- I would prefer to have my registration transferred to another local GP practice (this would be the nearest one to your home address – in St Davids, Haverfordwest or Fishguard, depending on where you live).

It is a small practice and I am not "competing" with hundreds of others for appointments and services. Adding patients to the St David's or Haverfordwest surgeries would simply increase pressure on those sites. The dispensary is tremendously convenient as was the, now discontinued collection from Roch Gate shop

The fact that the surgery is easy to get to and that the nurses there know you and can give you help eg regular blood tests blood pressure readings. I have a problem with having my blood pressure being taken. They understand this at the surgery and as a result I take my blood pressure at home and take the readings into the surgery. I feel frightened that going to a larger surgery that I will be afraid to go. I have a problem with anxiety and have got used to going to Solva where I am understood and they take care of my

health where if I would be to anxious to go to a very large practice especially in Haverfordwest where from experience with other members of my family they have misdiagnosed symptoms which nearly resulted in my son in law losing his life. Solva is a small practice where you feel you matter not just a person on a list

serious illness by this prompt action.

Screen Name Redacted

Screen Name Redacted

There are a range of qualified staff, the team offer consistency of care. The surgery is accessible with the addition of its attached pharmacy. This is so vital as not all patients are able to drive or access multiple sites to fulfill prescribed medication. The pharmacy staff are easily able to enquire if medications need amending or clarifying as they are co-located in the same establishment. A wonderful example of a great team working together.

<p>Screen Name Redacted</p> <p>1/29/2023 06:09 PM</p>	<p>For me as parent of two young children, availability of GP services in a timely fashion, as has been provided at Solva is the most important thing. Dr Sujan has always made on the day appointments available either with herself or a locum when required for the children and also for ourselves. This has given great peace of mind to me.</p>

<p>Screen Name Redacted</p> <p>1/30/2023 09:53 AM</p>	<p>Retention of the quality surgery, pharmacy, nurses and staff(award winning) @ Solva Surgery. (Local GP practices will not be able to absorb Solva's patients) Please do not kick this problem further up the road. People in this area are already facing a potentially life threatening distance to get to the proposed new hospital planned by the Health Board, This surgery is the Hub. of the community and people are genuinely worried that it may close especially the elderly and venerable. Solva surgery has served generations of my family, well high respected Doctors such as Dr Saunders, Dr Gillian and Dr Premkumar and nurses like Mrs Jane Chinn and Mrs Lucy Harries. Ideally i would prefer new GPs to take over the contract of course but as this is unlikely the Health Board must listen to the people, act accordingly and keep this vital local service open.</p>

Screen Name Redacted

1/30/2023 10:27 AM

The most important thing to me that it stays OPEN!! If i was transferred to Fishguard or Haverfordwest this would be too far and not affordable. If we had to be transferred i would prefer St Davids like most Solva patients but we understand that St Davids and Fishguard are already full, so most of us would have to travel to Haverfordwest. This would not be suitable.

Screen Name Redacted

1/30/2023 10:29 AM

It stays open. We already know that St Davids is full. Travelling to Haverfordwest is not an option for me.

Screen Name Redacted

Screen Name Redacted

Having a doctor (and nursing staff) have 'reasonable' wait for an appointment. If 'phone back' by doctor - that this is used well we're back to 'post covid' normality. Doctor willing to make house calls. Referrals if needed to consultants in 'reasonable' waiting time.

Screen Name Redacted

1/30/2023 11:38 AM

Location of the surgery is good (I am housebound) Happy to see locums Buses to St David's would be the same bus as to Solva I use: repeat of services (dispensary); PNs - tests e.g. bloods; DN visits at home - will continue

Screen Name Redacted

Screen Name Redacted

To be able to access services when ill. to speak to someone without being interrogated over the phone. To speak to someone friendly who wants to help. To easily order repeat prescriptions.

Services should definitely be kept in Solva Surgery. Other surgeries in St David's, Fishguard and Haverfordwest already have too many patients. Solva has always provided a well-run service. Solva Surgery is local, well run with pleasant staff who run the Surgery with care and are very organised.

Screen Name Redacted

2/02/2023 09:55 AM

Solva Surgery is important to me, because its local and its the surgery I've gone to all my life.

Screen Name Redacted

2/02/2023 09:57 AM

As a full time carer i am able to use the practice quickly and return home. It would be very inconvenient for me if i had to go to Fishguard or Haverfordwest as i would need to make alternative arrangements for someone to come and look after my wife whilst i was away.

Screen Name Redacted

2/02/2023 09:58 AM

I look forward to talk with my doctor about my problems and the see the staff and nurses.

Easiness of parking, friendly staff, GP's and pharmacy all in one place. Blood tests, efficient staff, quickly dispensed. Town HFW too far, busy, hard to park. People employment at the surgery important.

know what we would do without this surgery.

Screen Name Redacted

2/02/2023 10:13 AM

I do NOT want my GP service to be shared to Haverfordwest/ Fishguard. I live in St Davids and work in the surgery there. I don't want to be penalised for this and see my provision moved 16 miles away.

When i was in a dark place mentally the doctors went above and beyond and took time to talk to me and listened. The help was what i needed, don't think i would have got me some help in a surgery where they don't know me or what i was going through mentally.

Screen Name Redacted

2/02/2023 11:37 AM

Small, friendly GP practice serving our rural community consistently with high grade of care and excellence. Dispensing service has been invaluable to all residents lucky enough to be registered as a patients at this practice.

Screen Name Redacted

2/02/2023 11:38 AM

Location, accessibility, pharmacy, service provided.

Screen Name Redacted

2/02/2023 11:41 AM

That the practice remains in Solva. It is also important to continue to look for a GP to take over the surgery. I feel that closure of the surgery will be detrimental to the community and lead to a more unhealthy population of the area.

Screen Name Redacted

2/02/2023 11:41 AM

Small, friendly practice with its own dispensing services. Consistently excellent staff and services available to our family since moving here 26 years ago.

Screen Name Redacted

Screen Name Redacted

2/02/2023 11:51 AM

ACCESSIBILITY to bot GP and nurses and the surgery building. Mobility can be a problem even to drivers. St Davids is a nightmare for parking for both surgeries and chemist and shop, all year but particularly in the summer.

Screen Name Redacted

2/02/2023 11:55 AM

That it's close by and I can walk down if I am unwell and collect any medication at the same time. You do not want to be driving if your not well. Also having a local surgery, the staff get to know you and your family. It saves so much time, not having to explain what's going on with things in your life and who is who. It's a whole community.

Screen Name Redacted

2/02/2023 11:59 AM

1. Efficiency and speed of which i can get to see a Doctor or nurse 2. Excellent and caring Practice Nurses 3. Efficient, kind and patient receptionist(s) who are always helpful/polite 4. Screen Name Redacted

2/02/2023 12:12 PM

Appointment availability with Doctor and nurses has been good. Up until recently timely appointments important. Dispensing pharmacy. Familiar staff on Reception.

Screen Name Redacted

2/02/2023 12:15 PM

That i/my community can access a GP when needed and that the service provided is good quality and timely.

Screen Name Redacted

2/02/2023 12:18 PM

Having a local practice where the GP know me. I do not want to have to do a 30 mile round trip to Fishguard.

Screen Name Redacted

2/02/2023 12:20 PM

Its very close to home for the care of my family.

Screen Name Redacted

2/02/2023 12:21 PM

The fact that it is in our village, that it is a dispensing practice, that it has excellent nursing provision. It is a purpose-built facility, potential for the provision of a number of op/medical/surgical procedures and treatments.

Screen Name Redacted

2/02/2023 12:29 PM

I'm 92 and it's very close for me to go there

Screen Name Redacted

2/02/2023 12:29 PM

I have been at this surgery for 68 years. It would be a disaster for the area. If this surgery would close. People will die.

Screen Name Redacted

2/02/2023 12:31 PM

It is very close to go

Screen Name Redacted

2/02/2023 12:36 PM

I have lived in Solva all my life and we have always had a GP. It is worrying and frightening in this 21st century that we might lose the surgery. St David's Surgery has said that they cannot take anymore patients and you are then talking about Haverfordwest which is quite a distance away. We are an ageing community and we need a GP practice.

Screen Name Redacted

2/02/2023 12:39 PM

Very helpful staff and due to my age it is very convenient.

Screen Name Redacted

2/02/2023 12:47 PM

I would prefer it be operated by the HB and other models considered, not transferred to another practice. Close by, accessible and (in future) integrated fully with other primary care and third sector services. Tis question is meaningless without adequate functioning of secondary care and a whole root and branch review of health and care in our communities. Rurality is a special case.

Screen Name Redacted

2/02/2023 12:51 PM

It would be good if the standard I have had over the past 30 years could remain the same so it would give me heart to still talk when phoning the surgery to as many ones that I know, to still see a doctor at the surgery and be able to collect my medication as normal so hope change is minimal.

Screen Name Redacted

2/02/2023 12:55 PM

Being able to get my medication as well as being able to discuss with a GP if needed. As the medication is for mental health, it's helpful to know I can easily get this or talk to someone if needed

Screen Name Redacted

2/02/2023 01:11 PM

Currently: a team that are very helpful, know what they are doing and do it well. Also the location and easy parking are a bonus.

Screen Name Redacted

2/02/2023 01:13 PM

To know that the doctor and practice nurses will be able to satisfy my needs when neccessary.

Screen Name Redacted

Screen Name Redacted

2/02/2023 01:17 PM

Appointments are sorted and you don't have to wait weeks for one. When you are poorly and need to be seen or a phone call by a medical advisor, Solva Surgery delivers! Monthly medication we pick up from the Surgery

Screen Name Redacted

2/02/2023 01:17 PM

Knowing doctor and nurses take care of my conditions.

Screen Name Redacted

2/02/2023 01:20 PM

Being able to quickly and easily access prescriptions and appointments in a convenient location. Good communication and i have never had to wait long for appointment.

Screen Name Redacted

2/02/2023 01:22 PM

If an appointments is needed, Solva Surgery are fantastic at getting you one with the doctor and you do not have to wait weeks for an appointment to be seen by a medical advisor when you are poorly. Able to get monthly medication at the surgery.

Screen Name Redacted

2/02/2023 01:24 PM

What is most important to me is as i have no transport and need to go to Solva surgery regularly to manage my condition (Diabetes Type 1) and get my prescription (Insulin etc) and i work long hours as well. Life without the surgery would be very difficult indeed for me.

Screen Name Redacted

2/02/2023 01:26 PM

1. Continuity of the GP I see 2. Appointments when needed, face to face, without a long wait 3. Prescriptions available on the same premises.

Screen Name Redacted

2/02/2023 01:28 PM

Continuity of my health care and access to a GP as and when needed. Preferably not in 2/3 weeks (or more) time.

Screen Name Redacted

2/02/2023 01:31 PM

Screen Name Redacted

2/02/2023 01:31 PM

Screen Name Redacted

2/02/2023 01:41 PM

The level of personal care - open 5 days a week, online consultants and rapid response time. GP being able to access my prescriptions in the village. Having a team of health care professionals *** **** * operating together for our community.

Screen Name Redacted

2/02/2023 01:44 PM

Screen Name Redacted

2/02/2023 01:50 PM

Appointments can be offered within a day or two or the same day if urgent. GP knows her patients, therefore continuity is important. Surgery close to home. Pharmacy excellent.

Screen Name Redacted

2/02/2023 01:53 PM

Knowledgeable doctors who know my medical situation.

Screen Name Redacted

2/02/2023 01:58 PM

Being able to see or speak to a GP when required. Approachable staff and doctors. A GP who knows my medical/other situation. All above are at Solva Surgery now.

Screen Name Redacted

2/02/2023 01:56 PM

That it continues to be operated in Solva

Screen Name Redacted

2/02/2023 02:00 PM

It is most important to all the patients. This award winning practice and pharmacy are kept open. The service at both are excellent as is the staff.

Screen Name Redacted

2/02/2023 02:02 PM

I don't think moving surgeries is possible. St Davids would be the next option but surely they are already at maximum capacity.

Screen Name Redacted

2/02/2023 02:05 PM

That it is efficient, accessible and preferably local.

Screen Name Redacted

2/02/2023 02:09 PM

Availability. To see a nurse or doctor when needed. To be able to attend Solva for routine blood test, flu jobs, Thyroid monitoring, medication reviews etc.

Screen Name Redacted

2/02/2023 02:14 PM

To be able to pick up my medication easily, (parking) Solva surgery so well run, dedicated staff, always courteous and helpful, outstanding care.

Screen Name Redacted

2/02/2023 02:21 PM

That it is kept open as it is, with if need be using locums to run it. Most important the pharmacy must be kept at the surgery as the request if 5 miles away and others are further and their service is second to none.

Screen Name Redacted

2/02/2023 02:31 PM

Being able to access services easily. For example if I am ill I would like to be able to discuss/or see a doctor promptly. Also be able to have my prescription medication easily - a good system for repeat prescriptions and collecting them.

Screen Name Redacted

2/02/2023 02:33 PM

That i can see a doctor when i need too. Solva surgery has been wonderful in giving good service. The surgery team including receptionist, nurses and pharmacy staff are efficient, skilled and kind.

Screen Name Redacted

2/02/2023 02:35 PM

Solva is only 7 miles away, the staff know you so you feel as if your getting the personal care always.

Screen Name Redacted

2/02/2023 02:37 PM

Most important to me about the running of Solva Surgery is that I have been a patient there for 34 years and I have been very satisfied with how professionally its been run and the caring and compassion of all its doctors and nurses, Receptionists.

Screen Name Redacted

2/02/2023 02:41 PM

having a doctor or staff member on hand to deal with any health problems , also giving advice and help on preventive measures to keeping oneself healthy

Screen Name Redacted

2/02/2023 02:41 PM

Near to home

Screen Name Redacted

2/02/2023 02:41 PM

The practice is the only one local to the local community and the surrounding area which is spread quite a distance. We live about four miles away and many live further. The surgery offers many services,

the most important being the pharmacy. It would be a devastating loss if it were to go.

Screen Name Redacted

2/02/2023 02:46 PM

Having a local pharmacy and surgery - we have a wonderful group of nurses who are very caring.

Screen Name Redacted

2/02/2023 02:46 PM

Solva surgery has been perfect, very efficient and friendly service delivered. However i am now immobile and driving to Solva is no longer practicable.

Screen Name Redacted

2/02/2023 02:49 PM

Continuity and care, knowing that there is a regular doctor at the practice.

Screen Name Redacted

2/02/2023 02:52 PM

Having access to a local surgery within the community.

Screen Name Redacted

2/02/2023 02:55 PM

Quality of care and experience, ease of access and availability.

Screen Name Redacted

2/02/2023 02:56 PM

All services required by practices. Seeing a doctor face to face. Every service in Solva Surgery is needed. Having a GP practice is very important.

Screen Name Redacted

2/02/2023 03:01 PM

That it is possible to see a doctor or practice nurse quickly. Would like a regular check ups perhaps twice a year. Having a dispensary.

Screen Name Redacted

2/02/2023 03:02 PM

I have been at Solva Surgery for many years since I was born. The quality of care I get is fantastic. The thought of having to move to another surgery is very worrying for me as I suffer with anxiety which affects me mental health. The staff know more my background and always accommodate me when I need help.

Screen Name Redacted

2/02/2023 03:07 PM

Living in the countryside means Solva surgery is the closest. Having to travel further is costly and inconvenient, getting an appointment takes less time than other surgeries. There is ample parking and a chemist, so no need to travel further for prescriptions.

Screen Name Redacted

2/02/2023 03:10 PM

The Doctors, nurses, dispensing teams and admin staff know the members of the community, they understand their needs and always

go above and beyond on every occasion. I am always able to go to the Surgery and discuss with my doctor my issue and if prescribed anything, the dispensing team have my medication ready before leaving the doctors office. This is incredibly useful for myself and my grandparents whom have mobility issues. They are able to travel to one location to get a diagnosis and their medication.

Screen Name Redacted

2/02/2023 03:12 PM

Efficient staff who are compassionate, staff who work together as a team to provide best care. Pharmacy on hand to safe travelling to towns far away. Consistent Drs an nurses ETC who have built strong, trusting relationships with patients.

Screen Name Redacted

2/02/2023 03:16 PM

It serves the local community. An elderly population needs continuity, and it's nice to have a personal relationship with staff I have know for may years. It gives me a feeling of security which is beneficial to my general health and wellbeing.

Screen Name Redacted

2/02/2023 03:19 PM

They like a family to me and have help me through some tough times. We have to have access to a GP and practice nurse in Solva.

Screen Name Redacted

2/02/2023 03:19 PM

It is in the village, for an older population above all its convenient, you don't have to impose on anyone to take you there. The GP knows who you are, on the reception staff are members of the village, and the dispensary facilities are excellent.

Screen Name Redacted

2/02/2023 03:25 PM

Good and reliable health care locally when needed. Also the pharmacy within the surgery.

Screen Name Redacted

Screen Name Redacted

2/02/2023 03:30 PM

It is the nearest and on a bus route.

Screen Name Redacted

2/02/2023 03:35 PM

I feel the surgery is vitally important to be kept open and operating - in the Locality at a time the NHS is under so much pressure to keep hospitals running surely to be able to contact your GP has to ease the pressure.

Screen Name Redacted

Someone answered the phone and gives options even if there is a

2/02/2023 03:37 PM

Screen Name Redacted

2/02/2023 03:37 PM

It is important to have GP at Solva and the speak to GP face to face than speak to them on the phone.

It is if paramount importance that we have continuity of GPs dealing with out health needs. It is hoped that the Health Board will be able to provide GPs for the surgery who will be able to get to know their patients, and that there wont be a continual turn around of GPs who will * all probability, not take the interest in their patients which we have been lucky to experience at Solva surgery.

The GP practice in Solva is vital to the local community. It is important to have access to a GP and other healthcare services close to home, including the dispensary. I have young children and I also care for a parent all of whom are registered with Solva and therefore the surgery and dispensary provide invaluable services to the whole family. If there were to be no GP surgery in Solva, I would have serious concerns about both travelling further afield and also the availability of doctors and practice nurses when needed.

The surgery must stay in Solva

Screen Name Redacted

2/04/2023 09:56 PM

I can get an appointment when I need one

Screen Name Redacted

The immediately adjacent - more than adequate - flat level car park.
The friendly, helpful, efficient and effective staff - from the receptionists to the nurses, to the doctors and to the dispensers.
Having the dispensary on site is invaluable, saving the problems of having to drive elsewhere to other pharmacies where parking is difficult. The facilities and services and the special clinics on site are also extremely important to me. The continuity of care is very much a factor.

If Solva surgery was to close and I needed to register myself and my family at another surgery I would choose Fishguard as my first choice if that would be possible.

Screen Name Redacted

1/19/2023 06:05 PM

We cannot loose our surgery. The older generation who many don't drive rely on the location and derives offered.

Screen Name Redacted

1/19/2023 06:10 PM

The staff at the surgery have also been approachable, knowledgeable and efficient. They actually know. you as a person, not 'the whatever time' appointment

Screen Name Redacted

1/19/2023 06:15 PM

Please consider merging Solva and St Davids

Screen Name Redacted

1/19/2023 06:24 PM

Having access to a GP and supporting health services within walking distance in the village is paramount to many residents.

Screen Name Redacted

1/19/2023 06:24 PM

Solva surgery is vital for my and my family, and everybody there does a fantastic job.

Screen Name Redacted

1/19/2023 06:27 PM

Thankfully I don't have to see the GP very often but the services need to be local. I don't call 12-15 miles away local.

Screen Name Redacted

1/19/2023 06:28 PM

I am concerned that neighbouring practices do not have the capacity to take on that many new patients.

Screen Name Redacted

1/19/2023 06:41 PM

We need a reliable service that is local and available 24/7

Screen Name Redacted

1/19/2023 06:41 PM

Solva surgery always seems very quiet these days when I've visited and think it could be utilised more. The locums who've we've seen recently have been very good and would be great if they can continue. Keep pharmacy would be good as otherwise have to go to st David's for any prescriptions

Screen Name Redacted

1/19/2023 06:42 PM

It's vitally important that we keep solva surgery going.

Screen Name Redacted

1/19/2023 06:44 PM

I'm not sure how I would cope without the surgery being in Solva: I probably wouldn't!

Screen Name Redacted

1/19/2023 06:49 PM

I have been a patient there for 25 yrs and have every confidence in the staff.

Screen Name Redacted

1/19/2023 06:50 PM

I have been registered with Solva surgery since I was born and now my 4 children are registered there, the service provided is brilliant and it has an amazing reputation for good reason.

Screen Name Redacted

1/19/2023 06:56 PM

I have Non Hodgkins and have blood taken regularly it saves me a 30 mile round trip to Withy Bush Hospital when required. The surgery are aware of all my medical issues.

Screen Name Redacted

1/19/2023 07:02 PM

I realise that Gp practices are short of doctors though-out the uk and although not my preferred option realise that having to travel may be the only viable option. If possible, if the health board could run the practice, it is probably the best outcome Solva could hope for.

Screen Name Redacted

1/19/2023 07:05 PM

Merge Solva with St David's and share the GPs

Screen Name Redacted

1/19/2023 07:06 PM

The surgery has always been good and we have always been able to get access to a doctor quickly.

Screen Name Redacted

1/19/2023 07:11 PM

I have no transport so having my neighbour take me not so far is a real bonus

Screen Name Redacted

1/19/2023 07:13 PM

The service that they currently provide is amazing and it will be sad to see such a brilliant team disbanded.

Screen Name Redacted

1/19/2023 07:13 PM

We've largely been impressed with the way solva surgery has looked after us, although they often seem under pressure. I think it would be a travesty to lose this vital resource which would help even more pressure on surrounding surgeries. I would be happy to see this made into an opportunity to extend and improve the services currently provided in Solva. I'd also like to extend my best wishes to dr Sujan for the future.

Screen Name Redacted

1/19/2023 07:25 PM

Important asset to the village

Screen Name Redacted

1/19/2023 07:26 PM

Solva surgery is very much needed for the welfare of the local residents. We are a small rural community and the bus routes are not the best, so expecting patients to go to another village over 5 miles away is unfair. No everyone drives and that distance is too far for most to walk.

Screen Name Redacted

1/19/2023 07:59 PM

It's important that the services are still accessible from Solva with staff that you've known for years. The other local surgeries and pharmacies have refused to take on additional or transfer patients.

Solva's residents need their local GP surgery, we are an aging population who rely on locally based services. Public transport in the area is not great and would make travelling very difficult.

1/19/2023 09:39 PM

Screen Name Redacted

It would be very difficult for me to travel any distance to see a doctor I have no car and the bus service is not good.

1/19/2023 09:51 PM

Screen Name Redacted

As Solva is no where near a chemist the Pharmacy is very important especially as we get older having medicines dispensed saves time and energy (fuel energy) going to a chemist

1/19/2023 10:04 PM

Screen Name Redacted

This is such a valuable service and it would be devastating to lose it.

1/19/2023 10:10 PM

Screen Name Redacted

Although not a registered Solva patient I feel strongly that these local GP services must be maintained. I'm registered in Haverfordwest, and having phoned every morning this week at 8.30 to find there is already a message on the line saying all there are 'no available appointments for today' makes it clear to me that any Solva patients added to the Haverfordwest surgeries would increase the load on an already struggling GP service, and the Solva residents would struggle to be seen. Local services to rural communities are a lifeline for the elderly and vulnerable. In Haverfordwest there aren't any easily connecting buses from the Solva route which take you up to the Gp surgeries at the top of town.

I feel that in Pembrokeshire we are being neglected, we have a fantastic local community that are looking out for each other, but the services provided regarding health and well-being are being taken away, leaving a huge part of that community vulnerable, whether it's the elderly, maternity services, mental health, physiotherapist/ rehabilitation everything seems to be out of reach in our area, and yet we encourage thousands of visitors here every year. Since the pandemic the population has grown with people moving to the area, yet the services are disappearing. WE NEED OUR SURGERY, WE

NEED DOCTORS, NURSES, A DISPENSARY AND A NETWORK OF PROFESSIONALS!!

Screen Name Redacted

The Best outcome for all concerned would be to keep Solva Surgery open so all concerned can continue to give the best service to the community and its patients - all it's staff go above and beyond and i for sure are truly grateful And don't want to lose such a vital service

Screen Name Redacted

This is a very important part of our community and a necessary asset, please don't let this vital place be another failing on the NHS, instead let's have it as a centre of excellence and the future of community led primary care and preventative care services

Screen Name Redacted

Solva surgery is a caring, local, and dedicated surgery the staff and doctors have provided excellent care. The nurses are exceptional, to the point where they saved me from going into a diabetic coma. The surgery is a smaller more local surgery it does not make you feel neglected or just another number. The pharmacy facility is an asset to the local community. All my family are at this surgery and I wouldn't want to go anywhere else.

Patients in this area do not want to have to be registered in any of the Haverfordwest practices, having already left them for a better service in Solva

Screen Name Redacted

1/20/2023 07:13 AM

Given that we have a high number of older people in Solva it would be extremely detrimental we're the surgery to close.

Screen Name Redacted

1/20/2023 07:45 AM

It would be very disappointing if the practice closed, especially for the elderly and families living in the locality as it is so convenient.

Screen Name Redacted

1/20/2023 07:58 AM

Solva surgery has a very good reputation of delivering a high service to its community.

Screen Name Redacted

1/20/2023 08:42 AM

If the Solva site were to close I would be concerned about how the elderly members of the community would get to an alternative location. Also whether an alternative location would have the capacity to onboard so many additional patients.

Screen Name Redacted

1/20/2023 09:26 AM

The key issues as to why GP 's are not interested in taking a post at Solva should be addressed- these issues should be surmountable whether financial or other. Involvement of the local community may help in this respect if issues relate to housing or finance.

Screen Name Redacted

The cost and time to get to another surgery might mean we would be reluctant to go there and this would be detrimental to our health it could even mean that we would end up in hospital over something that could have been treated by a GP earlier

Screen Name Redacted

solva surgery is needed as a community building center. giving back to people a sense of belonging. to something that is worth while. in to days push button world we need to be treated as humans and not just items on a list. the slow corrosion of the essential village facilities must be stopped. not every body can travel endless miles to get advice on their medical condition . and end up talking to name less and changing faces so no trust is built up , so people lose out on the proper care. that they deserve. ...

If all patients registered to Solva surgery have to move if Solva practice were to close, it would be pressurising the other already overfilled private practices, causing longer delays in receiving care. It is therefore essential Solva remains accessible to maintain consistent healthcare options for those in need.

Screen Name Redacted

This surgery should not close. It is an essential part of the nhs we pay for.

In addition to the clinics already in place (diabetes etc) it would be great to add additional services, physio, chiropractic, podiatry, healthy lifestyle, base for Solva Care's care assistants, meditation, support for people living with dementia even minor injuries which I believe were handled previously within the surgery in a purpose built operating room. Space could be rented out to bring the services to Solva and surroundings. A preventative approach, a wellbeing centre for Solva and the St Davids Peninsula as a whole.

The thought of being with St Davids fills me with dread. I was registered there about ten years ago and the difference in service was night and day. The staff at Solva know me, they know my situation and are simply brilliant. It was very different at St Davids and I can only imagine how poor the service would be in Haverfordwest. Let alone the struggle I will have to get there using public transport. I am also desperate for the Dispensary service to continue. I have recently had a quadruple Heart bypass and they have been incredible.

Screen Name Redacted

This Solva Surgery has saved lives and is crucial to our community to close it would be an absolute tragedy.

Screen Name Redacted

1/24/2023 11:38 AM

Losing Solva surgery (and pharmacy) would be a massive blow to the local area.

Screen Name Redacted

1/24/2023 02:26 PM

Keeping Solva surgery going is so important in our community as both St David's and Fishguard surgeries become extremely busy places during the holiday season and expecting them to divide yet

more patients between them is unthinkable. Surgeries in Haverfordwest are nigh on impossible already to get an appt so how they could be expected to take on yet more patients?

Screen Name Redacted

1/24/2023 02:40 PM

As someone who suffers with mental health, the closure of the surgery and having to be relocated would be detrimental.

Screen Name Redacted

1/24/2023 05:12 PM

Dispensing will be a problem for older people or non drivers once this contract disappears with the GP.

Screen Name Redacted

1/24/2023 05:15 PM

I can't imagine other GP surgeries would have room for any extra patients.

Screen Name Redacted

1/24/2023 07:25 PM

We need this surgery, many of the elderly do not drive and can't get to another surgery. This surgery provides a first class service to the residents of Solva

Screen Name Redacted

1/24/2023 07:58 PM

I have recently been declined registration in st David's as they don't have the capacity so there's no way they can manage the two practices or patients. Feels wasteful to register in solva if it's to close in 6 weeks...

Screen Name Redacted

1/24/2023 09:52 PM

It would be good for repeat prescriptions to be greater than 1 month. This would reduce frequency of both patient and doctor input. Solva building is large...possibility of encouraging other services there to make it more attractive to future GP's

Dedicated staff at Solva Surgery

Screen Name Redacted

1/25/2023 08:48 AM

Solva surgery has always gone above and beyond to get appointments and help I've needed whenever myself or my children have been ill. this service is vital for the community!

Screen Name Redacted

1/25/2023 09:04 AM

In considering the future of GP services for Solva I would ask the board to consider: 1) The fact that other GP practices in the area are at or beyond capacity already 2) The population of the area is growing both in numbers and age - there are many housing projects in construction 3) The population of the county grows exponentially in the Summer months so please don't base the service on the number

of registered patients 4) Transport.

Screen Name Redacted

1/25/2023 10:41 AM

The surgery is essential because the nearby surgeries are over stretched and full, there are a lot of elderly people in solva and patients that are not very mobile, bus services are not marvellous. The pharmacy is also essential to local people

Screen Name Redacted

1/25/2023 12:27 PM

Many more people have moved to this area within the last few years with more houses being built as of now . The lack of health services in this region should have been addressed long ago .

Screen Name Redacted

1/25/2023 03:30 PM

As above. I remark that many more people are living in this area now with new estates built and in the process of being built. Ample warning has been given in this regard and steps to upgrade health services and the hospital should have been foreseen and acted upon sometime ago.

Screen Name Redacted

1/25/2023 03:49 PM

The staff are committed and friendly and the site is perfect for facilities and parking.

Screen Name Redacted

1/25/2023 04:11 PM

I have been with Solva surgery all my life and hope to be able to continue with this.

Screen Name Redacted

1/25/2023 06:27 PM

The future of the surgery should be secured by being taken into NHS or community ownership so the facility is never lost from Solva. This may enable the surgery to attract GPs since they will not have to buy into the practice. Because of its central location in St David's Peninsula and the surgery's good facilities, the surgery should be developed as a well being centre offering a range of clinics and other health related opportunities.

Screen Name Redacted

1/25/2023 07:27 PM

Yes, There is a very mixed age group within Solva with disabilities and medical conditions. There needs to be serious consideration around access. This is a rural area and many people are older or young people who do not drive. There are also many people who are not digitally connected so accessing medical services online is very difficult or impossible.

Screen Name Redacted

1/25/2023 08:26 PM

I put that I would rather be transferred as I would rather be at another doctors than stay with solva should it become run by agency or locum

doctors that change all the time. If the doctor is likely to be a consistent staff member than this is different. I have 2 young children and for me it's important that the doctor knows us, has our history but also has some knowledge of us and that the children aren't nervous of them (if they are different each time)

Screen Name Redacted

1/25/2023 09:51 PM

Increasing demands of health services do not need closures as this will add to the current challenges facing society and communities

Screen Name Redacted

1/26/2023 08:43 AM

NHS have a duty of care to provide a LOCAL service for residents, Solva has a large amount of elderly and vulnerable residents who do not have access to reliable transport it would not be acceptable to close this GP and force people to travel. In addition NHS would be breaking it's one climate change ethics forcing so many more car journeys and creating a larger carbon footprint than simply having one GP drive to this location rather than all the patients drive to the GP elsewhere. Before a decision is made to close this GP a full and public study should be undertaken into the carbon footprint of this decision. Screen Name Redacted

1/26/2023 03:15 PM

Over the last 10 years quality and efficiency of service provision have consistently dwindled. Covid exacerbated and accelerated this trend. There seems to be a drive to avoid face to face consultation at all costs, even though it clearly worsens the patient experience while also generating extra layers of work in the primary care system that waste time and money. I know this is the case in all local PCTs, not just Solva. The increased use of locum doctors (and other staff) is frustrating as it militates against joined up, consistent care provision and also wastes money. Spreading Solva's patient list across the 2 or 3 remaining local practices can achieve nothing but a further deterioration of patient service, an increase in the huge pressure GPs and PCT staff already face in those practices and ever greater financial and social strain on the health board. Solva surgery is well-established, much respected and has modern premises and a decent existing team (some very experienced) of committed staff. Throwing all that away for the lack of a GP seems unwise at best and probably an act of idiocy. Whatever it costs to keep Solva going with a full time, long term GP in place (and if recruiting is a problem then find the money to pay what it takes) will deliver the only desirable outcome. It gives that practice a chance to start to deliver the

consistent, joined-up care patients deserve, it avoids dragging other practices down by overloading them and it will unquestionably prove a more cost effective solution in the long run. I am no medical professional, but 40 years experience in the real world of business convinces me this is the only realistic way to deliver a productive, successful solution to this problem. Dividing difficulties up and pushing them around into other places and filling the inevitable holes with high-cost, uncommitted locum staff will only serve to ensure further, increased service failure, dissatisfied, unhappy patients and criminal wastage of precious funds. As you can see I have thought a lot about this and have some strong, passionate views. They are not knee-jerk, they are extremely carefully considered and profoundly held. I would be more than happy to discuss this further and even offer and practical or consultative assistance you may think helpful. Happy to be contacted further. A considerable loss to the community

Screen Name Redacted

1/27/2023 09:23 AM

Retaining an on site pharmacy is key to this particular surgery as it ensures patients collect their prescriptions very quickly. Nearest pharmacies require additional travel which for many could be a problem and delay starting medication. Alternatives may include mobile pharmacy or medication delivered to the door but details need to be known before April.

Screen Name Redacted

1/27/2023 09:24 AM

Closure would be huge blow to the rural community and cause major worries and concerns

Screen Name Redacted

1/27/2023 09:28 AM

The surgery is the centre of life (and death) in the community. A valuable service especially in the ageing population. This is a very rural practice with its core in Solva. It is a busy area during the summer months with the population growing and the roads becoming congested. Parking on site is ideal especially for collecting prescriptions. The reception staff are next to perfect in their dedication to the seamless running of the practice. They worked wonders during the pandemic running vaccination clinics and keeping everyone safe. It is an award winning practice. Until fairly recently it was taking on extra services including minor surgery and sigmoidoscopies in a purpose built theatre. Alternative therapies; sports massage, counselling, to name a few , have been very successful here. Please don't close it. Make more of it. Put money into it and make it a centre of excellence again.

Care under Dr Sudjan leadership has been phenomenal, but understand ability is now retiring, as a legacy to her, there hopefully would sufficient number of the medical personnel retained and still employed should Solva surgery become operated by the health board. This would at least allow consistency and continuity as most of the personnel know the patients. If the patients were to be dispersed to other surrounding practices, not only would that add an extra workload to those practices. Travel to and parking at St David's is virtually impossible for some patients now, and the situation will be further complicated if patient numbers increases, futhermore when GPs at the other practice become eligible for retirement. Solva surgery is located at a centre point of the penninsula, has plenty of parking in the immediate localle, together with its own car parking, which is vital for those with disabilities. The building is purpose built with very good clean and modern facilities. Too good a site to close surely. The alternative to St David's in a GP practice in Haverfordwest, already over crowded and not centrally located for public transport if living in out lying villages. The pharmacies are not co-located and Boots the chemist more often than not has hours long queues just to hand in a script which cannot be collected immediately but it cannot be determined as if they have the item in stock. A very poor option. It would therefore seem prudent to at least try the health board posted practice option in order to ascertain if it is workable, perhaps scene setting for St David's surgery's option in under two years time.

Worried about already stretched NHS if we had to join another practice. Also worried if we lose Solva surgery which is clearly needed by residents, we would never get it back.

Screen Name Redacted

1/28/2023 03:41 PM

the surgery nurses are excellent.

Screen Name Redacted

1/28/2023 04:04 PM

Solva is full of elderly folk who don't drive and need the surgery to remain

Screen Name Redacted

1/29/2023 08:58 AM

The current surgery has worked really well for us as a family

Screen Name Redacted

1/29/2023 05:36 PM

I prefer to have a surgery in Solva as opposed to being transferred as:- The surgery is a large part of the community. I understand that other surgeries are already full and obtaining appointments is difficult. Poor and infrequent public transport to other locations would make it extremely difficult to attend, particularly if really ill. Would doctors still provide home visits to Solva if needed?

Screen Name Redacted

1/29/2023 06:09 PM

I would wish for the Health board to be more innovative than to simply roll out one of the two options on offer. While I would like the practice to continue as a managed practice, if a GP can be found, I find the issue of availability of GPs to almost be a red herring. The role of the health board in my opinion is to lead on strategies to ensure continuity of services. Has the health board lobbied for more GP / medical school positions to be made available? What are the health boards longer term plans to manage this situation? As a University Health Board, does the board consider the option of funding their own medical school under the aegis of the existing teaching hospitals for example, rather than depending on external providers, or perhaps taking on more medical students in the hospitals? At the consultation evening, there was a feeling of "it is how it is" and defeatism. I would like our health board not to quote to me about how difficult it is to recruit in West Wales, but rather tell me about what is being done to improve recruitment and retention of medical staff including GPs.

Solva needs a surgery in order to be accessible even if I don't have a car

Screen Name Redacted

1/30/2023 10:00 AM

Keep this surgery open

Screen Name Redacted

1/30/2023 10:00 AM

was really happy when we moved to have an accessible surgery

Screen Name Redacted

1/30/2023 10:04 AM

My previous surgery was Argyle and it was impossible to get an appointment.

Screen Name Redacted

1/30/2023 10:15 AM

Solva surgery has given me and my family security of medical care for over 40 years. I really hope that it can be kept open to continue with this care.

Screen Name Redacted

1/30/2023 10:16 AM

We do not want this surgery to close.

Screen Name Redacted

1/30/2023 10:19 AM

Keep my surgery open, i can not travel further.

Screen Name Redacted

1/30/2023 10:20 AM

I rely on people to take me to the surgery locally this is possible, but would struggle if it was not based in Solva

Screen Name Redacted

1/30/2023 10:22 AM

After discussion with Amanda I will support the idea of Management Practice at least to avoid confusion in 8 weeks (two months) time.

Screen Name Redacted

1/30/2023 10:31 AM

Not in agreement to be allocated to an alternative practice Distance of pharmacies to dispense prescriptions

Screen Name Redacted

1/30/2023 10:38 AM

Essentially to keep the surgery. 'Managed' surgery acceptable. Other facilities e.g. physiotherapy / health hub etc - would be good, but the doctor / nursing staff are the centre of the flower!! Check on contracts for GPs. Retirement age / pension of GPs etc

Screen Name Redacted

1/30/2023 10:40 AM

The population is ageing I need to know what the options are

Screen Name Redacted

1/30/2023 10:41 AM

- concern about capacity in other practices - recruitment and local issues retired

Screen Name Redacted

1/30/2023 10:43 AM

I like the continuity of care

Screen Name Redacted

1/30/2023 10:47 AM

How to improve engagement with younger people (e.g. TFC, school and youth clubs

Screen Name Redacted

1/30/2023 10:49 AM

It would be good to have ***** services on the premises (e.g therapy, occupational, local visits, mindness) a lot of the ***** in *****

Screen Name Redacted

1/30/2023 10:50 AM

Disappointed that new patient medical didn't happen when we registered during covid.

Screen Name Redacted

1/30/2023 10:52 AM

Over all continuity in all areas - especially doctors

Screen Name Redacted

1/30/2023 10:52 AM

A great local service which needs to be maintained.

Screen Name Redacted

1/30/2023 10:56 AM

I've lived in solva all my life and there has always been a doctor in the village. It needs to continue.

Screen Name Redacted

1/30/2023 10:56 AM

Solva surgery is part of the Community, staff and services there are excellent.

Screen Name Redacted

1/30/2023 11:01 AM

To recruit consider advertising in surfing and walking publications to attract medics who surf and walk!

Screen Name Redacted

1/30/2023 10:59 AM

As above with very good services and the reassurance that help is at hand when needed.

Screen Name Redacted

1/30/2023 11:05 AM

They've helped me when I've struggled with asthma

Screen Name Redacted

1/30/2023 11:09 AM

Luckily I am able to drive but if this situation should change I could require assistance to visit surgery and collect my prescriptions

Screen Name Redacted

1/30/2023 11:12 AM

Easy access and close to home

Screen Name Redacted

1/30/2023 11:15 AM

with out seeing a doctor I would of been living with a unseated coil that could of been dangerous, my kids wouldn't of got the antibiotics they needed the same day.

Screen Name Redacted

1/30/2023 11:23 AM

Having a pharmacy at the surgery was a distinct advantage. Consideration should be given to the elderly patients in the community.

Screen Name Redacted

1/30/2023 11:26 AM

No

Screen Name Redacted

1/30/2023 11:41 AM

There are 107 holiday home Solva

Screen Name Redacted

1/30/2023 11:44 AM

Could the surgery communicate better on the services they have?

Screen Name Redacted

1/30/2023 11:45 AM

I'm concerned that the staff don't know what's happening. There is no room in St David's for extra clinicians e.g. physio Transport is a problem for me What other services could run from Solva Surgery?

Screen Name Redacted

1/30/2023 11:48 AM

No parking at St David's surgery or chemist

Screen Name Redacted

1/30/2023 11:50 AM

Having known the staff for so long, it would be really difficult to move elsewhere.

Screen Name Redacted

1/30/2023 11:57 AM

In an ideal world I would like to keep the surgery in Solva I am worried about services moving to Glangwili

Screen Name Redacted

1/30/2023 11:57 AM

I've known the staff a long time and reluctant to lose that if i had to move surgeries.

Screen Name Redacted

1/30/2023 12:00 PM

Polite and friendly staff

Screen Name Redacted

1/30/2023 12:04 PM

I would be happy to move to Fishguard or St Davids but not Haverfordwest

Screen Name Redacted

1/30/2023 12:06 PM

I'm willing to travel for medication. My priority is a GP.

Screen Name Redacted

1/30/2023 12:09 PM

Maintain Solva surgery due to the need for an accessible GP practice in the rural North West of Pembrokeshire.

Screen Name Redacted

1/30/2023 12:09 PM

I am concerned about services at Withybush It is not environmentally sustainable to make patients travel There should be more recycling of medication packaging

Screen Name Redacted

1/30/2023 12:12 PM

I think it is essential that Solva has a surgery for local people.

Screen Name Redacted

1/30/2023 12:12 PM

No parking at St David's chemist Boots can't cope

Screen Name Redacted

1/30/2023 12:13 PM

The staff are lovely. They are worried about their future. St David's surgery say they are full. I do not like the questions about gender etc.

Screen Name Redacted

1/30/2023 12:16 PM

I am a carer for my 91 year old mother - the staff all know us and are amazing. Dispersal would be too much disruption Lack of transport

Screen Name Redacted

1/30/2023 12:19 PM

Good that dr's, nurses and dispensary are all together.

Screen Name Redacted

1/30/2023 12:24 PM

Great staff at this surgery always helpful and friendly, would like them to remain here

Screen Name Redacted

1/30/2023 12:25 PM

We have an excellent health building here in Solva and it should be put to best use in the *** in the community.

Screen Name Redacted

1/30/2023 12:26 PM

No

Screen Name Redacted

1/30/2023 12:28 PM

This is by far the best surgery,

Screen Name Redacted

1/30/2023 12:31 PM

Whilst I've said move to another surgery. I would prefer there to still be the same full facility in Solva.

Screen Name Redacted

1/30/2023 12:34 PM

Other health services such as Foot/Corns, Skin/Lump removal mental health service. Essential to retain the pharmacy.

Screen Name Redacted

1/30/2023 12:36 PM

The local accessibility is vitally important

Screen Name Redacted

1/30/2023 12:41 PM

As I am in my eighties, with the problems of ageing and I would find it very difficult to cope with not having a surgery that is possible to attend.

Screen Name Redacted

1/30/2023 12:59 PM

At 80+ years the proximity of the doctor is very important.

Screen Name Redacted

1/30/2023 01:39 PM

I would really prefer to have a replacement regular doctor in the practice. Are we trying hard enough to sell Solva to the medical profession, Beautiful surfing beaches- blue flag (New gale and White sands) Great place to bring up a young family - St Davids school, friendly, lively village on Pembrokeshire costal path.

Screen Name Redacted

1/30/2023 01:44 PM

Easy access parking

Screen Name Redacted

1/30/2023 01:56 PM

See 2 above - local staff and knowledge about patients needs and situations much prized

Screen Name Redacted

1/30/2023 01:58 PM

I do hope Solva will continue as we need more services in the area.

Screen Name Redacted

1/30/2023 01:59 PM

Losing the surgery will kill many of the village off including my 86 year old grandmother, she can't drive or walk, she wouldn't be able to go to another doctors.

Screen Name Redacted

1/30/2023 02:01 PM

The doctor currently operates a fairly responsive service. It would be great to see this matched.

Screen Name Redacted

1/30/2023 02:05 PM

Receiving repeat prescriptions if the chemist is not continuing it will be a problem for mw as i am over 80 years old.

Screen Name Redacted

1/30/2023 02:06 PM

Solva surgery is excellent all staff are brilliant

Screen Name Redacted

1/30/2023 02:08 PM

Would be disappointed to loose this surgery.

Screen Name Redacted

1/30/2023 02:13 PM

The surgery is a central and most important part of the village certainly considering the number of elderly who live here.

Screen Name Redacted

Solva surgery should be managed by the Health Board until another

1/30/2023 02:16 PM

partner/GP can be found. Would not want to register elsewhere especially if **** and more would put this other surgery (St Davids) at risk.

Screen Name Redacted

1/30/2023 02:19 PM

As a woman I find the gender identity section, where women are relegated to 3rd place on the form offensive - we still form 50+% of the population

Screen Name Redacted

1/30/2023 02:24 PM

This small and local surgery must not be allowed to close, it has some 2500 patients. I do not wish to belong to the Wynch Lane debacle with very little parking and having to wait days even weeks for prescriptions. What will it be like with another 2,500? No thank you.

Screen Name Redacted

1/30/2023 02:24 PM

Friendly award winning service which needs to stay.

Screen Name Redacted

1/30/2023 02:31 PM

Difficult to understand what this consultation's purpose is! No one tells us: 1. Who owns the building (grounds) 2. So Health Board have a legal obligation to continue the service there or elsewhere? 3. Have other surgeries got capacity? 4. What are the barriers to recruitment (outside of location or salary) - those following from historical and legal and financial situation?

Screen Name Redacted

1/30/2023 02:32 PM

No but i would like this practice to stay open.

Screen Name Redacted

1/30/2023 02:33 PM

Great staff at Solva surgery

Screen Name Redacted

1/30/2023 02:34 PM

No

Screen Name Redacted

1/30/2023 02:38 PM

The existing doctor is difficult to understand due to her overseas accent. It is obviously important to be able to clearly understand what a doctor is saying.

Screen Name Redacted

1/30/2023 02:42 PM

It will be a tragedy to loose such a fantastic and excellent service and pharmacy that Solva surgery provide to all their patients.

Screen Name Redacted

The dispensary is vital, we have an aging population and need young

1/30/2023 02:51 PM

people to stay here. I am 30 years old and the loss of a GP surgery feels like a huge step backwards in making this a sustainable place to live. NOT just but holiday homes.

Screen Name Redacted

1/30/2023 02:55 PM

Regarding the future after March, i am not happy about the loss of the pharmacy dept. I trust the Hywel Dda Health Board finds a suitable solution.

Screen Name Redacted

1/30/2023 03:01 PM

No

Screen Name Redacted

1/30/2023 03:16 PM

Solva surgery has great staff, they are very friendly and helpful. This surgery has won the award for best surgery in Wales twice. It needs to stay here for the community.

Screen Name Redacted

1/30/2023 03:30 PM

Please keep our practise open!

Screen Name Redacted

1/30/2023 03:32 PM

With my blood cancer and a low immune system at times access to a local GP is important for quick diagnosis and treatment.

Screen Name Redacted

1/30/2023 03:37 PM

Other GP practices e.g Fishguard, St Davids Haverfordwest seem to be at full capacity and struggling at it stands.

Screen Name Redacted

1/30/2023 03:41 PM

Other dr practices are full and struggling already.

Screen Name Redacted

1/30/2023 03:50 PM

A dispensing service is essential. It is not a frill or optional extra. It is vital that the surgery itself lies in the building itself and is not sold off

Screen Name Redacted

1/30/2023 04:26 PM

Ideal location. Has its own carpark. Can get prescriptions from there. Staff are very helpful.

Screen Name Redacted

1/31/2023 08:50 AM

If possible collect prescriptions in the mornings due to poor bus service to get to Solva in the afternoon. (Not so regular in the afternoon) Keep the pharmacy at the surgery for prescriptions. Thank you.

Screen Name Redacted

Keep the pharmacy at the surgery for prescriptions. A great help

1/31/2023 08:56 AM

thanks.

Screen Name Redacted

1/31/2023 09:01 AM

Also Solva is close to my home village of Roch and is easy to get to by car or bus.

Screen Name Redacted

1/31/2023 09:05 AM

Moving to Haverfordwest would mean less chance of an appointment.

Screen Name Redacted

1/31/2023 09:08 AM

46 years with Solva GP Practice. It is going to be very difficult to consider another GP Practice. Sincerely hope it is unlikely to happen.

Screen Name Redacted

1/31/2023 09:10 AM

Please do your best to keep Solva Surgery

Screen Name Redacted

1/31/2023 09:15 AM

Just please try to keep it as it is at Solva Surgery.

Screen Name Redacted

1/31/2023 09:21 AM

I would like to see a "WELLNESS" hub serving Solva and outlying areas including Massage, mental health, annual MOT, fitness sessions, meditation, yoga etc

Screen Name Redacted

1/31/2023 09:28 AM

I personally believe many people rely on this service at Solva Surgery and it gives people a lifeline. Staff always friendly and helpful

Screen Name Redacted

1/31/2023 09:30 AM

I think we are exceptionally lucky to have a practice like Solva it is 5**

Screen Name Redacted

1/31/2023 09:36 AM

Solva surgery over the last 50 years has served me and my family well without any complaints.

Screen Name Redacted

1/31/2023 10:02 AM

Solva Surgery 100%

Screen Name Redacted

1/31/2023 10:06 AM

There is a friendly atmosphere in the Solva surgery and the staff are very approachable.

Screen Name Redacted

1/31/2023 10:16 AM

It would be *** if Solva Surgery were to close and it could no longer provide prescription and repeat drugs.

Screen Name Redacted

1/31/2023 10:29 AM

There is a desire need to support services at Solva such as well person clinic, osteopathy, chiropody, minor *** loss of A&E at Withybush hospital would place the population of St Davids ***** Journey time to Glangwili are at least 1 hour 20 minutes plus waiting times for ambulance to arrive. Consultation which is typical of the labour administration, ignores the basic principle of caring further patients. A hospital at St Clears is simply too far away and patients will die with life threatening heart attach and stroke emergencies.

Screen Name Redacted

1/31/2023 10:33 AM

Solva practice has served me well for 15 years i have lived in Pembrokeshire. The staff and doctors have been kind and caring, the loss of this practice would be a major one to me as now elderly. I would find it very difficult to travel long distance to reach for medical help and service. KEEP SOLVA PRACTICE.

Screen Name Redacted

1/31/2023 10:38 AM

I transferred to Solva Surgery to be at the same practice as mu daughter and my grandchildren as i sometimes have to look after my grandchildren. Please advertise for a replacement and word the advertisement so that a potential doctor will see the advantages of listing in Pembrokeshire.

Screen Name Redacted

1/31/2023 10:45 AM

The shortage of GPs is not a new problem. Why hasn't the Health Board/ Welsh Government had the foresight to address this before now. Cars have MOTs why not a regular annual check up as a precaution measure.

Screen Name Redacted

1/31/2023 10:51 AM

I would like the practice to offer more services/

Screen Name Redacted

1/31/2023 10:57 AM

I think it is clear that the public will have to pay for the kind of NHS we would like to have either - a) Move tax b) those who can pay for visit to doctor/nurse £20.00 per visit and prescription charge.

Screen Name Redacted

1/31/2023 11:50 AM

I have mobility problems, currently still able to drive but worried when i cant. There is no bus service where i live so how will i be able to collect my prescription ? Its a worry at my age.

Screen Name Redacted

Screen Name Redacted

Screen Name Redacted

1/31/2023 12:12 PM

It has in recent months been difficult to get a doctors appointment. You do get offered a GPP to call you but due to local BT problems and signal we don't get the phone ca;;. It is not a suitable way to run a surgery.

Screen Name Redacted

1/31/2023 12:15 PM

As an anxious patient i would struggle if i lost the local service.

Screen Name Redacted

1/31/2023 12:22 PM

Econsult worked well during Covid, uploading photos to enable Dr to treat more easily if applicable

Screen Name Redacted

1/31/2023 12:26 PM

A working surgery is a key point of a community one of the factors we consider in mornings here and worth fighting for.

Screen Name Redacted

1/31/2023 12:30 PM

A local basic service is essential for the whole community. GP part of that plus additional service also very desirable. An important consideration for people **** *

The uniqueness of this surgery is its community feel. I have felt listened to, cared for and have been extremely satisfied with the care i have received. I am a name not a number in this practice.

Screen Name Redacted

1/31/2023 01:19 PM

Solva surgery have always operated to a high standard.

Screen Name Redacted

1/31/2023 01:23 PM

Has to be local as we have small children and no transport.

Screen Name Redacted

1/31/2023 01:23 PM

Solva practice needs to be kept

Screen Name Redacted

Solva surgery has been an amazing surgery.

1/31/2023 01:26 PM

Screen Name Redacted

1/31/2023 01:30 PM

It is important to keep local GP practice open so people don't have to go to A&E unless in emergency and to keep local hospitals open.

Screen Name Redacted

1/31/2023 01:32 PM

It would be very difficulty/inconvenient if there was no surgery in Solva

Screen Name Redacted

1/31/2023 01:35 PM

My none illness is known by the local doctors.

Screen Name Redacted

1/31/2023 01:38 PM

Because i have special needs it will take longer than normal for myself to be happy at any new surroundings and acquire trust in new staff.

Screen Name Redacted

1/31/2023 01:48 PM

I suffer with anxiety and depression, so a change of surgery would be a trigger for my anxiety

Screen Name Redacted

1/31/2023 02:09 PM

I have always been looked after.

Screen Name Redacted

1/31/2023 02:13 PM

I want the surgery to still operate in Solva. I live remotely and it is important that rural communities have access to health care.

Screen Name Redacted

1/31/2023 02:20 PM

The surgery and everything it provides is a valuable and very important asset to the community. As more and more care gets moved out of hospitals in to the community it is vital we protect such assets.

Screen Name Redacted

1/31/2023 02:28 PM

Why are you unable to find a GP for such a lovely place? what do you offer in-comly to Drs

Screen Name Redacted

1/31/2023 02:36 PM

The pharmacy facility of the surgery is very efficient. We don't have to travel to town to stand in long ques at pharmacies only to find we have to return for out of stock items.

Screen Name Redacted

1/31/2023 02:45 PM

This surgery has been in Solva for at least the last 70 years. It should not be allowed to close.

Screen Name Redacted

1/31/2023 03:06 PM

I am very sad that Dr Sujan is leaving but even more upset that no GP wants to come and take over the practice in our beautiful area.

Screen Name Redacted

1/31/2023 03:10 PM

Face t face GP appointments (Please)

Screen Name Redacted

1/31/2023 03:25 PM

I do not visit because of disability but it is important to know that a doctor is nearby.

Screen Name Redacted

1/31/2023 03:26 PM

It would be extremely sad to lose Solva Surgery.

Screen Name Redacted

1/31/2023 03:29 PM

I have been so satisfied with Solva surgery and am very disappointed for its closure as i know it. Thank you for twenty years of good service.

Screen Name Redacted

1/31/2023 03:35 PM

All the staff in Solva are very approachable and always extremely helpful. I am sadden by the impending closure.

Screen Name Redacted

1/31/2023 03:38 PM

All of my life there has been a surgery in Solva, it will be very sad day if it has to close.

Screen Name Redacted

1/31/2023 03:40 PM

Its a simple requirement. This community MUST have a GP surgery.

Screen Name Redacted

1/31/2023 03:42 PM

We still need to be able to have our tablets dispensed at the surgery.

Screen Name Redacted

1/31/2023 03:44 PM

Dispensing should continue. Don't think St Davids chemist has capacity to dispense all the medication. Parking especially in summer dreadful in St Davids.

Screen Name Redacted

1/31/2023 03:47 PM

I have always been extremely happy with the surgery, nice, friendly staff.

Screen Name Redacted

1/31/2023 03:48 PM

DO not want the surgery to close.

Screen Name Redacted

1/31/2023 03:59 PM

Having lived in Solva for 30 years since Covid it has become more and more difficult to get an appointment with GP. E.G explaining to receptionist why you need an appointment, then waiting for a GP to call then sending photographs. In the past the surgery has been used for other things E.G Chiropractor, sports massage. At the moment the surgery is not used as much as it could be, providing other services for the community,

Screen Name Redacted

1/31/2023 04:01 PM

Unhappy to see this service is under review. Lovely surgery at Solva.

Screen Name Redacted

1/31/2023 04:05 PM

Surgery has been excellent and it would be nice to keep it that way.

Screen Name Redacted

1/31/2023 04:07 PM

If unable to drive myself to surgery, not far for a friend to drive me.

Screen Name Redacted

1/31/2023 04:16 PM

St Davids would be the nearest practice and from what i gathered there is not very good parking arrangements there and entry to the surgery is difficult to access the surgery. Most important services to the community.

Screen Name Redacted

1/31/2023 06:07 PM

In an ideal world we would i would liked to have extra services like physio, chiropody, counselling etc.

Screen Name Redacted

1/31/2023 06:20 PM

The community needs a full time, locally based GP service.

Screen Name Redacted

1/31/2023 06:56 PM

Having a dispensery in the same building or even village as the GP practice is convenient

Screen Name Redacted

1/31/2023 07:02 PM

The service is invaluable. It cannot be erased from our community

I do not want the Health Board to take over this Surgery, simply for them to be seen as "going through the motions," to then see it suddenly shut down by the Health Board. That is my concern if the

Hywel Dda University Health Board takes it over. However, travelling to the likes of Fishguard or Haverfordwest Surgery/s by bus is not viable for me due to the poor bus service (and the uncomfortable seats) in this area as surely must be known. Both Surgeries are over 15 miles away and therefore with such a poor bus service, how will I be able to attend a specific appointment time with such a frugal bus service both there and back to my home at my age and with my health issues? I will also become reliant on others to drive me there! At the moment, 3 miles to my current surgery in Solva is not an issue, but over 15 miles will be a problem in trying to travel there, often at short notice. A taxi would be far too expensive. Also, using the poor bus service, I fear I would be left hanging around waiting for a return bus service which would be very difficult for me as I am still awaiting an "urgently needed" replacement hip operation as was described to me by the Orthopaedic Consultant years ago! I could not cope with the walking from a bus stop to a surgery, which would be a problem in differing weather condition or the waiting around as it would exacerbate my health condition(s.)

Screen Name Redacted

1/31/2023 09:25 PM

Yes if you close solva surgery and have to disband the patients to other practices then this would be even more of an issue for elderly who can't drive

Screen Name Redacted

2/01/2023 08:52 AM

I feel very strongly that it is really important to keep Solva surgery. The village has an aging population and many find travelling any distance very difficult.

Screen Name Redacted

2/01/2023 08:56 AM

All members of my family are on full time medication and *****need supply to stay local in Solva.

Screen Name Redacted

2/01/2023 08:59 AM

We need to keep a surgery with pharmacy in Solva. Prescriptions that were dropped in Rock shop have now closed as well!! People will die unnecessarily

Screen Name Redacted

2/01/2023 09:14 AM

The practice has always provided high quality, compassionate care.

Screen Name Redacted

2/01/2023 09:22 AM

A central and most important part of the village, certainly considering the number of elderly who live here.

Screen Name Redacted

2/01/2023 09:25 AM

Solva surgery, simply the best!!

Screen Name Redacted

2/01/2023 09:32 AM

Regular Doctor, not continually staffed by locums

Screen Name Redacted

2/01/2023 09:56 AM

Concerned re repeat prescriptions. Patients who cannot drive and disabled. Patient in Haverfordwest have home deliveries from pharmacy. If St Davids pharmacy cannot supply Solva patients then it is essential that pharmacy is opened again in Solva.

Screen Name Redacted

2/01/2023 09:59 AM

The whole family of 5 are registered with Solva and we all know and trust the staff.

Screen Name Redacted

2/01/2023 10:05 AM

If we lose any of the above, i do not drive and the bus services is not good.

Screen Name Redacted

2/01/2023 10:08 AM

Good staff.

Screen Name Redacted

2/01/2023 10:12 AM

**** service (various rooms available at the extending building) E.G Physiotherapy and post surgical care, minor skin surgery etc.

Screen Name Redacted

2/01/2023 10:13 AM

We need Solva surgery.

Screen Name Redacted

2/01/2023 10:15 AM

None.

Screen Name Redacted

2/01/2023 10:22 AM

Because i am autistic then my practice is well known to me and help me to adjust easily to changes in personal.

Screen Name Redacted

2/01/2023 10:25 AM

I do not think that i could ask for a better service with any other practice.

Screen Name Redacted

2/01/2023 10:32 AM

It would be such a shame to lose a vital thing with such a large number of patients.

Screen Name Redacted

2/01/2023 10:35 AM

Not very far from home, if you had to ask somebody to take you to the surgery.

Screen Name Redacted

2/01/2023 10:39 AM

Solva surgery is excellent, staff are always very helpful and efficient.

Screen Name Redacted

2/01/2023 10:55 AM

The dispensary is really important there.

Screen Name Redacted

2/01/2023 11:05 AM

We have been very lucky with our practice in Solva, which has delivered an excellent service in the 30 years that i have lived in Solva. It would be a shame to lose that.

Screen Name Redacted

2/01/2023 11:10 AM

Very sorry to see this important surgery being in this bad situation, where they cannot find a doctor to take over the practice.

Screen Name Redacted

2/01/2023 11:17 AM

The surgery has been an invaluable part of the village through the years.

Screen Name Redacted

2/01/2023 11:22 AM

I have no idea how we would cope as a community without the surgery.

Screen Name Redacted

2/01/2023 11:26 AM

It would be terrible for the community to lose the surgery.

Screen Name Redacted

2/01/2023 11:27 AM

Its an asset to this area community.

Screen Name Redacted

2/01/2023 11:30 AM

If Solva was to close, i would not be able to go further then St Davids.

Screen Name Redacted

2/01/2023 11:35 AM

Staff are friendly, professional and always helpful. Solva surgery has always acted in my best health interests.

Screen Name Redacted

2/01/2023 12:09 PM

The pharmacy is an important asset which should be kept at the practice.

Screen Name Redacted

I would prefer the surgery to be open.

2/01/2023 12:20 PM

Screen Name Redacted

2/01/2023 12:25 PM

Solva is/was a very good surgery and was a pleasure to be assigned to it. The pharmacy was an excellent addition.

Screen Name Redacted

2/01/2023 01:18 PM

A very sad time if the surgery has to close.

Screen Name Redacted

2/01/2023 01:28 PM

This surgery is essential to stay open. St Davids too far. Haverfordwest surgeries are already too busy. Solva surgery must stay with recruiting of a new doctors urgently ongoing.

Screen Name Redacted

2/01/2023 01:45 PM

Community care at its best, One stop Shop! Nurse, doctor, pharmacy which is very efficient for a disabled patient.

Screen Name Redacted

2/01/2023 02:15 PM

I have already applied to St Davids surgery for a transfer due to the above reasons.

Screen Name Redacted

2/01/2023 02:18 PM

I would like to remain within Solva surgery if possible. Excellent care by doctors and staff. St Davids 2nd choice, more sensible i suppose regarding nearer and my age at ninety six

Screen Name Redacted

2/01/2023 02:23 PM

Very nice building and plenty room for parking.

Screen Name Redacted

2/01/2023 02:25 PM

Keep this surgery open because i cannot travel anywhere else.

Screen Name Redacted

2/01/2023 02:36 PM

I think it could continue with the nursing staff and the pharmacy prescriptions with referrals to a doctor is needed. Or a Doctor in the surgery one or two days a week.

Screen Name Redacted

2/01/2023 02:52 PM

My greatest concern is dispensary of medication. Perhaps a pharmacist could be re-deployed from Withybush? t will be a nightmare to have to collect medication from St Davids (especially in the summer)

Screen Name Redacted

2/01/2023 02:54 PM

Solva surgery has always been a fantastically run surgery and all the staff are excellent. Will support any way possible to keep this surgery

open.

Screen Name Redacted

2/01/2023 02:57 PM

Our surgery is friendly and welcoming, great staff.

Screen Name Redacted

2/01/2023 03:07 PM

When i cant drive (which could be quite soon) I would be unable to walk to the surgery and so rely on help from another person.

Screen Name Redacted

2/01/2023 03:09 PM

Very good staff.

Screen Name Redacted

2/01/2023 03:22 PM

Caring for my husband as i do life would be very difficult to travel as i do not drive.

Screen Name Redacted

2/01/2023 03:24 PM

I have only recently registered at this practice.

Screen Name Redacted

2/01/2023 03:29 PM

Would like to have more diagnostic test at the GP rather than Hospital. Would like to be able to access advise on keeping well and health checks.

Screen Name Redacted

2/01/2023 04:11 PM

I have had nurses involvement in the past without needing a visit Withybush. I presume that this has not changed

Screen Name Redacted

2/01/2023 04:28 PM

very good service

Screen Name Redacted

2/01/2023 04:32 PM

I am an amputee (right Leg), with associated mobility difficulties. My wife has mobility difficulties how do we get access to repeat prescriptions?

Screen Name Redacted

2/01/2023 04:34 PM

it is imperative that Solva Surgery is kept open. Efforts should be made to find one or two GPs because being a rural area they are needed. please try to succeed in your search for GPs

Screen Name Redacted

2/01/2023 04:36 PM

keep solva surgery open

Screen Name Redacted

in such a remote rural area, we need (advanced) nurse Practitioners

2/01/2023 04:39 PM

who are more accessible on a same day basis.

Screen Name Redacted

2/01/2023 04:48 PM

after being with Solva surgery for over 40 years it will be very unsettling to lose their services

Screen Name Redacted

2/01/2023 04:50 PM

Screen Name Redacted

2/01/2023 04:52 PM

surgery staff are friendly and know us

Screen Name Redacted

2/01/2023 04:54 PM

there is no guarantee that the Surgeries in St Davids or Fishguard will not close in the future.

Screen Name Redacted

2/01/2023 04:57 PM

need to keep dispensary as not everyone can travel to Haverfordwest to pick up their medication. the other questions on the form are not relevant to saving GP practice.

Screen Name Redacted

2/01/2023 04:59 PM

a well designed purpose built surgery with space for all services

Screen Name Redacted

2/01/2023 05:03 PM

Solva Surgery has a first class record having been several times winners of best surgery in Pembs if not in Wales. I would be very upset if any staff lost their job or had to travel long distances. also the dispensary is a valuable asset. TO walk to collect is ideal.

Screen Name Redacted

2/01/2023 05:20 PM

I believe in keeping this practice is important for continuity and for the benefit of the community and its long standing staff who are always polite and helpful

Screen Name Redacted

2/01/2023 05:24 PM

keep solva surgery

Screen Name Redacted

2/01/2023 05:28 PM

I have always found Solva surgery to be the epitome of an organised efficient practice which runs as a team. Having the Pharmacy on site has meant easy and quick access to medications. the receptionists nurses and doctors know most of their patients extremely well and there is a wonderful rapport. it represents a shining example to all surgeries how things should be done.

Screen Name Redacted

2/01/2023 05:29 PM

I do hope Solva surgery remains open

Screen Name Redacted

2/01/2023 05:32 PM

efficient integrated healthcare delivery at Solva Surgery - very efficient triage system directs patient to appropriate staff but doctor appointment available same day if urgent.

Screen Name Redacted

2/01/2023 05:37 PM

Having repeat prescriptions and limited transport the need for a dispensary is essential. Solva has an ageing. public transport is insufficient

Screen Name Redacted

2/01/2023 05:40 PM

we are a village with a high percentage of elderly people and lots of people do not have cars. very important that we can all visit a GP without too much difficulty. We also need easy access to medications. also have to consider the huge visitors to solva - not a very good public transport service.

Screen Name Redacted

2/01/2023 05:46 PM

a rural practice for rural people where the phone is answered and the patients needs are heard but compassionate staff - who are local people too

Screen Name Redacted

2/01/2023 05:48 PM

the above is important to me because of my mental health. stability of care and surroundings is very important to keep anxiety levels down.

Screen Name Redacted

2/01/2023 05:50 PM

If possible, using the Surgery building for other health practitioners, using the facility already there ie mothers and babies or general help for the ageing population - often unable to drive

Screen Name Redacted

2/01/2023 09:53 PM

Please please do what you can to keep Solva surgery operating!

Screen Name Redacted

2/02/2023 07:03 AM

It is important to keep our local surgery

Screen Name Redacted

2/02/2023 08:40 AM

Hopefully we will get the same doctor attending the surgery and not some random doctor that does not know the patient and the patients are not talking to share.

Screen Name Redacted

I would like the practice to remain in Solva and it is important to

2/02/2023 08:43 AM

continue to look for an independent GP to take on the practice.

Screen Name Redacted

2/02/2023 08:50 AM

As i live in a rural location it is important to me that there i a rural GP practice- With preferably its own pharmacy. I will not be able to drive in to my greater years.

Screen Name Redacted

2/02/2023 09:00 AM

As a lot of the residents of the village are elderly. I feel it is necessary to have a surgery within the village, and also dispensing pharmacy.

Screen Name Redacted

2/02/2023 09:05 AM

It would be a great loss to the community should Solva surgery close, long may it continue.

Screen Name Redacted

2/02/2023 09:17 AM

It is vital to be able to have medicines prescribes and dispensed at the surgery.

Screen Name Redacted

2/02/2023 09:23 AM

Parking is easy and i usually combine visits to the surgery with a walk along the coastal path in valuable/ vital exercise. If we are forced to transfer to another surgery, will services/doctors/nurses there be enhanced to cope with extra numbers?

Screen Name Redacted

2/02/2023 09:27 AM

Brilliant Solva staff.

Screen Name Redacted

2/02/2023 09:30 AM

Solva Surgery is very important to the patients and the local community. It should definitely be kept open. Other surgeries are already swamped with too many patients.

Screen Name Redacted

2/02/2023 09:34 AM

It is ridiculous to contemplate closing Solva Surgery, other surgeries like Fishguard, Haverfordwest and St David's are already over run with too many patients and do not provide a well run service.

Screen Name Redacted

2/02/2023 09:44 AM

There are rumours that the GPs in St David's are retiring soon. If this is the case wouldn't it be unwise to transfer ?800 patients.

Screen Name Redacted

2/02/2023 09:45 AM

Would not like to loose Solva surgery.

Screen Name Redacted

I would prefer to stay at Solva Surgery - but if GPs etc are going to

2/02/2023 09:48 AM

continually change I cannot see how the service can be efficient and safe for patients especially when there is no continuity of care between GP and patient.

Screen Name Redacted

2/02/2023 09:51 AM

People in this area are mainly pensioners.

Screen Name Redacted

2/02/2023 09:53 AM

We definitely want to stay at Solva Surgery as the other options ie. St David's, Fishguard or Haverfordwest are already swamped with too many patients and people cant get appointments.

Screen Name Redacted

2/02/2023 09:54 AM

They always answer the phone! Pharmacy on site, good parking facilities and easy access.

Screen Name Redacted

2/02/2023 09:55 AM

The staff are lovely in the surgery, always helpful.

Screen Name Redacted

2/02/2023 10:00 AM

To date the care and services provided to me by Solva surgery have been efficient and professional, discharging with care and interest. I would like this to be maintained going forward.

Screen Name Redacted

2/02/2023 10:03 AM

Only that is so much for Solva to keep the surgery, its a lifeline for so many in the village who would otherwise struggle to travel to other GPs.

Screen Name Redacted

2/02/2023 10:08 AM

Keep Solva alive.

Screen Name Redacted

2/02/2023 10:13 AM

Following from above, i have monthly medications, i worry about how these will be provided monthly if we move to Haverfordwest/ Fishguard.

Screen Name Redacted

2/02/2023 10:22 AM

None

Screen Name Redacted

2/02/2023 10:29 AM

The nurse ***** my **** was lovely and caring and all the staff showed compassion and **** made me feel very safe and cared for. They are ***** most needed in our little visit.

Screen Name Redacted

2/02/2023 10:31 AM

No

Screen Name Redacted

2/02/2023 10:38 AM

Would prefer to keep Solva surgery as the treatment and communication with Dr and front line staff (Impeccable)

Screen Name Redacted

2/02/2023 10:40 AM

Local services needed as travel distance to far and will be to many **** so difficult to get appointment.

Screen Name Redacted

2/02/2023 10:42 AM

The surgery is used by all of the local community and would be a shame if we lost this facility.

Screen Name Redacted

2/02/2023 10:48 AM

Hope you find a new GP

Screen Name Redacted

2/02/2023 10:52 AM

The Pharmacy within the surgery should ne maintained.

Screen Name Redacted

2/02/2023 11:00 AM

Please don't close the surgery. Look at increasing services for patients, also increase support for GP services such as podiatry, SALT, orthoptics, physio. Buy-in Pharmacy/optometrist to increase revenue - make attractive to GPs.

Screen Name Redacted

2/02/2023 11:03 AM

Could the surgery be put to more use for the whole of the St Davids peninsula i.e used for smaller injury ETC to stop A&E getting clogged up.

Screen Name Redacted

2/02/2023 11:05 AM

Be innovative - use the urgery for additional services - physio, podiatry, SALT, orthoptics - see if WECS optometrist can provide emergency eye care for community (increase revenue). Location has excellent parking and off the main street/tourist area. What about macular degeneration clinic? Looking for rooms - need one sterile room - WGH has problems with rooms - look to community.

Screen Name Redacted

2/02/2023 11:07 AM

The building is really attractive with ample parking spaces for cars. This is very important.

Screen Name Redacted

2/02/2023 11:10 AM

I cant imagine what it would be like for us if Solva surgery failed to function. We are so dependent on the practice.

Screen Name Redacted

2/02/2023 11:14 AM

I hope this doesn't sound overly sentimental but I live isolated and alone. What little family I have live in Barry, Nairn and London and, since covid, have been unable to visit. Over the past 30+ years the staff at Solva surgery became my family. The care given to my late husband was second to none and they were incredibly supportive of me after his death. I will never forget the unexpected, but much-needed, hug on my first visit to the surgery after his death. I have never experienced this level of care and consideration at any other GP surgery where I was a patient. Solva surgery is a huge and important asset to the community and the staff are simply the best.

Screen Name Redacted

2/02/2023 11:12 AM

Look to change the model - use Associate Physicians, make outreach for physio, Podiatry, SALT, orthoptics etc - would increase revenue. Potentially St David's may view as a viable option. Keep Pharmacy - St David's is too busy in the summer.

Screen Name Redacted

2/02/2023 11:14 AM

Because i already live in St Davids it makes **** sense to register there. I am 88 years old and in future any find difficult travelling to Solva.

Screen Name Redacted

2/02/2023 11:19 AM

The surgery stance are second to none, super *** and will bend over backwards to help anyone out. Also they are all local people who live in or around Solva.

Screen Name Redacted

2/02/2023 11:22 AM

To physical see a doctor (not triage via phone) Later appointments for those working full time.

Screen Name Redacted

2/02/2023 11:25 AM

The practice would be a very sorry loss if allowed to close, for the patients and surrounding practices. They have a purpose-built modern building within a radius of the peninsula. Surely makes sense to retain this especially as there is plenty of care parking nearby. Not so in either Haverfordwest or St David's. Please try to use a health board surgery.

Screen Name Redacted

2/02/2023 11:24 AM

Village needs a surgery.

Screen Name Redacted

2/02/2023 11:33 AM

If the practice is lost entirely it will cause massive difficulties for those members of the community who do not have their own transport, the co-location of the GP practice and on-site pharmacy is particularly important in this context as remote alternative in St David's and/or

Haverfordwest are not a viable option.

Screen Name Redacted

2/02/2023 11:34 AM

Vital this service stays in Solva. Other areas too busy already.

Screen Name Redacted

2/02/2023 11:37 AM

We have been registered with this practice for 26 years which has cared for at least 3 generations of our family with a level of care I do not believe you would receive from a larger, oversubscribed town practice.

Screen Name Redacted

2/02/2023 11:38 AM

Important for the village to keep this service.

Screen Name Redacted

2/02/2023 11:41 AM

It would be good to know the reason why a GP has not been secured to take over the practice.

Screen Name Redacted

2/02/2023 11:41 AM

The erosion of our local services in terms of our health and wellbeing is a matter of great concern to all of us. The prospect of having to travel to a much larger practice further away from where we live is very daunting, especially as we are getting older and live in a rural location.

Screen Name Redacted

2/02/2023 11:44 AM

Other surgeries are quite a bit further away, fuel cost are rising. Solva surgery needs to be kept open.

Screen Name Redacted

2/02/2023 11:44 AM

Solva Surgery has consistently provided the above

Screen Name Redacted

2/02/2023 11:51 AM

I moved to the area 3.5 years ago and have been very impressed with the service provided by Solva Surgery.

Screen Name Redacted

2/02/2023 11:51 AM

Closure of Solva surgery is discriminatory to patients, especially those with mobility problems. Residents were assured that the surgery would disperse after the chemist shop moved to St Davids. This is being rearranged now. The village is expanding but with an aging population, bus services are not that consistent nor suitable for those with mobility problems. A&B must be turning in his grave, for shame Hywel Dda Health Board, letting old and young down .

Screen Name Redacted

2/02/2023 11:59 AM

Solva Surgery has all of the above.

Screen Name Redacted

2/02/2023 12:08 PM

Its very sad that replacement GPs cant be found for the surgery. I'm concerned about travelling long distances to a new GP and joining on already over stretched surgery making appointments difficult to get.

Screen Name Redacted

2/02/2023 12:10 PM

All the staff at the surgery are always very helpful.

Screen Name Redacted

2/02/2023 12:15 PM

I really value Solva surgery, the reception team are warm and professional.

Screen Name Redacted

2/02/2023 12:18 PM

Many elderly people in Solva can no longer drive.

Screen Name Redacted

2/02/2023 12:20 PM

The surgery needs to go back to running normal appointments, ie physical, see a doctor rather than triage (telephone consultations)

Screen Name Redacted

2/02/2023 12:21 PM

At a time when the NHS is trying to focus patients away from overstretched hospitals to community facilities, it is vital that this surgery with all its potential in that field is retained, invested in and even expanded. I appreciate the difficulty re GP recruitment, but with regard to Solva this is compounded by any prospective incumbent having to purchase accommodation and the surgery in one of the most expensive places in Wales. Some financial incentive should be offered eg. loan, help with mortgage, relocation costs

Screen Name Redacted

2/02/2023 12:23 PM

Will there be the same Dr based at Solva. Would it be easy to book a DR's appointment. How would the surgery be run if differently.

Screen Name Redacted

2/02/2023 12:24 PM

Online appointment making etc. Such as Patient access. Also for repeat prescriptions.

Screen Name Redacted

2/02/2023 12:26 PM

Screen Name Redacted

2/02/2023 12:36 PM

I have a sister who is housebound and living in Haverfordwest and I collect her prescriptions from various pharmacies in H'west which is an absolute shambles, they are unable to cope. St David's have

already said they cannot cope so where are we going to get prescriptions from. It is important to keep our practice and the dispensary.

Screen Name Redacted

2/02/2023 12:47 PM

I am sick and tired of rural communities being easy targets for cut backs and fight after fight for protecting services which we pay for! Older people are especially disenfranchised. Please be creative a 'think outside the box'. I would have preferred more space to have my say and broader questions so I felt consulted. Poor questionnaire.

Screen Name Redacted

2/02/2023 01:13 PM

The service this practice is excellent, receptionist and nurses are the best.

Screen Name Redacted

2/02/2023 01:15 PM

Most older people do not have transport to travel 12 miles.

Screen Name Redacted

2/02/2023 01:17 PM

If transfer is to be done would prefer St David's. Great service by all staff at Solva Surgery. Appointments or a phone call back are sorted. requesting monthly repeat prescription online is great and then to pick up from the Surgery.

Screen Name Redacted

2/02/2023 01:17 PM

Always have appointments when necessary and having the medication straight away.

Screen Name Redacted

2/02/2023 01:22 PM

If a transfer is to be done, would prefer St David's. Guttled about the news about Solva Surgery! have always been pleased at the service it provides and the receptionists are wonderful - you just have to give them your details and will advise when the doctor will ring you. Ordering repeat prescription online is great and just pick-up from the Surgery.

Screen Name Redacted

2/02/2023 01:24 PM

Solva surgery is a vital part of the local t community and do a great job providing services and looking after their patients and for me being able to get my life saving prescription without having to worry about how to pick it up, id vital service i could not do without.

Screen Name Redacted

Screen Name Redacted

2/02/2023 01:31 PM

It is a very personal and tidy clean surgery and has the advantages of having a pharmacy.

Screen Name Redacted

2/02/2023 01:35 PM

The pharmacy in Solva surgery is so efficient compared to other surgeries in the area. Patients waiting up to 3 hours for prescriptions alone.

Screen Name Redacted

2/02/2023 01:41 PM

We need more services within our existing GP surgery, there is an opportunity for additional health care practitioners.

Screen Name Redacted

2/02/2023 01:44 PM

Pembrokeshire population is growing and has a high proportion of elderly and disabled people. As we go, we have a greater need for a surgery which is close by and is staffed by professionals with whom we are familiar. the loss of Solva Surgery would be a great blow to the community.

Screen Name Redacted

2/02/2023 01:50 PM

Population is growing and it is important that we keep the surgery open. Nursing staff very good and always there to help.

Screen Name Redacted

2/02/2023 01:53 PM

Solva Surgery meets my needs very well.

Screen Name Redacted

2/02/2023 01:58 PM

Having the pharmacy at the surgery is particularly helpful.

Screen Name Redacted

2/02/2023 02:00 PM

Should the pharmacy and practice closes. It would see untold hand ** for all patients in a large area of Pembrokeshire.

Screen Name Redacted

2/02/2023 02:05 PM

It would be important to be able to have continuity. The service at Solva surgery to date have been very good.

Screen Name Redacted

2/02/2023 02:09 PM

The building in Solva is easily accessible to all. We live 4 miles from the surgery and we need parking space for the car. It is vital for the elderly to be able to park and attend the surgery.

Screen Name Redacted

2/02/2023 02:14 PM

When looking for doctors to work at this practice from outside of Wales are they required to learn the Welsh language as part of the condition of taking up post? Or even those non Welsh speakers within Wales? Could be a problem when trying to recruit doctors.

Screen Name Redacted

2/02/2023 02:21 PM

The staff have a wealth of experience and have won various awards and should also count in any decision that is made. If the practice is closed it will cause considerable hard. The majority of patients using the practice.

Screen Name Redacted

2/02/2023 02:31 PM

I feel it is important that any health staff I encounter are kind and understanding as well as up to date and professional. We have been used to a very high standard of care from Solva Surgery and would like this to continue.

Screen Name Redacted

2/02/2023 02:33 PM

The solva practice has been running since i was a child and i am now 50. It is a fantastic part of the community and has had wonderful doctors over the years, please so all you can to keep it running.

Screen Name Redacted

2/02/2023 02:37 PM

It will be really difficult for me in particular if the practice loses, as with my current heart problems, find it necessary to use their excellent services on a regular basis.

Screen Name Redacted

2/02/2023 02:41 PM

being a member of a community practice , it is imperative that services are provided locally . The services by staff to date have been perfect and should be built on for the community that they serve.

Screen Name Redacted

2/02/2023 02:41 PM

Nice surgery

Screen Name Redacted

2/02/2023 02:46 PM

If no doctors could we not have a clinic with nurses and a pharmacy that sells medicine and drugs?

Screen Name Redacted

2/02/2023 02:46 PM

Alzheimer's/ Dementia/Housebound, initially joined Solva surgery (1996) as best reputation, but no longer workable.

Screen Name Redacted

2/02/2023 02:49 PM

I would want the option to change GP practice if my registration is transferred to another practice.

Screen Name Redacted

2/02/2023 02:55 PM

The local facility is useful but should not compromise quality of care.

Screen Name Redacted

2/02/2023 02:56 PM

Solva Surgery has always been excellent with every service they provide for the community. Dreadful to lose it. The community is large.

Screen Name Redacted

2/02/2023 03:01 PM

It would be so helpful if there were regular clinics E.G Dentist, optical, chiropractor, counsellor, mental health, grief counselling, ante natal and infant clinic. I would be happy to pay a fee perhaps £25.00 per session more would be unaffordable for some. There may be a retired professionals in the local community who could afford these services, part time, low fees or volunteer.

Screen Name Redacted

2/02/2023 03:02 PM

It's going to be a great loss if the dispensary closes as it is so good being able to get my meds here. I always get my medication on time. All in all the whole Solva Surgery team are amazing. We really need help to keep it open.

Screen Name Redacted

2/02/2023 03:07 PM

Moving patients to other surgeries will put extra strain on those surgeries. More patients means longer waiting times for appointments with travelling costs constantly rising, moving to another surgery will be an extra burden.

Screen Name Redacted

2/02/2023 03:10 PM

I have been a patient of Solva Surgery for 24 years and have never left the practice unsatisfied. Having an on-site dispensary is a huge asset to the Surgery and has been essential part of care for my elderly grandparents. This service can be very under-appreciated by those who do not have mobility issues. It is clear that each member of staff care about their patients and shows with the amazing service they provide. I can confidently say that I would not receive the same high standard of care in any other practice than I have received in the past 24 years.

Screen Name Redacted

2/02/2023 03:12 PM

Able to see a Dr and nurse when needed if emergency that day.

Screen Name Redacted

2/02/2023 03:16 PM

Relocating to another surgery where there is no adequate parking (St David's) or a long way away (Fishguard) or hasn't a good reputation (Haverfordwest) would be stressful - and aren't these alternative services already stretched?

Screen Name Redacted

2/02/2023 03:19 PM

I say again, we have to have access to a surgery in Solva.

Screen Name Redacted

2/02/2023 03:19 PM

Why close the surgery when we have a purpose built one in the village. It was voted the best surgery before the pandemic and at last we are getting back to normal. When you can see a doctor Face to Face at last. There is nothing like an appointment with a human being.

Screen Name Redacted

2/02/2023 03:27 PM

It would be good if the present staff remained in Solva Surgery if they are willing. They are always friendly and helpful.

It would be good if the present staff remained in Solva Surgery if they are willing. they are always friendly and helpful.

Screen Name Redacted

2/02/2023 03:35 PM

I agree we could take our prescriptions to a local chemist to lessen the workload. But to suggest registering with another practice is just not an option either at Haverfordwest or any other local surgeries as they themselves are at capacity and I feel a local GP is vital to be approachable to be known to patients at face to face consultations rather than remote phone call type meetings and the fact that Solva Practice covers a large wide area.

Screen Name Redacted

2/02/2023 03:37 PM

The loss of the surgery at Solva including the pharmacy element would significantly affect my well being.

Keep the Solva Surgery Pharmacy.

Screen Name Redacted

2/02/2023 03:55 PM

I have been with Solva Surgery since I moved to Pembrokeshire in 1985. And would like to stay with them. They have always been friendly, easy to talk to.

Screen Name Redacted

2/02/2023 03:56 PM

I would have preferred to stay at Solva but understand that there would no longer be pharmacy services under new regime.

Screen Name Redacted

2/02/2023 03:58 PM

Staff need to keep their jobs, also knowledge of patients is priceless - gained over many years of loyal service.

Screen Name Redacted

2/02/2023 03:59 PM

Surley a doctor could be enticed to the post in the area if an attractive enough financially package was put together.

Screen Name Redacted

2/02/2023 04:02 PM

Would add that it is noticeable that the surgery is very well run.

Screen Name Redacted

2/02/2023 04:06 PM

Good opening hours, not too difficult to get help.

Screen Name Redacted

2/02/2023 06:45 PM

Solva Surgery is extremely accessible (both parking and building) for elderly, infirm, disabled. Access to St David's would be very difficult for my mother, for example - she is very elderly, cannot walk any distance and any appointments other than surgery in Solva require a driver to drop off then park and a companion to assist mobility. Solva staff are excellent, helping with doors, easiest routes etc. It is also frequently attended by visitors in season, who will likely otherwise use A&E. Loss of the pharmacy facility is a backward step, reducing not improving services - patients in urgent need of medicine may well be too ill to travel to St Davids or Haverfordwest (assuming they have the means to get there anyway), but a scrip is usually ready when you leave the surgery. Community pharmacies are not, in my experience, places in which I would care to discuss anything beyond a common cold. The Surgery could and should be the focus for developing better wellbeing, preventative care as well as reactive care, working in tandem with groups such as Solva Care, health visitors, District nurses etc. The building is made for purpose and it would be so sad to lose this essential service from the community.

Screen Name Redacted

2/02/2023 07:06 PM

A lot of patients will drive to the surgery because it serves a rural community also elderly people may well drive even if they live close by. There is a big difference between driving 5-10 mins to the local surgery and 20 - 30 to Haverfordwest or Fishguard, more so for older people or those relying on neighbors or family to transport them. We assist 2 lots of elderly parents registered at Solva and spend a significant amount of our time taking time off work to attend the surgery with them. It would be a great loss to the community if the surgery was to close.

Local

Screen Name Redacted

2/02/2023 08:43 PM

This practise is an important part of this area in the county, without it some patients may need to transfer to other practices which especially Haverfordwest area are already massively stretched.

Screen Name Redacted

2/02/2023 10:32 PM

Securing appropriately qualified staff in the West Wales area has been, and will continue to be challenging. Could medical staff be contracted from other areas of the UK to provide some remote/online/telehealth consultations? This may mean the practice could function with other support services such as nurses, advanced paramedics, physios and other clinicians without the need for a GP to relocate immediately. Being a practice that offers training for registrars etc is also really important to attract new, younger healthcare professionals. Good luck!

Screen Name Redacted

2/02/2023 11:25 PM

I hope it's going to stay in Solva and that the service will be improved for the future.

Screen Name Redacted

2/03/2023 08:32 AM

Solva Surgery is a vital part of the village and the wider rural community. With an ageing population within the village and wider community and only one other surgery within easy reach (St David's which is currently not accepting new patients) I feel that Solva Surgery is a service that cannot be dispensed of.

Screen Name Redacted

2/03/2023 08:50 AM

The health authority to purchase the surgery building. This would attract GPs as they would not need to buy in to practice. Also surgery to offer other medical services and be a central health hub.

Screen Name Redacted

Essential that a local practice is a personal service.

Screen Name Redacted

Screen Name Redacted

2/03/2023 09:01 AM

Ease of parking, dispensary in the building, excellent staff, always available. Caring doctors and nurses.

Screen Name Redacted

What happens if Solva closes and no other Practices are willing to take us on. I hope Solva Surgery will stay open

Screen Name Redacted

2/03/2023 09:06 AM

Solva has an elderly practice population. It is rural with a huge attraction for the holiday trade. The surgery has been a very important part of this community for decades, coping with everything through all the changes that the NHS has put upon us. The surgery needs to continue with some sort of dispensary as the nearest chemist will not cope.

Screen Name Redacted

2/03/2023 09:06 AM

If I have to travel by bus or car to the gp surgery, it will take away my independence of address health problems. Limiting my time available to make appointments. Meaning I'm less likely to see my doctor and more likely to ignore health issues.

Screen Name Redacted

2/03/2023 09:07 AM

I've heard that St Davies practice is not able to take on anymore patients, also that Fishguard is full

Screen Name Redacted

2/03/2023 09:09 AM

Solva surgery is a big part of the local community. They do a great job looking after their patient. The local community would be devastated without it.

Screen Name Redacted

2/03/2023 09:11 AM

the loss of Roch stores and post office has already hit the community, as prescriptions were delivered locally. Closure of the Solva Practice would further disrupt access to local facilities. all ages of patients would be further inconvenienced

Screen Name Redacted

2/03/2023 09:13 AM

Keep the wonderful surgery open.

Screen Name Redacted

2/03/2023 09:15 AM

This is an opportunity for you to provide more on site facilities such as Physio, Chiropractor, small surgical procedures. Possible x ray facilities. This would help hospitals to concentrate on more urgent complicated matters.

Screen Name Redacted

2/03/2023 09:19 AM

Solva needs a GP surgery with all its other facilities. It is accessible by care and bus unlike Haverfordwest Practices which involve dealing with more traffic, parking issues and unaccusable by bus. also being a busy tourist area a GP surgery is veyr necessary.

Screen Name Redacted

Screen Name Redacted

2/03/2023 09:28 AM

we used to do B&B and run a small campsite and occasionally needed medical help for a visitor. Solva Surgery has always been there to help. in such a busy peninsular in holiday time we cannot afford to lose another Surgery in Pembs. Our area is one of the busiest.

Screen Name Redacted

2/03/2023 09:39 AM

Screen Name Redacted

2/03/2023 09:48 AM

a GP Surgery in Solva is essential for the local community - as well as the vast numbers of tourists who visit each year. The on site Pharmacy is essential so as not to overwhelm the Pharmacy in St David. The Building facilities and parking at Solva Surgery are ideal for a GP surgery to continue there - with the potential to expand on existing services E.g minor procedures therapists and district nurses. No need to alter current facilities. Locum GPs have previously been valuable to the practice but from a patient perspective the frequency of change can be difficult when managing ongoing health concerns.

Screen Name Redacted

Screen Name Redacted

2/03/2023 11:03 AM

I have been a patient at Solva for 13 years. Although there have been many changes in personnel, the staff have always been friendly professional and there when i needed help. it is a tremendous resource for the community and it would be a tragedy if it closed. Transferring to St David surgery would involve a 6 mile round trip together with difficult parking especially during holidays

Screen Name Redacted

2/03/2023 11:11 AM

We need at least 2 resident GPs weekly. How can 1 GP manage, which i think is how things have been. No one person should work at that level of care. If the Health Board can appoint staff until a resolution is found. Surely there must be new GPs that could take over the surgery, but aided financially by the Health Boards.

Screen Name Redacted

2/03/2023 11:52 AM

Very recently (16/1/23) I have been prevented from driving on medical grounds. This has made the provision of available GPS much more important for me. I can walk to Solva Surgery - it means a lot to me to have that independence as well. Also I Solva care and know that it applies to lots of others

Screen Name Redacted

We are able to get to the current practice by using bus or car as it is 3 miles from us. A lot of contact with the practice has been by phone and this has worked for us. However whenever needed we have been able to see the GP or nurse. The practice is well led and there is an excellent team. We would much prefer a local solution. A dispersal is likely to cause more problems that it solves.

Keep the surgery operating as it is very difficult to reach other health services due to complete lack of local bus service. In addition the staff are efficient and sympathetic and very helpful.

Screen Name Redacted

2/03/2023 12:04 PM

having had to transport elderly grandparents to regular appointments, close proximity of surgery is very important with parking and wheelchair access together with helpful nurses and staff

I have long term medical problems and would struggle if forced to move Surgery at my age. I do not find it easy to explain to stranger

Screen Name Redacted

2/03/2023 12:10 PM

Please, please keep this practice open, and other surgeries could learn a lot from how Solva is run..

Screen Name Redacted

2/03/2023 12:13 PM

Would like to see more P***** health care than *****

Screen Name Redacted

2/03/2023 12:19 PM

I'm concerned we have 2 options only - moving to another practice or presumably - expensive Locums. Surely there is another way. Could a doctor visit Solva 1 or 2 days a week and do virtual consultations with prescriptions issued from the surgery? I believe there are such model elsewhere in the country

Screen Name Redacted

2/03/2023 12:19 PM

Screening service, blood testing, asthma, screening/advice. Health checks also available at the surgery (much as present) More emphasis on providing information on prevention and non-medicine based treatment rather than "Quick Fix" Prescribing of drugs (E&G;G Breath work Practice Info For Asthma Sufferers)

Personally I worry that a move to St davids would mean that practice would become oversubscribed and thus less effective.

Screen Name Redacted

A few years ago Solva surgery was votes the best GP practice.
Obviously would hope it continues at the same standards.

Screen Name Redacted

the loss of this essential facility will cause hardship and greatly affect
peoples well-being

Screen Name Redacted

2/03/2023 01:11 PM

we are very fortunate to have such a dedicated team at Solva, most

concern regarding losing out GP facility.

Screen Name Redacted

2/03/2023 01:16 PM

It is upsetting to hear about the surgery and I'm also concerned about
the wonderful staff that work there.

Screen Name Redacted

2/03/2023 01:16 PM

Solva Surgery as a facility / resource is ideally place to be a
wellbeing centre (such as proposed for Fishguard) diverted funds
could spearhead an integrated health and social care facility with
preventative care at the heart of the functions. This could be an
opportunity for an innovative joint care provision between HDUHB,
PCC, community and the third sector independent care providers
such as chiropractors.

Screen Name Redacted

My husband and i have been patients of Solva surgery for 25 years and have always received wonderful care from all the staff. I look upon the practice as my Solva family.

Screen Name Redacted

2/03/2023 01:29 PM

The Solva team is excellent, Profession and caring. A dedicated group, greatly worth keeping. Please find a new GP head of service for this community. THANK YOU.

Screen Name Redacted

2/03/2023 01:31 PM

IT would be such a shame if Solva Surgery closed. I feel it would also add more pressure to the doctors in the surrounding areas and you are not going to be appointments as easily which will affect peoples health. I am led to believe other surgeries are hard to get appointments to due having to ring up at 8am to get a same day appointment rather than booking in advance

Screen Name Redacted

2/03/2023 01:34 PM

I really don't know what the people of Solva and the surrounding area would do without the surgery. There are a lot of old people who probably couldn't get to town as easily and I'm sure other doctors are already busy enough. I know I rely greatly on the service provided.

Screen Name Redacted

2/03/2023 01:36 PM

Lovely Staff and always able to get an appointment

Screen Name Redacted

2/03/2023 01:36 PM

The practice currently does not communicate what is there *** services is requested wrong way round. In efficient use if technology for ***** of information and initial assessment. The area is special with an enthusiastic population who do need support. We need this surgery as a health hub.

Screen Name Redacted

2/03/2023 01:39 PM

other than this is very worrying I dont know what else to say

Screen Name Redacted

2/03/2023 01:41 PM

To lose the surgery in Solva would be a massive blow to the community and deprived many who live in and around the area.

Screen Name Redacted

2/03/2023 01:41 PM

need to be kept open at all costs for the community

Screen Name Redacted

2/03/2023 01:43 PM

Solva surgery is very good one all staff are very helpful there they do the best.

Screen Name Redacted

2/03/2023 01:45 PM

I want the surgery to stay open. it is essential for the local community

Screen Name Redacted

2/03/2023 01:49 PM

There has been no confidence for our care lately and wellbeing is paramount to ensure we locals are cared for in a permanent basis Solva needs to have a dependant surgery.

Screen Name Redacted

2/03/2023 01:49 PM

keep it open its a vital need/service in our community and has been for years

Screen Name Redacted

2/03/2023 01:52 PM

Please do not shut it

Screen Name Redacted

2/03/2023 01:54 PM

Excellent practice, would like it to continue in the same way. Closure would grossly overload other practices in the area. Essential to keep it open with locums until permanent doctor can be found.

Screen Name Redacted

2/03/2023 02:03 PM

I am very happy with the service provided currently in Solva, especially with the adjoining pharmacy. The entire staff are friendly, efficient and provide excellent service within our community.

Screen Name Redacted

2/03/2023 02:03 PM

Solva Surgery is not just part of the community the staff are very helpful your not just a number your a human being so your treated with care and compassion

Screen Name Redacted

2/03/2023 02:06 PM

I feel the type of facility is invaluable to me and all local residents who do not want to attend large impersonal practices

Screen Name Redacted

2/03/2023 02:09 PM

Having a doctor who knows patients personally, not just a file.

Screen Name Redacted

2/03/2023 02:12 PM

It would appear that few practitioners want the responsibility of running what is effectively a 'business'. A new model must be created to take the business management off the should of the practitioner. the proposed '4 wand' projection incorporating Solva Wand is the perfect vehicle to pioneer this model

As a patient of Solva surgery, i have been fortunate to have excellent service form the surgery. Not only from GPs and nurses but also from receptionist staff, who have always been helpful, caring and compassionate towards patients.

Screen Name Redacted

2/03/2023 02:16 PM

at present prescriptions are supplied to patients by the surgery Pharmacy. for the convenience of patients who live at some distance from Solva, medicines have been sent to Roch shop for collection, and I hope some similar arrangement will continue.

Screen Name Redacted

2/03/2023 02:18 PM

The closure of Solva makes me feel incredibly unstable and gives me an uneasy feeling. Even just the thought of changing doctors is giving me panic attacks.

Screen Name Redacted

2/03/2023 02:20 PM

I have been lucky t have experienced excellent service form the surgery not only from GPs and nurses but also from receptionist staff who have been helpful, caring and compassionate towards patients.

2/03/2023 02:23 PM

what can be done to put right the unbelievable political blindness that has brought about this shortage of GPS. This is not a new thing it has evolved over several decades. The last 3 doctor changes have had similar problems. The Solva surgery is a purpose built building perfectly sited in the heart of the village with good parking ect. a dedicated team of nurses and Admin staff who offer unbeatable primary care to everyone in the area. To lose all that is just not an option.

Screen Name Redacted

2/03/2023 02:23 PM

Very essential service, excellent over the years.

Screen Name Redacted

2/03/2023 02:28 PM

please please please do not shut our surgery. A GP practice is so much more than a GP itself. the Team at Solva surgery are exactly that - a team. They work closely together and information is given well. As a full time carer their compassion and understanding has been invaluable. they know my situation and have helped so much whilst i have had to deal with some awful situations. To find myself having to start all over fills me with dread.

Screen Name Redacted

This feels like a rushed, last-minute response to a situation that has

2/03/2023 02:35 PM

been predictable for years. A long term plan is needed for primary care for residents of the St Davids peninsula. Transferring Solva patients to St Davids practice does not seem reasonable without significant investment in additional staff & surgery premises, parking etc.

Screen Name Redacted

2/03/2023 02:34 PM

The Surgery and services available are integral part of the community and easily accessible by the ageing population. I have previously received minor surgical treatment, acupuncture, physiotherapy and emergency injury treatment at the surgery under previous GPs and would value services such as these being available again to increased the wider wellbeing offer available to the community and ease pressure on other central services. Solva is a vibrant multiskilled community within St David's peninsular with a number of potential innovative partnerships opportunities to enhance the services of the surgery

Screen Name Redacted

2/03/2023 03:10 PM

this is a wonderful opportunity to improve the level of service

Screen Name Redacted

2/03/2023 03:12 PM

I am able to park outside surgery in car park. Can pick up prescriptions from surgery . Very helpful staff

Screen Name Redacted

2/03/2023 03:41 PM

I agree with the suggestion that Solva Surgery could be used as a community hub with local clinics to save travel to Worthybush or Glangwili Preventative healthcare, physio, optician, minor surgery, Cryo ect. There are many possibilities of the premises are retained. Doctors, practitioners, physiotherapists podiatrists etc could possible come weekly or monthly to fulfil these services.

Screen Name Redacted

2/03/2023 03:44 PM

We live in a rural area with limited transport links to St Davids. If GP services and dispenses are to relocate these will be really hard journeys for some residents, if not impossible to maintain their health

Screen Name Redacted

2/03/2023 03:44 PM

I feel it would be an absolute travesty to close Solva surgery. It is heavily values upon by an aging community who might not have the heart to travel elsewhere. It is the Dr surgery i know and i hope that it stays that way for many years to come.

Screen Name Redacted

2/03/2023 03:46 PM

Our community far and wide need this practice to continue for the health of all its patients.

Screen Name Redacted

2/03/2023 03:48 PM

Location is ideal. Can Park outside and pick up prescriptions. Staff are helpful. Hope they can stay open and staff keep their jobs

Screen Name Redacted

2/03/2023 03:50 PM

I would like to see the dispensary retained.

Screen Name Redacted

2/03/2023 03:51 PM

If we have to go further to another GP practice and the hospital is in the future is going to be further away. I don't think we stand much of a chance if we was taken ill

Screen Name Redacted

2/03/2023 03:55 PM

The surgery has always provided service above and beyond.

Screen Name Redacted

2/03/2023 03:55 PM

It is perfect surgery - can park outside and pick up prescriptions. Staff are helpful, I was very disappointed to receive a letter about it possible closing. - i really hope it can stay open and the staff keep their jobs.

Screen Name Redacted

2/03/2023 03:58 PM

Solva has for many many years had its own Drs surgery in the village. As a large number of elderly patients live in the village, it is essential our surgery and dispensary remain open.

Screen Name Redacted

2/03/2023 04:00 PM

Dispersal of patients to other practices is NOT an option for many in this area. It would add extra time and cost for travelling, it would add stress to existing practices and GPs increasing their work load and having a negative effect on GP/ patient appointments. It would not improve the present situation in these matters. Furthermore it would not be compliant with the Welsh government 'zero carbon' policy which tried to reduce car use by individuals. Such an option is not part of any joined thinking or indeed comply with the requirements of the ;well-being of future generations act 2015. Read these documents.

Screen Name Redacted

2/03/2023 04:02 PM

As there is no public transport in our area it is close enough to access by car.

Screen Name Redacted 2/03/2023 04:22 PM	It is difficult to understand why Solva, a thriving village with church, chapels, playing field excellent shops and post office beautiful and wonderful scenery plus being chosen by the Time and Daily telegraph as one of the best villages to live cannot support a GP surgery
Screen Name Redacted 2/03/2023 04:23 PM	must be kept open

it is a bonus to use a practice where most of the healthcare staff know you by sight, but i feel this also saves a lot of administrative time as previous history and interactions are known

Screen Name Redacted

2/03/2023 04:52 PM

Very essential service excellent service for many years

Screen Name Redacted

2/03/2023 04:57 PM

It is madness to consider closing the surgery. Everyone know each other, it is friendly. The building is purpose built, pretty new located amongst the highest population area of the village. IT has car parking Unlike St Davids. It has a dispensary Keep it open there must be a GP prepared to take it on.

Screen Name Redacted

2/03/2023 06:35 PM

Access to see a doctor close to home. It is also important to be able to access appointments with nurses, for both routine and urgent appointments, supported by an excellent admin team and dispensary.

Screen Name Redacted

2/03/2023 06:43 PM

I am fortunate to be able to drive, having to travel out of area would costs a fortune in taxis. Buses don't run frequently so everyone would be trying to book an appointment around the same time.

Screen Name Redacted

2/03/2023 08:14 PM

It's a great surgery, can park outside, pick up prescriptions there, staff are so helpful. Hope it stays open, hear other surgeries are nightmares :(

Screen Name Redacted

2/03/2023 08:25 PM

Appreciate this consultation is a statutory requirement consultation but the useful information in this is very limited for us as patients to give any meaningful response. It does however provide the opportunity for the health board to collect significant demographic data of the patient population, which should already be understood by the health board from the patient records. I'm resigned to the fact that the surgery will close, no matter how strong the social value justification is to keep it and this is just a tick box exercise to say we've been 'consulted'

Screen Name Redacted

2/03/2023 08:17 PM

It's a great surgery, collect prescriptions there, staff are helpful, able to park outside. Hope it stays open.

Screen Name Redacted

Very good surgery - can park outside, pick up prescriptions, staff helpful

Screen Name Redacted

2/04/2023 05:40 AM

Solva surgery is a purpose made surgery and if dissolved into neighbouring practices it will be gone forever which is not sustainable with population growth, response times and potential carbon footprint of patients having to travel further (H-west A&E for example) to receive treatment, examinations etc which I also understand may be relocated further away to exacerbate the situation.

Screen Name Redacted

2/04/2023 08:27 AM

Yes If you close Solva surgery you would causing an even bigger issue for other surgeries in Pembrokeshire who are stretched already And withybush hospital And I hope NHS in Pembrokeshire could live with guilt of a lot more dead people who probably would live if Solva surgery would stay open

Screen Name Redacted

2/04/2023 10:56 AM

I don't think it's a good idea for the Solva Surgery patient list to be shared among other Practices, as their lists may already be full and they would struggle to absorb extra patients - which could downgrade the care they are already providing to their own patients

Screen Name Redacted

2/04/2023 09:56 PM

Please don't close the surgery

Screen Name Redacted

2/04/2023 11:27 PM

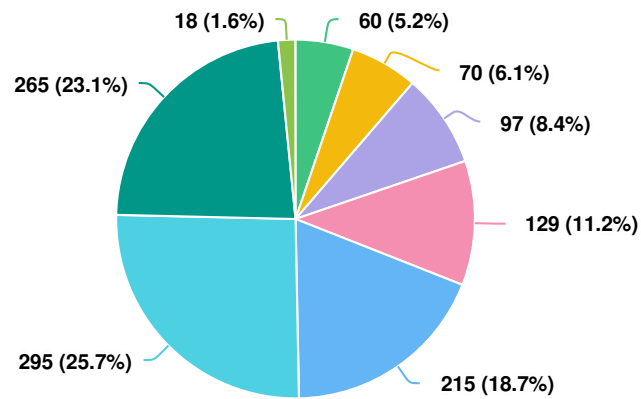

It would be terrible if Solva Surgery were to close. There is no acceptable alternative for me. Parking is a major issue. The car park is one of the things that makes Solva so good. It would cause me great stress if I were to be relocated. Neither Fishguard Health Centre nor St Davids Surgery has its own dedicated car park. Both Fishguard and St Davids become very busy, particularly in the holiday months. Parking would also be an issue in my accessing repeat prescriptions. St Davids, Fishguard and Goodwick pharmacies all pose serious parking difficulties too. Continuity and quality of care is very important for patients and would be affected if we were dispersed elsewhere. In Dec 2022 St Davids surgery stated it was finding it more and more difficult to provide a sustainable service to their patients because of

the increasing number of patients wishing to register with it. In a practice the size of Fishguard - with 10,000 plus patients and 7 or 8 doctors - the continuity of seeing the same doctor is not guaranteed. I urge the Health Board to take over the running of Solva Surgery as a managed practice.
