deliver, on a sustainable basis, NHS Delivery Framework targets related to Quality & Safety, Primary care, Secondary care and MH services within the next 3 years (see specific requirements 5.a.i). These plans must be consistent with the Health Board's Strategy - "A Healthier Mid and West Wales" (PO 5A)	Moore, Steve	31/03/2024 TBA	The implementation of Improving Together will help ensure and focus and alignment with team and strategic goals. PO 5A re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board in Jan22 as part of the IMTP process.

<p>engagement and roll out with operational teams.</p> <p>Head of Strategic Performance Improvement appointed and in post.</p> <p>Performance Dashboards developed for finance, workforce, quality and risk</p> <p>Existing datasets for NHS Delivery Framework</p> <p>Support and expert advice for improvement Cymru and appointed consultants</p> <p>Quality framework, with the Enabling Quality Improvement in Practice (EQliP) programme, improvement coach development programme and access to supporting resources/ teams (QIST/ VBHC/ TPO/ PMO/ OD/ workforce/ R&D etc)</p>	<p>Insufficient data to recognise trends and identify improvements</p> <p>No agreed performance arrangements in place</p>	<p>Develop and implement plans to deliver, on a sustainable basis , locally prioritised performance targets related to Quality & Safety, Primary care, Secondary care and MH services within the next 3 years. These plans must be consistent with the Health Board's Strategy - "A Healthier Mid and West Wales" (PO 5B)</p>	<p>Moore, Steve</p>	<p>31/03/2024 TBA</p>	<p>The implementation of Improving Together will help ensure and focus and alignment with team and strategic goals. PO 5B re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board in Jan22 as part of the IMTP process.</p>
		<p>To develop and implement a comprehensive approach to performance delivery and quality management that enables staff at all levels to strive for excellence whilst effectively delivering the basics. This approach will incorporate all performance requirements set by the Board, WG, regulators and inspectors and will be fully rolled out to all staff with managerial responsibilities by 31st March 2022 (PO 3A)</p>	<p>Thomas, Huw</p>	<p>31/03/2022</p>	<p>On track - 19 Board outcomes and measures covering our whole organisation and aligned to our 6 Strategic Objectives have been identified and agreed and were reported to the Sep21 Board. These measures combine both qualitative and quantitative measures. Currently working with Directorates to identify key qualitative (staff and patient feedback) and quantitative (WG Delivery Framework, local and well-being) measures for a Directorate performance dashboard. Working on identifying core metrics which all directorates must see and will also be cascaded through the UHB utilising Improving Together.</p>
		<p>Support from the OD Relationship Manager Team (PO 1G) to connect to the operational teams.</p>	<p>Gostling, Lisa</p>	<p>31/12/2022</p>	<p>On track - New team of OD Relationship Managers appointed and now in post. ODRMs assigned to key organisational teams and professional staff groups. A development plan for the ODRMs is in progress now. People Culture Plans Framework being developed in conjunction with staff side colleagues.</p>

--

Business intelligence and modelling - to establish real-time, integrated, easily accessible and comprehensible data to support our clinicians and managers with day to day operational planning as well as support the organisation's strategic objective to improve value of its services and shift resources into primary and community settings. The initial phase of this, involving as a minimum hospital data, should be in place by Sept21 with full inclusion of all health and social care data (as a minimum) by Mar24 (PO 3E)	Thomas, Huw	31/03/2024	Ahead - A proof of concept of a proposed Advanced Analytics Platform has been produced and further work is in development to refine the outputs. Work is continuing with social care to embed NHS number within their core demographic system, to allow matching of patients / citizens within both systems.
Link to PO 1A) Develop and implement plans to deliver, on a sustainable basis, NHS Delivery Framework targets related to workforce within the next 3 years. (1Ai Overall staff engagement score - scale score method)	Gostling, Lisa	31/03/2024	On track - On target to present first performance dashboard to PODCC in February 2022 ahead of March 2022 deadline.

Gaps in ASSURANCES				
Identified Gaps in Assurance:	How are the Gaps in ASSURANCE will be addressed Further action necessary to address the gaps	By Who	By When	Progress
No independent review of success	Developing an approach to evaluation	Davies, Mandy	31/08/2022	Update to be provided on next report.

Date Risk Identified:	May-21
Strategic Objective:	4. The best health and wellbeing for our individuals and families and our communities

Executive Director Owner:	Kloer, Dr Philip	Date of Review:	Oct-21
Lead Committee:	Strategic Development and Operational Delivery Committee	Date of Next Review:	Dec-21

Risk ID:	1192	Principal Risk Description:	There is a risk that the Health Board sets the wrong value for best health and well-being for individuals and communities. This is caused by seeing health and well-being through the NHS lens, using incorrect measures, not engaging with individuals and communities, and under and/or over-estimating potential for best health and well-being. This could lead to an impact/affect on the direction and strategy set by the Health Board, poorly designed services that do not improve outcomes for individuals and communities.
Does this risk link to any Directorate (operational) risks?			

Risk Rating:(Likelihood x Impact)		
Domain:	Health Inequalities/Equity	
Inherent Risk Score (L x I):	5x4=20	
Current Risk Score (L x I):	4x4=16	
Target Risk Score (L x I):	2x4=8	
Tolerable Risk:		
Trend:		

Rationale for CURRENT Risk Score:
Whilst the Board does undertake engagement with its population it is still defining its approach to continuous engagement, its approach to tackling inequality / inequity, and its understanding of the social model of health and well-being and what this means to its local population and communities. Well-being assessments are being updated by the PSBs, however the Board doesn't currently have an effective method of measuring the well-being of individuals, communities and the population. A number of plans and actions are currently in place to support mitigation of this risk, although not at population scale.

Rationale for TARGET Risk Score:
Actions include developing an implementable plan for continuous engagement, and the Board defining its approach to tackling health inequality, and also what the social model for health & well-being means to the Board and its population and further actions that are required. The comprehensive needs assessment, the actions on early years and food and well-being, and the implementation of locality based resourcing will all support mitigation of the risk to target score. There is however a residual risk, given measurement of population well-being is a challenge for all populations internationally.

Key CONTROLS Currently in Place:
(The existing controls and processes in place to manage the risk)

Statutory member of Public Service Boards and each county has undertaken a Wellbeing Assessment in 2017 with a set of actions for partners to implement

Key member of Regional Partnership Board (RPB)

Engagement unpinning Healthier Mid and West Wales Strategy

Equality Impact Assessments and consultation undertaken on service change

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
Need to understand the direction of travel	Review our capacity and capability for continuous engagement in light of COVID 19 and the ambitions set out in the continuous engagement strategy approved by Board in January 2019, and implement improvements over the next 1 year (PO 2C)	Davies, Lee	Completed	Complete - A new Planning Objective for 2022/23 has been proposed.
No universal accepted view of best health and wellbeing				
Understanding what health and wellbeing matters to our communities	Implement a plan to train all Health Board Therapists in "Making Every Contact Count", and offer to their clients by March 2022 (PO 4E)	Shakeshaft, Alison	31/03/2022	Behind - Director of Therapies & Health Sciences is reviewing this Planning Objective.
Lack of thorough engagement plan				

<p>Patient participation groups in place for some services, eg maternity, respiratory</p> <p>Close links between services and voluntary sector groups, eg AgeConcern, MIND</p> <p>Speaking to people re outcomes (Prog7 of Trans Fund)</p> <p>Together for change (supporting community led programme)</p> <p>Relationship with Community Health Council (2 weekly meeting with Chair and CEO and bi-monthly planning meetings)</p> <p>Working with disadvantaged/vulnerable groups</p> <p>Stakeholder Reference Group</p> <p>Staff Partnership Forum</p>	<p>Wellbeing assessments being able to provide the level of detail required to inform service improvement</p> <p>Staff do not routinely collect information on wellbeing on every encounter with our population</p>	<p>Develop a plan by September 2021 to improve the life chances of children and young people working with the "Children's Task Force" and begin implementation in April 2022, prioritised on the basis of the opportunity to improve the lives of the most deprived (PO 4F)</p>	<p>Carruthers, Andrew</p>	<p>31/03/2022 TBA</p>	<p>Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board as part of the IMTP process.</p>
		<p>Develop a local plan to deliver "Healthy Weight: Healthy Wales" and implement by March 2022 (PO 4G)</p>	<p>Jervis, Ros</p>	<p>31/03/2022</p>	<p>On track - The Health Board are currently working with Swansea Bay University Health Board to recruit to key posts to support this work (both areas failed to recruit previously so we are working together on combined roles).</p>
		<p>Contribute to the development and publication of a comprehensive needs assessment by April 2022, which meets the requirements of the Well-being of Future Generations Act and Social Services and Well-being Act. Based on these assessments, contribute to the setting of PSB and RPB objectives and the publication by April 2023 of a revised Area Plan and Well-being Plan for each local authority area (PO 4J)</p>	<p>Jervis, Ros</p>	<p>31/03/2023</p>	<p>On track - Work is underway with expected publication date of April 2022.</p>
		<p>Arrange a facilitated discussion at Board which is aimed at agreeing our approach to reducing Health Inequalities. This must include an analysis of current health inequalities, trends and causes, potential options to address the inequalities (e.g. Allocate disproportionate resource to the most disadvantaged or by "Proportionate Universalism") and identify tools and interventions aimed at addressing the causes. Develop specific planning objectives by September 2023 in preparation for implementation in 2024/5. (PO 4K)</p>	<p>Jervis, Ros</p>	<p>30/09/2023</p>	<p>Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board as part of the IMTP process.</p>

Design and implement a process that continuously generates new proposals that can be developed into planning objectives aimed at constantly moving us towards a comprehensive "social model for health and wellbeing" and cohesive and resilient communities. The process needs to involve our local population as well as a diverse set of thought and system leaders from across society (PO 4L)	Kloer, Dr Philip	31/03/2022	On track - The project has moved into a consolidation phase. Aberystwyth University is taking forward a synthesis of the literature gathered to date. Initial tasks will focus on an assessment of the completeness or otherwise of resources, and additional research as required. The thought leader interviews have led to initial themes being identified. A proposal to take forward place-based community mapping and development will be presented to Transformation Steering Group for agreement.
Create and implement a process in partnership with local authorities, PSBs and other stakeholders that engages and involves representatives of every aspect of the food system. This will include growers, producers, distributors, sellers, those involved in preparation and the provision of advice to individuals & organisations and thought leaders in this field. The aim is to identify opportunities to optimise the food system as a key determinant of wellbeing. The opportunities identified will then need to be developed into proposed planning objectives for the Board and local partners for implementation from April 2023 at the latest (PO 4N)	Kloer, Dr Philip	31/03/2023	On track - The project has defined the 'ask' and contracted with North Star Transition to produce a feasibility study, outlining the food system and the opportunities and gaps in service.
Develop and implement a food health literacy programme for Year 5 children with a pilot taking place in 2021/22, with scaling to all 3 counties of Hywel Dda within the next 3 years. The longer term goal will be to make this routine for all children in the area within the next 10 years (PO 4O)	Shakeshaft, Alison	31/03/2022 TBA	Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board as part of the IMTP process.

<p>To develop an initial set of integrated locality plans by September 2021 incorporating the plans developed by our clusters, based on population health and wellbeing and which are focused on the principles of sustainable and resilient services, timely advice and support to the local community on health and wellbeing, maintaining social connection, and independence and activity. This will require co-production with Local Authority Partners and the Third Sector. The scope of this will include all Community, Primary Care, Third sector, Local Authority and other Public Sector partners. (PO 5H)</p>	<p>Paterson, Jill</p>	<p>30/09/2021</p>	<p>On track - An initial set of Integrated Locality Plans were submitted by 25Oct21. Further work is now underway to align to the Cluster Plans and the wider system plans submitted through the IMTP. Discussions at a system level to ensure as much alignment as possible with Local Authority and Third Sector partners. National discussions around the development of Accelerated Cluster Development continue to be undertaken as some concerns around the model and timescale have been fed back to the Strategic Programme. 2022/23 will potentially be a foundation year to progress the development of ACD.</p>
<p>To be completed by the end of 2021/22 undertake a full analysis of our supply chain in light of the COVID-19 pandemic to assess the following: Length and degree of fragility; Opportunities for local sourcing in support of the foundational economy; Carbon footprint; Opportunities to eliminate single use plastics and waste. The resulting insights will be used to take immediate, in-year action where appropriate and develop proposed Planning Objectives for 2022/23 implementation (PO 6H)</p>	<p>Thomas, Huw</p>	<p>31/03/2022</p>	<p>On track - The Centre for Local Economic Strategies have produced some initial strategy documents in relation to the development of a Community Wealth Building baseline assessment. This has been approved. Our carbon accounting report was submitted to Welsh Government ahead of the October deadline. As part of ISO14001 annual targets are set around measures to improve recycling.</p>

--

	By September 2021 propose new Planning Objectives to establish locality resource allocations covering the whole health budget (and social care where agreed with partners) and test innovative approaches to driving the shift of activity from secondary care settings to primary and community care. Additional aims will be to ensure secondary care thrives in doing only what it can do, shifts are based on the needs and assets of the local population, and localities progressively close the gap between budget and target resource allocation (PO 6I)	Thomas, Huw	30/09/2021	Behind - Whilst ambitious objective not delivered in way described. An innovative Locality Resource Tool baseline has been produced and shared via locality Directors and their teams.

	Explore external/expert testing of our approach, eg, peer review	Kloer, Dr Philip	31/12/2022 TBA	Update to be provided in next report.
No established mechanism to collect and analyse data				
Lack of independent assurance mechanism				

Director of Public Health
Annual Report to Board

2nd

Date Risk Identified:	May-21
Strategic Objective:	5. Safe and sustainable and accessible and kind care

Executive Director Owner:	Davies, Lee	Date of Review:	Dec-21
Lead Committee:	Strategic Development and Operational Delivery Committee	Date of Next Review:	Jan-22

Risk ID:	1196	Principal Risk Description:	There is a risk the Health Board is not be able to provide safe, sustainable, accessible and kind services. This is caused by insufficient investment to ensure we have appropriate facilities, medical equipment and digital infrastructure of an appropriate standard. This could lead to an impact/affect on our ability to deliver our strategic objectives, service improvement/development, statutory compliance (ie fire, health and safety) and delivery of day to day patient care.
Does this risk link to any Directorate (operational) risks?			

Rationale for CURRENT Risk Score:
 Whilst a programme group has been established to manage the production of the programme business case to secure long term investment in support of the UHB health and care strategy, until the PBC is endorsed by WG, the UHB cannot assume investment is likely to be forthcoming at the scale or in the timelines required.

Rationale for TARGET Risk Score:
 The target risk score is predicated on the production and endorsement by WG of a PBC and subsequent outline and full business cases for the infrastructure required to support the UHB health and care strategy.

Key CONTROLS Currently in Place:
 (The existing controls and processes in place to manage the risk)

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
	Further action necessary to address the controls gaps			

<p>Annual programme of replacement in place for equipment, IT and Estates which follows a prioritisation process.</p> <p>When possible, aligning replacement equipment to large All Wales Capital schemes to minimise the impact on discretionary capital within the UHB.</p> <p>Completion of the medical devices inventory by the operational management team which helps in the prioritisation of available funds.</p> <p>Communication with Welsh Government via Planning Framework and IMTP (Infrastructure & Investment Enabling Plans) and regular dialogue through Capital Review meetings.</p> <p>Preparation of priority lists for equipment, Estates and IM&T in the event of notification of additional capital funds from Welsh Government i.e. in year slippage and to enable where possible, the preparation of forward plans. This is also addressed through the identification of high priority issues through the annual planning cycle.</p> <p>Digital Strategy.</p> <p>A programme structure has been established with the Chief Executive as SRO to develop the business cases required in support of the Health and Care Strategy, A Healthier Mid and West Wales. It is likely that all the capital mitigations for the over arching risk will be interim solutions only pending the major infrastructure investment plans to ensure the sustainability of the health and care strategy.</p>	<p>Reliance on WG capital to fund Business Cases and therefore the UHB may be unable to secure the capital investment to provide the services that we need.</p> <p>Capital funding is significantly short of the level required to deal with backlog maintenance programme for estates, digital & equipment.</p> <p>Impact that COVID recovery may have on the requirement for Capital Resources.</p>	<p>Produce a final business case by March 2024 for the implementation of a new hospital in the south of the Hywel Dda area for the provision of urgent and planned care (with architectural separation between them). Using the experience and change brought about by the COVID pandemic, the plan should be focussed on minimising the need for patients and staff to attend and, for those who require overnight care, the shortest clinically appropriate length of stay (PO 5C)</p>	Davies, Lee	31/03/2024	<p>Behind - The PBC team have undertaken a review of the critical path activities associated with completion of the full business case. The assessment, which has been included in the PBC is that this is unlikely to be concluded in advance of Q3 2025. The actual critical path cannot be fully determined until Welsh Government endorsement of the PBC and agreement on the likely funding route or routes to deliver the new hospital. This will continue to be managed through the Programme Group under the chairmanship of the CEO and will be reported to Board.</p>
		<p>Produce and agree the final business case by March 2024 for the repurposing of the GGH and WGH sites in line with the strategy published in November 2018 (PO 5D)</p>	Davies, Lee	31/03/2024	<p>Behind - This achievement of this action has a critical interdependency with the business case process for the new hospital and therefore the same caveats apply as listed above.</p>
		<p>Develop a plan with partners to address access, travel, transport and necessary infrastructure (PO 5E)</p>	Davies, Lee	31/03/2024	<p>Behind - This achievement of this action has a critical interdependency with the business case process for the new hospital and therefore the same caveats apply as listed above.</p>

<p>Implement the remaining elements of the Transforming MH & develop and implement a Transforming LD strategy in line with “Improving Lives, Improving Care” over the next 3 years and also develop and implement a plan for Transforming specialist child and adolescent health services (CAMHS) and autistic spectrum disorder and ADHD (PO 5G).</p>	<p>Carruthers, Andrew</p>	<p>31/03/2024</p>	<p>On track - TMH is subject to a mid-point review which is due to be completed by Feb22. Transforming Learning Disability continuing to modernise. CAMHS services have received significant investment in year and with previous year’s growth the service structure needs to be strengthened managerially in light of the increased range of services that are to be provided. Plans being developed to outsource ASD assessments. Adult ADHD has taken on a 2.6 fixed term WTE to address the assessment waiting list. The infrastructure requirements to support the TMH Service Strategy are being reviewed. In headline terms these are being included in the overarching AHMWW PBC. However, these will also be likely to be the subject of a separate TMH PBC when the infrastructure requirement are confirmed.</p>
<p>Development of final business cases for the delivery of improved community health infrastructure in support of the Health and Care Strategy, A Heathier Mid and West Wales. (No PO)</p>	<p>Davies, Lee</p>	<p>31/03/2024</p>	<p>The community infrastructure improvements are an integral part of the AHMWW PBC. During scrutiny of the PBC and planned endorsement by WG scoping meetings will be held on all additional community developments to establish the business case routes and timescales for completion. Community infrastructure developments already in train i.e. Cross Hands and Cylch Caron, Pentre Awel and Carmarthen Hwb will continue on their current timelines.</p>
<p>Development of Business Continuity Programme Business Case to address major infrastructure backlog on hospital sites.</p>	<p>Davies, Lee</p>	<p>31/03/2024</p>	<p>PBC has been endorsed by WG. The estates team are putting in place the resources required to develop the first priority business cases required for the approval of capital funds by WG.</p>

						Develop a plan for agile working across the Health Board, to reduce the requirement for physical space.	Davies, Lee	31/03/2024	Agile working Group in place with representation from key stakeholders and programme PMO / TPO support. Appointment of an external consultant resource made to support with the delivery of the programme over a 3 phase approach in 2021/22; Discovery, Design and Delivery phases, including a focus of supporting implementation of agreed pathfinder projects.

Update
(Planning) -
SDODC (Dec21)

Pentre Awel
Update -
SDODC (Aug21)

DCP Update -
SDODC (Oct21)

Date Risk Identified:	Apr-21
Strategic Objective:	2. Working together to be the best we can be

Executive Director Owner:	Moore, Steve	Date of Review:	Jan-22
Lead Committee:	People, Organisational Development and Culture Committee	Date of Next Review:	Feb-22

Risk ID:	1187	Principal Risk Description:	There is a risk that the Health Board does not have a strong enough reputation to attract people and partners to come and work with us. This is caused by the fragility of our services, the lack of understanding and buy-in to the Health Board's mission, geography, and Terms and Conditions of national contract of employment. This could lead to an impact/affect on our inability to recruit, retain and develop the best people, not realising the benefits of local support for the Hywel Dda charity, reduced confidence from stakeholders.
Does this risk link to any Directorate (operational) risks?			

Rationale for CURRENT Risk Score:
 Our reputation is growing and there are a number of Health Board and wider plans (such as the School of Nursing in Aberystwyth University) to make Hywel Dda an attractive place to live and work. These plans have yet to be felt to a significant degree in agency and locum usage although recent staff survey results (including the Medical Engagement Scale survey) provide some encouraging signs of improvement in some areas.

Rationale for TARGET Risk Score:
 The score reflects the fact that there is much the Health Board can do to improve but issues such as national terms and conditions of service, training placements and geography are outside of the Health Board's gift to change. There will always remain an inherent risk for health economies in more remote areas to attract and retain sufficient work force.

Key CONTROLS Currently in Place: (The existing controls and processes in place to manage the risk)
Strategic Equality Plan and Objectives for 2020-24
Continuous Engagement Strategy approved by Board in Jan19
Healthier Mid and West Wales Strategy approved by Board Nov18
Digital strategy
Access to capital funding from Discretionary Capital Programme (DCP) & All Wales Capital Programme (AWCP)

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
Having the right organisational culture to attract and retain staff to become employer of choice	Develop and implement a rolling programme of training to raise the awareness of equality, diversity and inclusion (EqD&I) (PO 2B).	Gostling, Lisa	TBC	Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board in Jan22 as part of the IMTP process.
Continuous and meaningful engagement with our population and involving the public in service planning and delivery	Review our capacity and capability for continuous engagement in light of COVID 19 and the ambitions set out in the continuous engagement strategy, and implement improvements over the next year (PO 2C)	Davies, Lee	Completed	Completed - A new Planning Objective for 2022/23 has been proposed.
Not having a clear and compelling strategy to attract and retain staff in				

<p>Prioritised list of equipment, estates/facilities, infrastructure improvements and infrastructure investments</p> <p>Apprenticeship Academy with established Healthcare apprenticeship programme in place</p> <p>Comprehensive OD programme, eg Nurse (STAR) programme, Aspiring Leadership Programme</p> <p>HEIW Talentbury</p>	<p>West Wales</p> <p>Having a learning culture</p> <p>Access to latest equipment and state of the art facilities for training and work</p> <p>Poor working and accommodation environments</p>	<p>Develop a clinical education plan with the central aim to develop from within and attract from elsewhere, the very best clinicians. This plan will set out the educational offer and also set out how we will support this with access to the best clinical educators, facilities (training, accommodation and technology) and a clear plan to grow both the number of clinicians benefiting from education and the capacity to support this (PO 2D)</p>	<p>Gostling, Lisa</p>	<p>31/12/2021</p>	<p>Behind - Although currently behind target, it is envisaged that this will not impact the overall achievement date.</p>
	<p>Not being able to offer latest technological developments</p> <p>Promoting the successes of the Health Board and individual and organisational achievements</p> <p>Ability to encourage local population to become part of our workforce</p>	<p>Construct a comprehensive workforce programme to encourage our local population into NHS and care related careers aimed at improving the sustainability of the Health Board's workforce, support delivery of the Health Board's service objectives (both now and in the future) and offer good quality careers for our local population. This should include an ambitious expansion of our apprenticeship scheme (PO 2G)</p>	<p>Gostling, Lisa</p>	<p>30/10/2021</p>	<p>Behind - although increased momentum suggests this will not impact the overall achievement date. Behind target due to staffing issues, inability to recommence future workforce activities due to COVID-19 and gaining access to schools.</p>
	<p>A comprehensive and well developed talent process</p>	<p>Construct a comprehensive development programme (incorporating existing programmes) for the whole organisation which nurtures talent, supports succession planning and offers teams and individuals the opportunity to access leadership development. (PO 2H)</p>	<p>Gostling, Lisa</p>	<p>31/10/2021</p>	<p>On track - Programme delivery continues with STAR Cohorts 2 and 3. Medical Leadership Programmes continue with the Medical Leadership Forum, commencement of the New Consultant Programme in Nov21 and Peer Mentoring Workshop delivered in Oct21. Board Reverse Mentoring Programme continues and Board Development programme commenced in Nov21. Coaching Cohort 1 completed, Coaching Cohorts 2 and 3 in progress. Research into best practice is in progress to inform the Leadership Framework 2022 and beyond.</p>

		To develop and implement a comprehensive approach to performance delivery and quality management that enables staff at all levels to strive for excellence whilst effectively delivering the basics. This approach will incorporate all performance requirements set by the Board, WG, regulators and inspectors and will be fully rolled out to all staff with managerial responsibilities by 31st March 2022. (PO 3A)	Thomas, Huw	31/03/2022	On track - 19 Board outcomes and measures covering our whole organisation and aligned to our 6 Strategic Objectives have been identified and agreed and were reported to the Sep21 Board. These measures combine both qualitative and quantitative measures. Currently working with Directorates to identify key qualitative (staff and patient feedback) and quantitative (WG Delivery Framework, local and well-being) measures for a Directorate performance dashboard. Working on identifying core metrics which all directorates must see and will also be cascaded through UHB utilising Improving Together.

Executive Director Owner:	Rayani, Mandy	Date of Review:	Jan-22
Lead Committee:	Strategic Development and Operational Delivery Committee	Date of Next Review:	Mar-22

Risk ID:	1195	Principal Risk Description:	There is a risk that the Health Board is not able to receive early indications across the breadth of its existing and new services of where they may fall short of being safe as defined by the agreed standards. This is caused by no comprehensive and consistent way of measuring safety aligned to the standards adopted by the Health Board for all the services we provide and commission on behalf of people requiring health care interventions. This could lead to an impact/affect on public and patient confidence, organisational reputation, positive patient reported outcomes.
Does this risk link to any Directorate (operational) risks?			

Rationale for CURRENT Risk Score:
Systems are not yet established to enable easy triangulation of data and there are still some gaps in information collection.

Rationale for TARGET Risk Score:
The target risk score is based on implementing a system to enable capture data across the breadth of our services with timely escalation reporting arrangements in place.

Key CONTROLS Currently in Place: (The existing controls and processes in place to manage the risk)

Executive Director Owner:	Davies, Lee	Date of Review:	Dec-21
Lead Committee:	People, Organisational Development and Culture Committee	Date of Next Review:	Feb-22

Risk ID:	1185	Principal Risk Description:	There is a risk that the HB does not design and deliver services that take in the views of the population. This is caused by a lack of a systematic approach and capacity, capability and willingness, including awareness and understanding, within all levels of the workforce to undertake consistent and meaningful engagement with the Hywel Dda population. This could lead to an impact/affect on poorly designed services, lack of improvement in patient outcomes and experience, lack of improvement in performance, reduction of public confidence, increased scrutiny from media, regulators and WG and potential judicial review.
Does this risk link to any Directorate (operational) risks?			

Risk Rating:(Likelihood x Impact)	
Domain:	Business objectives/projects
Inherent Risk Score (L x I):	4x5=20
Current Risk Score (L x I):	3x4=12
Target Risk Score (L x I):	2x3=6
Tolerable Risk:	6
Trend:	↔

Rationale for CURRENT Risk Score:
 A request has been submitted for an additional two dedicated posts to support engagement around 'A Healthier Mid and West Wales' (as part of the IMTP request for investment). Lack of resource will have an impact on the capacity of the team to deliver engagement expertise at a senior level and the operational capacity to deliver the full spectrum of engagement activities during this period, ensuring our communities have a real influence on strategic direction.

Rationale for TARGET Risk Score:
 The current annual plan is ambitious in delivering change. There is going to be a major requirement for continuous engagement around this work at the very least. Engagement always requires input from different departments and directorates, so the phasing of work is going to be important. The team continues to respond to demand for engagement and consultation around service changes as well as planned engagement work.

Key CONTROLS Currently in Place:
 (The existing controls and processes in place to manage the risk)

Skills to Deliver Engagement
 A review has been undertaken around the capacity of the engagement team

Expert engagement team in place with ongoing training needs reviewed regularly.

Operational engagement led for each county.

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
Identified gaps in engagement team capacity	Review our capacity and capability for continuous engagement in light of COVID 19 and the ambitions set out in the continuous engagement strategy approved by Board in January 2019, and implement improvements over the next 1 year (PO 2C)	Davies, Lee	Completed	Completed - A new Planning Objective for 2022/23 has been proposed.
Improved links with acute operational teams				
Lack of understanding of operational teams on their role in terms of engagement / continuous				

Engagement training provided to operational on an ad hoc/as required basis.

Consultation Institute provide expert advice on request.

Organisational Structures to Support the Delivery of Engagement Stakeholder Reference Group provide oversight/ input from an advisory group perspective around key HB priorities.

Close working relationship with CHC.

Voices of Children and Young People's Group

Newly established 'improving the use of feedback across the organisation' group to explore how the triangulation of feedback from different parts of the organisation including engagement, corporate office, communications, diversity and inclusion, quality improvement, transformation, patient experience and workforce and organisational development can be used to inform key pieces of work around service change.

Engagement mechanisms to support the delivery of continuous engagement across the organisation include:

- provision of engagement, advice, guidance and support around continuous engagement and consultation to services across the HB
- management of the Siarad Iechyd / Talking Health involvement and engagement scheme
- management of the stakeholder management system Tractivity
- Management of the online engagement tool Have Your Say (EngagementHQ)
- advice, guidance, support around the planning and delivery of traditional engagement methods

engagement with a purpose

Awareness and staff utilisation of available engagement tools

Develop and implement a plan to raise awareness of who to contact in the acute services and test the effectiveness of this approach

Create continuous engagement modules that fit within existing training provided within the organisation (e.g. New Consultant's Training, STAR, Managers Passport) to improve the awareness and skills of staff.

Davies, Lee

31/03/2022

~~31/03/2022~~
30/06/2022

Joint training for CHC Executives and key members of the Strategic Development and Operational Planning Directorate will be delivered in Q4. Training will be delivered by Consultation Institute, outlining the law around requirements for engagement and/or consultation around service changes. This will enable members of the directorate who are in regular contact with operational/ acute services to raise awareness of these requirements for engagement and consultation.

This work was scheduled to start in in Q3 but not yet commenced and not likely to be progressed until Q4.

Gaps in ASSURANCES				
Identified Gaps in Assurance:	How are the Gaps in ASSURANCE will be addressed	By Who	By When	Progress
There is currently not a process in place to review the efficiency and effectiveness of	Develop a system for recording training numbers and evaluation to assess the effectiveness of the training	Davies, Lee	31/12/2021 31/03/2022	This work scheduled to commence in Q2 but has not yet been progressed, due to the slippage in timescales for developing continuous engagement training.

Key projects / programmes of work will be provided with advice, guidance and support around the design and delivery of robust engagement plans (and where required consultation plans)	1st		
SRG used a oversight assurance mechanism	2nd		
For major pieces of engagement and consultation work sign off will be via Board	2nd		
Where contentious engagement / consultation is identified the organisation can seek external advice and guidance through Consultation Institute to minimise risk of judicial review	3rd		
The Health Board and CHC have key duties around changes to health services. Changes to health services should be presented to the CHC at Services Planning Committee	3rd		

effectiveness of training There is a gap in terms of the formal review of engagement activities after completion	Reflective review of the engagement to ensure learning from the process is recorded and influences future work. This will include a programme / project group review to inform future learning and delivery of engagement. The operational reflection by the Engagement Team will form part of the team's learning log, to ensure there is continuous improvement embedded within engagement practice.	Davies, Lee	31/12/2021 31/03/2022	This work was scheduled to commence in Q2 and has been completed. A list of lessons learnt and recommendations for our future practice has been circulated within the team. The next step is to implement our recommendations in future pieces of engagement, during Q3 and Q4.

Date Risk Identified:	May-21
Strategic Objective:	3. Striving to deliver and develop excellent services

Executive Director Owner:	Kloer, Dr Philip	Date of Review:	Oct-21
Lead Committee:	People, Organisational Development and Culture Committee	Date of Next Review:	Dec-21

Risk ID:	1191	Principal Risk Description:	There is a risk that the Health Board has suboptimal ambition for our services. This is caused by an underestimation of excellence by the Health Board. This could lead to an impact/affect on relative deterioration in the quality of our services in the future, inability to improve recruitment and retention of the workforce, staff morale, poor patient experience or harm, poorer value healthcare and reduction of confidence from our stakeholders.
Does this risk link to any Directorate (operational) risks?			

Rationale for CURRENT Risk Score:
 Whilst there is the ambition to strive for excellence, there are significant challenges to our ability to increase the number of investigators for research activities and to strengthen clinical engagement in embedding and maximising clinical effectiveness systems and processes, particularly at a time when the organisation is still responding to COVID and increasing its non-COVID activity against the backdrop of increased staffing and operational pressures. There is also an over-reliance on external funding for RDI activities and stretching cost recovery targets for developmental work.

Rationale for TARGET Risk Score:
 Further work to strengthen clinical engagement in some areas is required to ensure that clinical effectiveness systems and processes are fully embedded and used to their maximum potential. From an RDI perspective, the Health Board needs to increase the number of lead investigators for research studies to continue to justify its status as a 'university' health board. There also needs to be a recurrent investment (staff time and financial resources) from the Health Board to support RDI activities and facilities to support the delivery of this objective. There is an over-reliance on external funding at present.

Key CONTROLS Currently in Place:
 (The existing controls and processes in place to manage the risk)

Explore other mechanisms to engage with appropriate clinical leads/teams to strengthen clinical involvement with RDI activities	Phillips, Leighton	31/10/2021 30/11/2021 31/03/2022	Performance framework for RDI positively received by R&I Sub Committee on 08Nov21. Final version to be considered by Sub Committee on 10Jan22.

# Annual Performance Review by WG/HCRW	3rd		
# RDI Activity overseen by UK RD - Peer Review to review arrangements in place for research activities	3rd		

Date Risk Identified:	May-21
Strategic Objective:	5. Safe and sustainable and accessible and kind care

Executive Director Owner:	Moore, Steve	Date of Review:	Jan-22
Lead Committee:	Strategic Development and Operational Delivery Committee	Date of Next Review:	Mar-22

Risk ID:	1197	Principal Risk Description:	There is a risk that the Health Board will not deliver its strategic vision as set out in A Healthier Mid and West Wales of delivering safe, sustainable, accessible and kind services. This is caused by the models of care that do not deliver the aspirations of the HB's strategy. This could lead to an impact/affect on our ability to move care from secondary care settings to the community, to move resources into preventative pathways, and to develop an innovative and responsive social model of health and wellbeing.
Does this risk link to any Directorate (operational) risks?			

Rationale for CURRENT Risk Score:
The current risk score reflects where the Health Board is in terms of its implementation of A Healthier Mid & West Wales with plans in development but at an early stage and suffering some delays due to the rise in pressure in Q3. The Likelihood score will reduce as evidence of the shift towards preventative and community based care builds and will link strongly to those Planning Objectives underpinning the Routemap to Recovery.

Rationale for TARGET Risk Score:
The Likelihood score reflects the expectation that, through the successful delivery of existing Planning Objectives and new ones developed by the Transformation Steering Group and Strategic Enabling Group, the Health Board will be successful in reaching the clear ambitions set out within its strategy A Healthier Mid & West Wales. The Impact of failure to do so remains the same.

Key CONTROLS Currently in Place:
(The existing controls and processes in place to manage the risk)

Healthier Mid and West Wales Strategy approved by Board Nov18.

Delivery Groups and processes:

1. Programme Business Cases (PBC) steering groups
2. Cluster groups & locality plans
3. Regional Partnership Board, ARCH and other regional/national collaboratives
4. Executive Team weekly review process

Planning Objectives related to:

1. Delivery of the Transforming MH&LD programmes
2. Development of a Children's and Young People Plan for implementation from 2022/23
3. Development of plans to achieve the design assumptions underpinning A Healthier Mid & West Wales

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
Successful realisation of the Healthier Mid and West Wales Strategy	Further action necessary to address the controls gaps			
Successful realisation of the TMH and LD strategy	Propose new planning objectives for the following year to pilot and test innovate approaches to offering people with complex and/or rising health and care needs greater control over the choice of care and support they need to improve the value (outcome vs cost) from the services we provide (PO 1D)	Paterson, Jill	30/09/2021	On track - Early discussions have taken place.
Ability to shift investment into primary and community settings and realise the social model for health ambitions	Develop and implement plans to deliver, on a sustainable basis, NHS Delivery Framework targets related to Quality & Safety, Primary care, Secondary care and MH services within the next 3 years, that are consistent with the Health Board's Strategy (future PO 5A)	Moore, Steve	31/03/2024 TBA	Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board as part of the IMTP process.
Not having a comprehensive Children & Young People (CYP) services Plan to address mental & physical health needs for CYP				

4. Delivery of the Bronglais Strategy
 5. Development of 24/7 out of hospital urgent and emergency care services
 6. Transformation Fund initiatives
 7. Cluster initiatives
 8. Locality development plans and support for those with complex needs in our communities
 9. Comprehensive patient outcome measurement and roll out of Value Based Healthcare analysis across all pathways
 10. Locality based resource mapping and planning
 11. Business Case development for a new hospital in the south of the region and the repurposing of GGH & WGH
 12. On going, continuous engagement and support for carers

Assurance provided to Board via scrutiny of delivery of the above by relevant assurance committees.

Proposals for new Planning Objectives to take the HB further towards its ambitions faster via the TSG & SEG process.

Ability to maximise the potential of our local and regional partnerships

Develop and implement plans to deliver, on a sustainable basis, locally prioritised performance targets related to Quality & Safety, Primary care, Secondary care and MH services within the next 3 years that are consistent with the Health Board's Strategy (future PO 5B)	Moore, Steve	31/03/2024 TBA	Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board as part of the IMTP process.
Produce a final business case by March 2024 for the implementation of a new hospital in the south of the Hywel Dda area for the provision of urgent and planned care (PO 5C)	Davies, Lee	31/03/2024	Behind - Work is underway to detail the critical path activities for achievement of the PO target date. There are significant challenges, some of which will become clearer as the PBC process is completed and more is understood regarding the business case requirements for the programme and the key tasks required in relation to the new hospital site selection and planning approval. This will be reported to the CEO through the Programme Group.
Produce and agree the final business case by March 2024 for the repurposing of the Glangwili and Witybush General Hospital sites in line with the Health Board's strategy (PO 5D)	Davies, Lee	31/03/2024	Behind - As per Planning Objective 5C.
With relevant partners, develop a plan by 2024 to address access, travel, transport and the necessary infrastructure to support the new hospital configuration taking into account the learning from the COVID pandemic (PO 5E)	Davies, Lee	31/03/2024	Behind - As per Planning Objective 5C.
Fully implement the Bronglais Hospital strategy agreed at Board in November 2019 taking into account the learning from the COVID pandemic (PO 5F)	Carruthers, Andrew	31/03/2024	On track - Implementation Plan and monitoring process in place, areas identified in IMTP process for further discussion, discussions commenced with neighbouring Commissioning Health Boards re next steps of Commissioning with HDdUHB for BGH.

--	--	--

Undertake a comprehensive assessment of all Health Board CYP Services to identify areas for improvement. From this, develop an implementation plan to address the findings and have clear links to the wider work being progressed by the RPB (PO 5I)	Carruthers, Andrew	31/03/2024	Update to be provide in next report.
Develop and implement a comprehensive and sustainable 24/7 community and primary care unscheduled care service model (PO 5J)	Paterson, Jill	31/03/2024 30/07/2021	On track - Update to be provide in next report.
Develop a comprehensive, systematic and coordinated social prescribing service across Hywel Dda (PO 4O)	Jervis, Ros	30/09/2022	On track - Over 40 people in the Social Prescribing Community of Practice across the HDdUHB and the additional resource has supported this to grow. Further recruitment is being led by Local Authority or Third Sector partners. A regional standards and principles framework has been drafted and will be reviewed to ensure it is consistent with the National Framework to be published shortly for consultation. A Case Management system is being scoped to support consistent management of social prescribing and the ability to both report on impact, outcomes and gaps.

Gaps in ASSURANCES				
Identified Gaps in Assurance:	How are the Gaps in ASSURANCE will be addressed Further action necessary to address the gaps	By Who	By When	Progress
None identified.				

Internal Audit reviews of Major Capital Programme	3rd			Implementing the Healthier Mid and West Wales Strategy Board (Nov21) IMTP Update - Board - Nov21
Audit Wales Structured Assessment Process review delivery of Health Board Strategy & Planning	3rd			

Date Risk Identified:	Jun-21
Strategic Objective:	6. Sustainable use of resources

Executive Director Owner:	Thomas, Huw	Date of Review:	Dec-21
Lead Committee:	Sustainable Resources Committee	Date of Next Review:	Feb-22

Risk ID:	1200	Principal Risk Description:	There is a risk that the Health Board does not maximise the social value it creates through adequately addressing the challenges faced by society as we recover from COVID. This is caused by the Health Board not having a framework in place to promote and measure social value. This could lead to an impact/affect on population health within Hywel Dda over the long term, with the Health Board not maximising its contribution to meeting the needs of future generations and addressing wider determinants of health and well-being.
Does this risk link to any Directorate (operational) risks?			

Risk Rating:(Likelihood x Impact)	
Domain:	Health Inequalities/Equity
Inherent Risk Score (L x I):	3x4=12
Current Risk Score (L x I):	3x3=9
Target Risk Score (L x I):	2x3=6
Tolerable Risk:	8
Trend:	↔

Rationale for CURRENT Risk Score:
 The Health Board has not historically considered social value within its mainstream approach to designing and delivering services. This means that the current risk score is high. While the impact will not be immediate, the impact on the long term could be significant. The impact of climate change, environmental degradation and deprivation are known to all disproportionately impact the most vulnerable in society leading to long term adverse health impacts.

Rationale for TARGET Risk Score:
 The long term impact remains unchanged, but following the actions taken below it is anticipated that the Health Board will reduce the risk of this impact materialising. It is unlikely that this risk will be experienced as an event, but a continuum of impact depending on the Health Board's appetite to address the issues with pace.

Key CONTROLS Currently in Place:
 (The existing controls and processes in place to manage the risk)

Health Board active participation within the Public Service Boards across Hywel Dda UHB region.

Local Needs Analysis commissioned by the Social Value Portal which is based on the Wellbeing Goals.

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
The controls are in their early stages, and we need to develop a system to embed social value into our decision making in key areas. National framework agreements might not be moving at the same pace as HDUHB in maximising Social Value through procurement.	Further action necessary to address the controls gaps Development of a decarbonisation strategy (PO 6G: To develop a plan during 2021/22 and begin implementation within the next 3 years to make all Health Board services carbon neutral by 2030 and establish Green Health initiatives across the health board estate building on the work currently underway. The aim will be to address the climate emergency at Health Board level, improve the natural environment and support the wellbeing of our staff and public.)	Davies, Lee	31/03/2022	On track - By Q1 2022/23 develop and endorse a strategic roadmap to respond to the WG ambition for NHS Wales to contribute towards a public sector wide net zero target by 2030. The HB will set out a work programme and implement this plan to meet the targets established in the NHS Wales Decarbonisation Strategic Delivery Plan. The overall aim will be to reduce the Health Board's carbon footprint to support the wider public sector ambition to address the climate emergency.

Development of a procurement strategy which addresses the need to build wealth within our communities.	Thomas, Huw	30/11/2021	In development
Development of a recruitment strategy which supports those from our most deprived or marginalised communities to gain employment within the Health Board. (Aligned to PO 1F).	Gostling, Lisa	31/03/2022	This action has strong alignment to Strategic Planning Objective 1f. 1a. Work has commenced on researching best practice, candidate surveys and focus groups to review candidate attraction and widening access including positive action and pathways aligned to economic recovery plan and community wealth building approach. Barriers faced by individuals in hard to reach communities (homeless, physical/mental disability, minority groups) are being explored to inform action plans. To date Mencap and the Wales Council for Deaf People have confirmed an interest in being part of this work.
Development of a commercial strategy which supports wealth building within our local communities.	Thomas, Huw	30/11/2021	Included as part of the procurement strategy, partnership building with key local suppliers and also lotting strategies on national framework agreements being implemented to further increase use of locally produced food stuffs drawn down by Hywel Dda.
Development of Community Wealth Building baseline assessment commissioned by the Centre for Local Economic Strategies.	Thomas, Huw	Ongoing	Initial strategy documents received and approved.
Continue to influence national procurement strategies and activities through existing procurement networks & raising the profile of the Hywel Dda procurement strategies.	Thomas, Huw	Ongoing	Currently in train
Develop and agree our outcome and measures to track progress in relation to Social Value	Thomas, Huw	Ongoing	Currently in train

--

Establishment of a Social Value Community of Practice with the Health Board leading and convening the work alongside other public, private and third sector partners, community groups and citizens.	Jervis, Ros	Ongoing	Currently being developed.

Social Value Workshop - SRC (Dec21)

Gaps in ASSURANCES				
Identified Gaps in Assurance:	How are the Gaps in ASSURANCE will be addressed Further action necessary to address the gaps	By Who	By When	Progress
Evaluation	Consider options for evaluation	Thomas, Huw	31/08/2022	Update to be provided on next report.

Date Risk Identified:	May-21
Strategic Objective:	4. The best health and wellbeing for our individuals and families and our communities

Executive Director Owner:	Jervis, Ros	Date of Review:	Dec-21
Lead Committee:	Strategic Development and Operational Delivery Committee	Date of Next Review:	Feb-22

Risk ID:	1194	Principal Risk Description:	There is a risk the Health Board will be unable to increase uptake and access to public health interventions (such as vaccinations and immunisations, screening, smoking cessation programmes). This is caused by a failure to influence individual and community behaviours to maximum effect. This could lead to an impact/affect on our ability to improve outcomes for individuals and our population.
Does this risk link to any Directorate (operational) risks?			

Rationale for CURRENT Risk Score:
Possible x moderate risk. Some interventions will fair better than others such as universal services (such as the COVID vaccination programme and social prescribing) than targeted services, however equity of uptake and access needs constant analysis to determine appropriate improvement measures. Accuracy of risk scoring will improve over time as the new scoring impact domain of Health Inequalities becomes more sensitive.

Rationale for TARGET Risk Score:
Unlikely x minimal/no adverse impact. Ambitious target risk score for this long-term objective. We should be attempting to ensure that adverse impact on our attempts to reduce health inequalities or improve health equity is an unlikely or even rare event.

Key CONTROLS Currently in Place: (The existing controls and processes in place to manage the risk)
National screening programmes in place (including Breast, Bowel and cervical)
Vaccination and immunisation programme in place
Local and National health promotion initiatives

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
Gap in knowledge in terms of equity of access/uptake to be triangulated with equity of outcome to be triangulated with potential targeted campaigns to improve both access/uptake and outcome	Develop and implement plans to deliver, on a sustainable basis, NHS Delivery Framework targets related public health within the next 3 years (PO 4A)	Jervis, Ros	31/03/2024	Action plans are in place to drive forward support for Homeless and Vulnerable groups and increasing accessible communication. The Community Development Outreach Team have worked proactively to provide support to Vaccination Outreach clinics and encourage update of vaccination and public health interventions.
Evidence based actions that improve individual and community behaviours	Develop and implement plans to deliver, on a sustainable basis, locally prioritised performance targets related to public health within the next 3 years (PO 4B)	Jervis, Ros	31/03/2024 TBA	Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board in Jan22 as part of the IMTP process.

For each of the three WG supported Transformation Fund schemes, develop and implement a plan to enhance, continue, modify or stop. These initiatives must form part of the planning objective to develop locality plans (5i) by March 2022 (PO 4C)	Paterson, Jill	31/03/2022	On track - Work is on-going in conjunction with the RPB to review existing Transformation Funded schemes in preparation for the issue of new guidance by WG for the successor funding programmes. Implications of the requirement to provide a proportion of match funding will be built into IMTP submissions and identified as cost pressures.
Develop and implement plans to deliver, on a sustainable basis, national performance targets related to bowel, breast and cervical screening within the next 3 years (PO 4D)	Jervis, Ros	31/03/2024 TBA	Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board in Jan22 as part of the IMTP process.
Develop a local plan to deliver "Healthy Weight: Healthy Wales" and implement by March 2022 (PO 4G)	Jervis, Ros	31/03/2022	On track - The Health Board are currently working with Swansea Bay University Health Board to recruit to key posts to support this work (both areas failed to recruit previously so we are working together on combined roles).
To develop an initial set of integrated locality plans by September 2021 incorporating the plans developed by our clusters, based on population health and wellbeing and which are focused on the principles of sustainable and resilient services, timely advice and support to the local community on health and wellbeing, maintaining social connection, and independence and activity. This will require co-production with Local Authority Partners and the Third Sector. The scope of this will include all Community, Primary Care, Third sector, Local Authority and other Public Sector partners. (PO 5H)	Paterson, Jill	30/09/2021	On track - An initial set of Integrated Locality Plans were submitted by 25Oct21. Further work is now underway to align to the Cluster Plans and the wider system plans submitted through the IMTP. Discussions at a system level to ensure as much alignment as possible with Local Authority and Third Sector partners. National discussions around the development of Accelerated Cluster Development continue to be undertaken as some concerns around the model and timescale have been fed back to the Strategic Programme. 2022/23 will potentially be a foundation year to progress the development of ACD.

Performance Indicators	Sources of ASSURANCE	Type of Assurance (1st, 2nd, 3rd)	Required Assurance	Rating (what the assurance is telling you about your controls)	(Committee & date)	Identified Gaps in Assurance:	How are the Gaps in ASSURANCE will be addressed Further action necessary to address the gaps	By Who	By When	Progress
			Current Level

Information received is being shared with the PSBs to feed into the development of the Well-being Assessments.
	All Wales Wellbeing and Public Health Outcome indicators published by PHW Observatory. QA responsibility of PHW. Relevant ONS data - published resources. Other ad hoc published works/resources from various recognised and credible bodies/foundations	3rd								

Date Risk Identified:	May-21
Strategic Objective:	2. Working together to be the best we can be

Executive Director Owner:	Jervis, Ros	Date of Review:	Dec-21
Lead Committee:	People, Organisational Development and Culture Committee	Date of Next Review:	Feb-22

Risk ID:	1188	Principal Risk Description:	There is a risk that the Health Board is not effectively leveraging within our partnerships (and carers). This is caused by a lack of clarity about what we want to achieve together. This could lead to an impact/affect on the Health Board missing out on opportunities, duplication of effort as various partnerships not streamlined, and not realising the shared value/benefits of achieving more together than as separate entities.
Does this risk link to any Directorate (operational) risks?			

Rationale for CURRENT Risk Score:
 The Health Board is an active partner in a number of strategic and statutory partnerships: Public Services Boards; Regional Partnership Board; Area Planning Board for Substance Misuse; ARCH partnership; Emergency Ambulance Services Committee; Mid Wales Joint Committee; Community Safety Partnerships; Mid and West Wales Regional Safeguarding Children Board; Mid and West Wales Regional Safeguarding Adults Board. Partnership arrangements are well established and have been in place for many years. This provides a reasonable degree of confidence that partnership actions are being leveraged effectively with minimal duplication of effort.

Rationale for TARGET Risk Score:
 The Health Board approved a Partnership Governance Framework and Toolkit in September 2017. This has not been reviewed or actively utilised for a number of years so will need to be refreshed in order to contribute to the assurance process and to mitigate against this risk.

Key CONTROLS Currently in Place:
 (The existing controls and processes in place to manage the risk)

The Health Board is a key member of strategic and statutory partnership groups.

The Health Board approved a Partnership Governance Framework and Toolkit in September 2017 to provide a mechanism to ensure effective arrangements are in place for the governance of partnerships.

The Health Board is working to implement the Regional Carers Strategy and has a Action Plan detailing the Health Board commitment to this. This work is being lead via the Health Board Carers Strategy Group. (PO2A)

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
Fully comprehending and exploiting the opportunities of true partnership working in order to deliver the ambitions within our Health and Care Strategy.	Review and refresh the Partnership Governance Framework and toolkit to ensure that it is fit for purpose and supports the Health Board to provide assurance that partnerships are being effectively leveraged.	Jervis, Ros	31/03/2023	Strategic Partnerships, Diversity and Inclusion Team to commence review and refresh of Partnership Governance Framework in 2021/22 and complete this by Mar23.
Understanding the gaps in our knowledge particularly how we prioritise action across the partnership to respond to the increased number of unpaid Carers identified during the pandemic and through the 2021 Census.	Review membership of key statutory and strategic Partnership groups to ensure a clear understanding by the Executive Team of the opportunities to leverage partnership working through representation on the various groups.	Jervis, Ros	31/03/2022	Strategic Partnerships, Diversity and Inclusion Team to commence a review of memberships of key statutory and strategic partnerships groups and report to Executive Team by 31/03/22.

		Participation in Population Needs Assessment refresh drawing on data and information gathered during Carers Week and other engagement activity to improve our understanding of the current needs of carers and how these may have changed as a result of the pandemic (PO4J).	Jervis, Ros	31/03/2022	Strategic Partnership, Diversity and Inclusion Team are supporting the refresh of the RPB Population Needs Assessment. Progress is reported within the Strategic Partnerships Update to each Board meeting. The Population Assessment will be presented to SDODC on 24/2/22 and for approval by Board on 31/3/22 to meet statutory timescales for publication by the Regional Partnership Board.
		Implementation of the Carers Action Plan (PO2A) overseen by the Carers Strategy Group.	Jervis, Ros	31/03/2024	On track - The UHB Carers Strategy Group have continued to work on refining a UHB action plan. This captures the actions that directorates/teams can contribute to against each of the four priorities set out in the Regional Carers Strategy. The COVID-19 pandemic has resulted in a 64% increase in self-identified unpaid carers. A review of existing funding arrangements for HB commissioned services has been undertaken and cost pressures identified which will be built into the IMTP submission.
		Partnership Governance Framework takes account of the Health Board Planning Objectives to ensure opportunities are being maximised to deliver these in partnership	Jervis, Ros	31/03/2023	Plan to commence work during 2021/22.

ASSURANCE MAP			
Performance Indicators	Sources of ASSURANCE	Type of Assurance (1st, 2nd, 3rd)	Required Assurance  Current Level

Control RAG Rating (what the assurance is telling you about your controls)

	Delivery of Planning Objectives are being overseen by Executive Team and Board Committees	2nd								

Date Risk Identified:	May-21
Strategic Objective:	3. Striving to deliver and develop excellent services

Executive Director Owner:	Moore, Steve	Date of Review:	Jan-22
Lead Committee:	People, Organisational Development and Culture Committee	Date of Next Review:	Mar-22

Risk ID:	1189	Principal Risk Description:	There is a risk that services fail to learn, innovate and improve to a sufficient level in a timely manner. This is caused by a culture that does not facilitate learning, innovation and improvement. This could lead to an impact/affect on services failing to see evidence of continuous improvement.
Does this risk link to any Directorate (operational) risks?			

Rationale for CURRENT Risk Score:
 The current risk score reflects the fact that the organisation has existing processes in place to value and embed learning but that it is not comprehensive. This means we may miss opportunities to enhance the care we provide and create a supportive environment for staff to develop and grow.

Rationale for TARGET Risk Score:
 3 of our 6 strategic objectives are people-focussed and are aimed at making the Health Board a great place to work and receive care. The Board will be focussing on this for the long term which would result in an organisation which has learning, innovation and improvement threaded through everything it does

Key CONTROLS Currently in Place:
 (The existing controls and processes in place to manage the risk)

<p>Risk Management Framework and Board Assurance Framework (BAF)</p> <p>Established governance structures</p> <p>Established Assurance Trackers for audits, inspectorates & regulators, Welsh Health Circulars, Ministerial Directions</p> <p>Healthcare Standards (HCS) embedded within governance framework to improve clinical quality and patient experience</p> <p>Transformation Steering Group (TSG) and Strategic Enabling Group (SEG)</p> <p>Research, Development and Innovation Strategy approved by QSEAC</p> <p>The Improving Together programme which aims to shift the organisation from one that manages performance to one that manages quality and embeds an improvement culture into all of its working arrangements</p>	<p>Staff not being clear of the expectation of their contribution to the delivery of the strategic objectives/planning objectives</p> <p>Ability to address our audit, inspectorate and regulatory requirements at pace</p> <p>Understanding our position against HCS and having an effective plan to ensure we comply with them</p> <p>Having an effective process to find new opportunities to improve what the HB does and how it does it through new POs and enablers</p> <p>Having comprehensive approach to use of data - operational, tactical and strategic</p> <p>Alignment of BAF to strategic objectives</p> <p>Having ambitious comprehensive RDI programme</p> <p>Having an effective process to collate and disseminate learnign across the organisation</p>	<p>To develop and implement a comprehensive approach to performance delivery and quality management that enables staff at all levels to strive for excellence whilst effectively delivering the basics. This approach will incorporate all performance requirements set by the Board, WG, regulators and inspectors and will be fully rolled out to all staff with managerial responsibilities by 31st March 2022. (PO 3A)</p>	<p>Thomas, Huw</p>	<p>31/03/2022</p>	<p>On track - 19 Board outcomes and measures covering our whole organisation and aligned to our 6 Strategic Objectives have been identified and agreed and were reported to the Sep21 Board. These measures combine both qualitative and quantitative measures. Currently working with Directorates to identify key qualitative (staff and patient feedback) and quantitative (WG Delivery Framework, local and well-being) measures for a Directorate performance dashboard. Working on identifying core metrics which all directorates must see and will also be cascaded through the UHB utilising Improving Together.</p>
	<p>Having comprehensive approach to use of data - operational, tactical and strategic</p> <p>Alignment of BAF to strategic objectives</p> <p>Having ambitious comprehensive RDI programme</p> <p>Having an effective process to collate and disseminate learnign across the organisation</p>	<p>Deliver the requirements arising from our regulators, WG and professional bodies (PO 3B)</p>	<p>Moore, Steve</p>	<p>31/03/2024</p>	<p>Behind - Progress in respect of implementing recommendations is overseen by ARAC at each meeting. Last report Dec21. There is a process in place for how we manage, track, escalate and report on compliance on requirements/recommendations from our auditors, inspectorates, regulators, with assurance on this process received through the annual Structured Assessment process, this is part of routine 'business as usual' work.</p>
		<p>Complete a review of all HCS including evidence of compliance. From this review, propose new Planning Objectives for implementation in 2022/23 (PO 3C)</p>	<p>Rayani, Mandy</p>	<p>30/09/2021</p>	<p>On track - representation now on the five workstreams to develop the guidance and plans for when the act comes into force. An internal workstream leads group is to be established to feedback and ensure the HB is ready for the full adoption of the Health and Social Care (Quality and Engagement Act) (Wales) Act 2020.</p>

Establish a new process to continuously identify and propose new planning objectives for Board and Statutory Partner's consideration which enhance and accelerate the delivery of the Board's 6 strategic objectives. (PO 3D)	Moore, Steve	Completed	Completed - This is the work of the Transformation Steering Group.
To establish real-time, integrated (across the patient pathway), easily accessible and comprehensible data to support our clinicians and managers with day to day operational planning as well as support the organisation's strategic objective to improve value of its services and shift resources into primary and community settings. Initial phase involving as a minimum hospital data (Sep21) Phase 2 all health and social care data (as a minimum) by Mar24 (PO 3E)	Thomas, Huw	31/03/2024	Ahead - A proof of concept of a proposed Advanced Analytics Platform has been produced and further work is in development to refine the outputs. Work is continuing with social care to embed NHS number within their core demographic system, to allow matching of patients / citizens within both systems.
Develop a Board Assurance Framework to support the delivery of the Health Board strategic objectives over the 3 years (PO 3F)	Wilson, Joanne	Completed	Complete - The refreshed Board Assurance Framework Dashboard was presented to the Board in September 2021.
Develop and implement a 3 year strategic plan to increase research, development, and innovation (RDI) activity, and number of research investigators sufficient as a minimum to deliver the Welsh Government and Health and Care Research Wales expectations and improvement targets (PO 3G)	Kloer, Dr Philip	31/03/2024	On track - Strategic plan developed and published. First year implementation plan developed and Q2/3 targets on track. Notable achievements include clear plan for improving clinical trial leadership, and significant step up in technology innovation projects.
Establish a process to gather and disseminate learning from the delivery of all Planning Objectives as part of the organisation's formal governance systems with equal importance placed on this as is placed on risk management and assurance (future PO 3H)	Wilson, Joanne	31/03/2021 TBA	Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board as part of the IMTP process.
Develop and implement a plan to address Health Board specific fragile services, which maintains and develops safe services until the new hospital system is established (PO 50)	Carruthers, Andrew	31/08/2024 TBA	Re-prioritised due to our on-going pandemic response. Timescale will be confirmed to Board as part of the IMTP process.

Date Risk Identified:	May-21
Strategic Objective:	4. The best health and wellbeing for our individuals and families and our communities

Executive Director Owner:	Jervis, Ros	Date of Review:	Dec-21
Lead Committee:	Strategic Development and Operational Delivery Committee	Date of Next Review:	Feb-22

Risk ID:	1193	Principal Risk Description:	There is a risk that the Health Board broadens or fails to address health inequalities within our community. This is caused by a lack of understanding or consideration of the health inequalities that are across our communities when redesigning services. This could lead to an impact/affect on the most disadvantaged within our community continue to have poorer or worse outcomes from service changes.
Does this risk link to any Directorate (operational) risks?			

Rationale for CURRENT Risk Score:
Possible x moderate impact. Indications emerging that we are having little or no impact on health equity and certainly nothing of significance that would demonstrate that we are addressing the widening the gap.

Rationale for TARGET Risk Score:
Unlikely x minimal/no adverse impact. Ambitious target risk score for this long-term objective. We should be attempting to ensure that adverse impact on our attempts to reduce health inequalities or improve health equity is an unlikely or even rare event.

Key CONTROLS Currently in Place:
(The existing controls and processes in place to manage the risk)

Wellbeing Plans in place, developed and agreed by Public Service Boards identifying key priorities for population well being (these will be refreshed in Apr22)

Director of Public Health and Director of Finance currently engaging with Social Value Portal (SVP). Analytical work being undertaken by the SVP to aid understanding of key issues affecting the most disadvantaged areas as described by the domains in the Index of Multiple Deprivation (IMD) and system wide data sources being collated.

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
Currently no formal process in place that considers impact of health inequity/equity of outcomes across our population	By September 2022, arrange a facilitated discussion at Board which is aimed at agreeing our approach to reducing Health Inequalities. This must include an analysis of current health inequalities, trends and causes, potential options to address the inequalities (e.g. Allocate disproportionate resource to the most disadvantaged or by "Proportionate Universalism") and identify tools and interventions aimed at addressing the causes. Develop specific planning objectives by September 2023 in preparation for implementation in 2024/5. (PO 4K)	Jervis, Ros	30/09/2022 TBA	Re-prioritised due to our on-going pandemic response. Timescale confirmed as part of the IMTP process.

Work in partnership through the RPB to develop a plan by March 2023 to improve the life chances of children and young people. This will be achieved working with the "Children's Task Force" and begin implementation in April 2023, prioritised on the basis of the opportunity to improve the lives of the most deprived (PO 4F)	Carruthers, Andrew	30/09/2021 TBA	Re-prioritised due to our on-going pandemic response. Children's Task Force meeting scheduled for Jan22 to reinvigorate this work.
Develop a local plan to deliver "Healthy Weight: Healthy Wales" and implement by March 2022 (PO 4G)	Jervis, Ros	31/03/2022	On track - The Health Board are currently working with Swansea Bay University Health Board to recruit to key posts to support this work (both areas failed to recruit previously so we are working together on combined roles).
Contribute to the development and publication of a comprehensive needs assessment by April 2022, which meets the requirements of the Well-being of Future Generations Act and Social Services and Well-being Act. Based on these assessments, contribute to the setting of PSB and RPB objectives and the publication by April 2023 of a revised Area Plan and Well-being Plan for each local authority area (PO 4J)	Jervis, Ros	31/03/2023	The Strategic Partnership, Diversity and Inclusion Team and Local Public Health Team are supporting the refresh of the PSB Well-being Assessments. Progress is reported within the Strategic Partnerships Update to each Board meeting. The Well-being Assessments will be presented to SDODC on 24/2/22 and for approval by Board on 31/3/22 to meet statutory timescales for publication by the three PSBs.
Establish sustainable funding for the Community Development Outreach Team to continue their work to engage with minority ethnic communities and those who face barriers to accessing health and care services. Providing valuable intelligence about needs of these communities to support action to address health inequalities and improve population health and wellbeing.	Jervis, Ros	31/03/2024	Community Development Outreach Team established as a pilot project funded from NHS Charities Together and P&EY funding. 639 individuals have been supported between April-November 2021,; information has been translated into 13 community languages to increase accessibility and there has been a significant increase in the number of stakeholder details which have been shared which will inform future engagement activities. IMTP Investment plan submitted to secure on-going funding to ensure permanency of this resource.

Date Risk Identified:	Apr-21
Strategic Objective:	1. Putting people at the heart of everything we do

Executive Director Owner:	Rayani, Mandy	Date of Review:	Jan-22
Lead Committee:	People, Organisational Development and Culture Committee	Date of Next Review:	Mar-22

Risk ID:	1184	Principal Risk Description:	There is a risk risk that the Health Board will not be able to measure whether the transformational changes it is investing in are improving the experience for our workforce and the delivery of care, and will enable it to meet or exceed patient and families expectations. This is caused by the lack of an effective, systematic way to continuously engage with and capture feedback from our workforce, patients and public across the breadth of our services. This could lead to an impact/affect on poor patient experience, public confidence, lost opportunities and inability to offer patients and staff a great experience.
Does this risk link to any Directorate (operational) risks?			

Risk Rating:(Likelihood x Impact)	
Domain:	Business objectives/projects
Inherent Risk Score (L x I):	4x4=16
Current Risk Score (L x I):	2x4=8
Target Risk Score (L x I):	2x2=4
Tolerable Risk:	6
Trend:	←→

Month	Current Risk Score	Target Risk Score	Tolerance Level
Aug-21	12	4	6
Oct-21	8	4	6
Jan-22	8	4	6

Rationale for CURRENT Risk Score:
 The current risk score reflects the current lack of formal mechanism to triangulate different sources of engagement and feedback from public, patients and staff across Hywel Dda. There is also uncertainty regarding sustainable funding, the interim nature of current staffing arrangements and the current IT infrastructure which facilitates feedback from staff and patients.

Rationale for TARGET Risk Score:
 Target score is predicated on obtaining appropriate level of long term funding, implementation of the digital strategy which will create and sustain the required IT infrastructure, clinical and patient/public engagement. Plans are also in place to establish formal mechanisms for creating and triangulating feedback.

Key CONTROLS Currently in Place:
 (The existing controls and processes in place to manage the risk)

Gaps in CONTROLS				
Identified Gaps in Controls : (Where one or more of the key controls on which the organisation is relying is not effective, or we do not have evidence that the controls are working)	How and when the Gap in control be addressed	By Who	By When	Progress
	Further action necessary to address the controls gaps			

<p>Command Centre Plan in place with workstreams established</p> <p>Command Centre Programme lead appointed on interim basis</p> <p>Civica system capturing feedback from patients</p> <p>Change mechanisms established through improvement and transformation programmes with direct impact on how clinical services are structured</p> <p>Organisational Development Relationship Managers to influence the culture change journey and support the creation of transformational and compassionate culture within the Health Board</p> <p>Methodology to manage change with services to facilitate clinical engagement and pace of delivery</p> <p>Waiting List Support Programme (WLSP) Plan with workstreams established</p>	<p>Ability to fund the required workforce with the appropriate skills and experience within the Command Centre</p> <p>Ability to source suitable environment to host the Command Centre & WLSP</p> <p>Physical capacity to expand telecoms infrastructure to support the Command Centre and WLSP</p> <p>Ability to get the right level of clinical engagement to support the full role out and ambition of the single point of contact</p> <p>Infrastructure to support the delivery of WLSP programme and workforce to deliver the WLSP</p>	<p>Building on the success of the command centre, develop a longer-term sustainable model to cover the following: single point of contact, switchboard/single call handling system, online booking and call handlers, surveillance cell to support TTP, incident response and management cell for COVID-19 response, sharepoint function and patients access to own records and appointments. Develop and implement a plan to roll out access for all patients to their own records and appointments within 3 years (PO 1B)</p>	<p>Rayani, Mandy</p>	<p>31/03/2024</p>	<p>Behind - Main constraint in regard to progress is the support required from COVID Command Centre (CCC) staff to the Vaccination Cell due to demand and call volumes. Additional call handlers are being recruited and a plan in place to secure a dedicated lead for the Vaccination Cell to release the CCC Co-ordinator to undertake the planning and management of the transition to a permanent Communication Hub. Scoping exercise to identify call handling functions across the UHB continues and a report to inform integration plan is scheduled to be considered by the Steering Group in Dec21.</p>
<p>WLSP Phased Iterative Implementation Plan</p> <p>Evaluation of first cohort of patients involved in the WLSP to inform future development of the programme</p> <p>Power BI Performance dashboards on IRIS</p> <p>Good engagement in place with CHC</p> <p>Staff Partnership Forum</p>	<p>No systematic mechanism yet developed to triangulate data on staff and patient experience and other clinical incident data</p>	<p>During 2020/21, establish a process to maintain personalised contact with all A patients currently waiting for elective care for roll out through 2021/22 (PO 1E)</p>	<p>Rayani, Mandy</p>	<p>31/03/2022</p>	<p>Behind - Behind - Initial focus on patients at Stage 4 of the Elective Care pathway following the validation of waiting lists. Initiative piloted with 3 orthopaedic consultants demonstrated the need for a Dedicated Programme team linked to the Planned Care Recovery Plan. Project team recruitment has been challenging and has delayed the roll out of Phase1. Plan now to send letters to ENT patients by the end of Nov21 and Orthopaedic patients in Dec21. It is anticipated that the initial roll out plan will be on track by Feb22.</p>
		<p>Develop a workplan that ensures that the metrics required to flag/provide an early warning system are developed. This will include the provision of routine reports.</p>	<p>Rayani, Mandy</p>	<p>31/03/2022</p>	<p>Work to be initiated in the Autumn.</p>

--

By July 2021 conduct a second 'Discovery' phase of the pandemic learning to understand more about staff experience so that approaches to rest, recovery and recuperation can be shaped over the next 2 years including a 'thank you offering' to staff (PO 1H).	Gostling, Lisa	31/07/2023	On track - Discovery Report completed. Staff Psychological Wellbeing Programme in place. Programme in place for staff benefits optimisation, staff awards and recognition. Programme of intelligence gathering to improve staff experience and engagement over the next 12 months is in place.
Explore use of Greatix to encourage sharing and learning from example	Rayani, Mandy	31/03/2022	Initial discussions have taken place with workforce and clinical effectiveness.
Consider use of PROMS/PREMS to as a mechanism for measuring impact of transformation	Rayani, Mandy	31/12/2021	Meeting arranged to triangulate feedback from patients, public and staff with an invitation extended to the VBHC Team.
